

Everything All At Once

Clemens Wendtner

Everything All at Once Bill Nye, 2018-11-20 In the New York Times bestseller *Everything All at Once*, Bill Nye shows you how thinking like a nerd is the key to changing yourself and the world around you. Everyone has an inner nerd just waiting to be awakened by the right passion. In *Everything All at Once*, Bill Nye will help you find yours. With his call to arms, he wants you to examine every detail of the most difficult problems that look unsolvable—that is, until you find the solution. Bill shows you how to develop critical thinking skills and create change, using his “everything all at once” approach that leaves no stone unturned. Whether addressing climate change, the future of our society as a whole, or personal success, or stripping away the mystery of fire walking, there are certain strategies that get results: looking at the world with relentless curiosity, being driven by a desire for a better future, and being willing to take the actions needed to make change happen. He shares how he came to create this approach—starting with his Boy Scout training (it turns out that a practical understanding of science and engineering is immensely helpful in a capsizing canoe) and moving through the lessons he learned as a full-time engineer at Boeing, a stand-up comedian, CEO of The Planetary Society, and, of course, as Bill Nye The Science Guy. This is the story of how Bill Nye became Bill Nye and how he became a champion of change and an advocate of science. It’s how he became The Science Guy. Bill teaches us that we have the power to make real change. Join him in... dare we say it... changing the world.

Abortion Jessica Valenti, 2024-10-01 NEW YORK TIMES BESTSELLER • In a stirring and succinct examination of post-Roe America, “one of the most successful and visible feminists of her generation” (Washington Post) takes on what’s become the country’s most resonant political issue. In her most urgent book yet, New York Times bestselling author Jessica Valenti shines a light on the conservative assault on women’s freedom, cutting through the misinformation and overwhelm to inform, engage, and enrage. From the attacks Americans know about to the ones anti-abortion lawmakers and groups are trying to hide, Valenti details the tactics and horrors that she’s been painstakingly tracking in her acclaimed newsletter, *Abortion, Every Day*. *Abortion* gives voice to women’s frustration and outrage in a moment when they’re fed up with being talked over

and diminished. And in an election year when abortion is dominating the national conversation, Valenti provides the language, facts, and context readers need to feel confident when talking about the attacks on their bodies and freedom. Abortion is a handbook for the overwhelming majority of Americans who support abortion rights, whether they're seasoned activists or those just starting to learn. With the wit, expertise, and blunt moral clarity that's made her writing popular for decades, Valenti offers an essential manifesto in an urgent moment.
