Of Blood and Bones Kate Freuler, 2020 Shadow magick occupies a critical role in the rich history of witchcraft, and it continues to draw strong interest from contemporary practitioners despite the limited information that is available. This book explores misunderstood topics such as ethically collecting and using animal parts and bones, blood magick, dark moon energy, hexing, scrying, dark deities, graveyard dirt, spells to assist the crossing of a dying loved one, and much more. With a strong focus on ethics, author Kate Freuler provides much-needed information and hands-on techniques to help you strengthen your life, connect to nature, protect yourself (and your kith and kin), and know yourself in a deep way.
