Changing Lanes A. Marie, 2021-01-21 This is Creekwood? Beckett My home. A place to shine just bright enough. Where my makeshift family and I not only strengthened our bond but readjusted it to fit another. I've been coasting in this lane for years, biding my time, and making myself easily accessible. I don't move for others-ever. I don't have to. They go around me, hopefully without chancing too good a look on their way past. After all, people can't see what you keep hidden. Until she showed up. Paige My new apartment. Somewhere for me to lay my head between chasing what really matters. Who really matters. I've brought enough baggage to fill every inch of this place but I'm not the only one. Someone else's closet has skeletons too. Skeletons that only come out at night, when nobody's watching. Nobody but me. And my new roommate, the one with the arctic blue eyes that see more than he lets on, thinks him suddenly being in my path is all fun and games, but I'm not the one afraid of changing lanes, and when I do, he'll be the one working to keep up. If he even can.

Changing Lanes Discreet Cover A. Marie, 2023-11-22 She just moved in with two biker roommates. One already wants her gone. Too bad for him, she rides too, and she's just as fast... Maybe even faster.

Red Chronicles Kendrai Meeks, 2020-05-07 I wasn't supposed to fall in love with a werewolf, but he wasn't supposed to break my heart. But he did, and I can either wallow in misery for the rest of my life, or accept that being named after Little Red doesn't mean I have to remake all her mistakes. There's a world out there that doesn't know anything about fated mates, ancient vampire bloodlines, or hoods who magically control silver and have a permanent stick up their butts. (Or at least, the ones in my family do.) A world where I'm not constantly harangued by my mother to finally become the wolf watcher I was born to be and assume my rightful place at her side. And it's a world I'm growing to love, with its quirky humans, awesome Thai dumplings, and total lack of lupines... until the night an English werewolf shows up out of the blue and saves my life. All Tobias Somfield wants in return is a little help to track down some vampires. Only, what we discover when we do opens up our eyes to an entirely different kind of destiny. One that was laid down centuries ago when a warrior in a red hood and the alpha werewolf who loved her betrayed their own kind, creating enemies across the entire supernatural world in the process. Or was that really what happened at all, and will the truth, once revealed, save us or lead to our doom? And can we find some great kebabs some where along the way? The Red Chronicles is a mythpunked urban fantasy series spiked with comedy, mystery, and yes, a little romance along the way. Fur up and fly along!

Hurricane Jewell Parker Rhodes, 2011-04-12 In the stunning conclusion to award-winning author Jewell Parker Rhodes's mystery trilogy begun in *Voodoo Dreams* and *Moon, Dr. Marie Lavant*, descendent of Voodoo queen Marie Laveau, must confront a murderous evil in New Orleans. Dr. Marie Levant aka Leveau, great-great granddaughter of Marie Laveau, has achieved fame and notoriety for saving New Orleans from the wrath of a vampire. Now she's taking a break from the city, heading up the highway to DeLaire. She doesn't know this backwater town, but an elderly woman called Nana has been expecting Marie to arrive and save her and others in this God-forsaken place from sickness and death. Yet all of Marie's powers can't bring life back to the corpses she finds in a house by the road. Nor can she force those who know how they died to say so or to confess. Were the crimes committed by shape-shifters, vampires, and ghosts—or by living men and women? And even as Marie searches for answers, a hurricane threatens to break the levees of Louisiana and cause unimaginable destruction. Jewell Parker Rhodes blends magic and man-made evil and weaves New Orleans's past and present into a spine-

tingling mystery that is masterfully crafted and deeply haunting.
