Happy to Help Amy Wilson, 2025-01-07 A Brit&Co Most Anticipated Books of 2025 An IPPY Gold Medalist in Essays A National Indies Excellence Awards Memoir Finalist Amy Wilson, co-host of the award-winning podcast What Fresh Hell, takes a funny and insightful look at how women are conditioned to be “happy to help”—and what happens when things don’t go that way. Award-winning podcast host Amy Wilson has always been an ultimate helper. As a big sister, Girl Scout, personal assistant, sitcom sidekick, and, finally, mother of three, Amy believed it was her destiny to be a people pleaser. She learned to put others first and to look like she had everything under control, even when she very much did not. Along the way, Amy started to wonder why doing it all had been her job. Still, when she tried to hand over some of her to-dos, no one was interested in taking them. And when she asked for help, in return, she got advice: have a sense of humor, quit nagging, and stop trying to be perfect. Hilariously relatable, *Happy to Help* explores how you can be the one everyone else depends on and still be struggling—how you can be “happy to help,” even when, for your own sake, you shouldn’t.

Mental Health and Wellness Sara Goetz, 2021-07-14 Mental health and wellness should start long before anxiety and depression symptoms emerge. It’s much easier and more effective to be proactive with your mental health than trying to overcome symptoms once they start. When it comes to mental health, a holistic approach will have the most effective outcome every time. This book contains information about mental, physical, and spiritual health that will help the reader transform their thoughts, actions and various aspects of their life. Being proactive with one’s overall health puts the individual in control, thus leaving anxiety and depression powerless.

Procrastination Planner Q. L. Solutions Institute, 2021-05-08 95% of the population procrastinate from time to time. Don't worry about it. Embrace your routine to your benefit. This planner is designed to help you become more productive, inspire you to plan your goals and create better habits. It consists of a mix of to-do lists, priorities lists, quizzes, affirmations, important reminders and lots of pages to write and draw on (a mix of blank and lined pages). It includes simple tools and methods to boost your creativity and help you become more effective. There may be some humor, funny advice or just utter nonsense. 119 pages! The product is great for keeping your creative ideas and thoughts! It can help you get through the day with funny comments and interesting suggestions. It should help you stay organized and effective, but also relaxed and focused. Perfect as a gift for a colleague, a friend or yourself.

Mental Health & Wellness Sara Goetz MS LMFT,2024-05-30 A good healthcare practitioner won't treat the symptoms but will treat the underlying cause. The western diet, which is high in processed, sugary carbohydrates and trans fats, is linked to detrimental effects on our memory, cognition, and even our emotions. It is believed and has been researched by many, that this diet promotes inflammation, alters the gut microbiota, and contributes to chronic stress, both physical and mental. Immune health was not highlighted until a few years ago. Practitioners and patients quickly realized that if you take care of your body, your body will take care of you. A holistic approach typically means that we think of the entire body when focusing on health and not just one part of the body, as our bodies are connected and if one part of our body and external and internal forces impact other areas of our body. For example, your gut health directly affects your mental health, therefore, if you eat foods that cause inflammation or foods that have a lot of chemicals in them you might notice that you feel sluggish or even sad. A holistic approach is the most effective way to treat mental health as well as physical health.

The Organized Academic Elizabeth A. Wells,2022-10-17 The daily grind of the modern professor can be stressful, chaotic, and at times seemingly impossible to organize! In her book, *The Organized Academic*,award-winning scholar, pedagogue, and former Dean Elizabeth Wells offers realistic day-to-day techniques that promise to transform your academic life. With so much going on, organization is your best weapon against the burnout and disarray of scholarly living. A guidebook like this is an essential addition to any serious achiever's collection.
