**Let's Make a Scene** Laura Wood,2025-07-01 The companion novel to Laura Wood's "excellent, unputdownable adult debut" (Library Journal, starred review) *Under Your Spell* follows Theo Elliott's best friend Cynthie Taylor as she's pulled back into a fake PR relationship with Jack Turner-Jones, the one costar she swore she'd never work with again. When Cynthie Taylor gets her first real acting job, starring in a small British movie, she is over the moon. There is only one problem...Cynthie's arrogant and annoyingly handsome costar Jack hates her, and the feeling is definitely mutual. While they may be at war behind the scenes, their on-screen chemistry is palpable, and the studio sees an opportunity—have the two young stars fake a romance that will charm fans and draw crowds. Thirteen years later, Cynthie and Jack have successfully kept their promise to stay far away from one another, until a surprising offer comes to make a sequel to the cult classic that launched their careers. But there's a catch: they must also rekindle their pretend relationship...and this time there's a documentary crew following their every move. Cynthie and Jack both desperately need this film to work, but can two ex-rivals ever really trust each other? And what happens when the roles they're playing start to feel all too real?

**The Discovery of Everything, the Creation of Nothing** Jim Robert Bader,2011-07-25 The questions have been with us since the dim, dark dusk of early humanity. Who are we? How did we get here? Who is in charge? In *The Discovery of Everything, the Creation of Nothing*, author Jim Robert Bader communicates his personal philosophy on these age-old enigmas as they apply to modern society. Intended as a primer for the mind of the layman, *The Discovery of Everything, the Creation of Nothing* presents a manifesto of the soul that insists the truth is not only out there, but easily accessible to anyone. Based on years of research and observation, Bader distills the complexities and addresses relevant topics from an "everyman" perspective by pondering the nature of the universe. He reflects on the thoughts and discoveries of others to bring knowledge to the common man. In *The Discovery of Everything, the Creation of Nothing*, Bader offers a new way of understanding the world. He confronts old assumptions, and he challenges the traditional way of thinking to better cope with and comprehend the nature of the world around us.

**Sunset at Embthwaite Farm** Kate Hewitt,2024-03-07 When Anna Mowbray receives a curt message from one of her estranged daughters that her ex-husband—a silent and surly Yorkshire farmer—is dying, she realizes it's time to return home. Twelve years ago when her daughters were mostly grown, Anna walked away from Embthwaite Farm with no plan except to

preserve her sanity and to find a ray of light to cling to. But going home is harder than even Anna imagines. Her daughters are miles away from forgiveness and rebuff her every overture of help and communication, and her ex, who knows why she left, doesn't even want to speak to her. But Anna's determined to face her demons, make amends, and reconnect with her family. What she doesn't expect is kindness from her neighbors and understanding and warmth from the handsome widower James Adams, as well as his warm and welcoming daughter Jane. As Anna grieves her old life and tries to come to terms with the mistakes and hurts from the past, can she create a future where there's room for a family around her... and the possibility of love?
