*The Great Awakening* Alex Jones, Kent Heckenlively, 2023-10-24 In *The Great Awakening: Defeating the Globalists and Launching the Next Great Renaissance*, the most persecuted man on Earth, Alex Jones, gives you the good news about the failing plans of the globalists to control humanity. The expression “Get woke, go broke” has entered the common lexicon as we’ve seen company after company invoke the false gods of diversity, equity, and inclusion to their financial demise. But this surface discussion masks a much darker truth. What we are witnessing is nothing less than the failed plans of social Darwinists to capture free market capitalism and turn it toward their fascist aims of controlling and depopulating the globe. Working with New York Times bestselling author Kent Heckenlively, Jones masterfully gives you the deeper discussion about such hot button topics as the truth behind the globalists plans for artificial intelligence (AI), the central bank digital currency, social credit scores, Big Tech tyranny, censorship, fifteen-minute cities, the unholy alliance between big business and big government, the military-intelligence-industrial complex—which is hell-bent on eternal war—and the all-out assault on free speech and the Second Amendment. The good news is that these plans are destined to fail, if we wake up to the anti-human future the globalists have planned for us. The globalists hate freedom, and what they hate the most is the greatest freedom document in human history, the United States Constitution. Jones does not shy away from the darker parts of American history—the way we have been systematically deceived by the intelligence agencies since their assassination of President John F. Kennedy—but he provides example after example of people who have broken free from the matrix of lies to tell the truth. The people the globalists fear the most are the members of their own systems of control, who wake up and then decide to act against the machine. The globalists believe they’ve planned for every possible contingency, but they hadn’t counted on the conscience and love of truth, which lives in the souls of good people. St. Augustine once wrote: “The truth is like a lion; you don’t have to defend it. Let it loose; it will defend itself.” No figure in our modern times has roared louder against the enemies of freedom than Alex Jones. In the calm and dispassionate style that made his first book, *The Great Reset: And the War for the World*, such a smash hit, Alex lays out the flaws in the plans of the globalists and how they seek to create a world in direct opposition to God’s plans for our glorious human future. But God consistently works His will in our world, even through imperfect individuals like Donald Trump, Alex Jones, or you. If you want to read one book this year to understand your world and help lead humanity to the next great human renaissance, you need to order this book today.

*Why the World Doesn't Make Sense* Christine Menedis, 2025-04-15 *Why the World Doesn't Make Sense: Reclaiming the Liberty You Didn't Know You Lost* by Christine Menedis is a provocative call to action, challenging readers to confront the forces shaping our future and reclaim their freedom and independence in a rapidly changing world. *Why the World Doesn't Make Sense* is a compelling exploration of the hidden forces undermining personal freedom and sovereignty in today's world. Christine Menedis, an early bitcoiner and veteran entrepreneur, reveals how ordinary citizens are unknowingly surrendering control over their lives to an intricate web of government systems, financial institutions, and global organizations. In a world that increasingly values conformity over independence, Menedis challenges readers to question the status quo and regain the liberty they may not even realize has slipped away. With deep historical insights and thoughtful guidance, Menedis examines how global powers wield influence through money, digital tools, and media narratives. She explores the subtle yet powerful forces that shape our economic and political systems, drawing connections between the rise of centralized control and the erosion of strong individuals. She breaks down complex issues in an accessible way, from the evolution of money to the steady creep of surveillance, giving readers the tools to understand and resist these trends. Grounded in both philosophy and modern-day realities, *Why the World Doesn't Make Sense* is both a wake-up call and a road map for readers who feel

disoriented in a world of contradictions. Menedis's call to action empowers readers to reclaim their independence, challenge centralized power, and defend their own sense of liberty in an era of unprecedented global influence.

Conspirituality Derek Beres, Matthew Remski, Julian Walker, 2023-06-13 Conspirituality takes a deep dive into the troubling phenomenon of influencers who have curdled New Age spirituality and wellness with the politics of paranoia—peddling vaccine misinformation, tales of child trafficking, and wild conspiracy theories. In the early days of the COVID-19 pandemic, a disturbing social media trend emerged: a large number of yoga instructors and alt-health influencers were posting stories about a secretive global cabal bent on controlling the world's population with a genocidal vaccine. Instagram feeds that had been serving up green smoothie recipes and Mary Oliver poems became firehoses of Fox News links, memes from 4chan, and prophecies of global transformation. Since May 2020, Derek Beres, Matthew Remski and Julian Walker have used their Conspirituality podcast to expose countless facets of the intersection of alt-health practitioners with far-right conspiracy trolls. Now this expansive and revelatory book unpacks the follies, frauds, cons and cults that dominate the New Age and wellness spheres and betray the trust of people who seek genuine relief in this uncertain age. With analytical rigor and irreverent humor, Conspirituality offers an antidote to our times, helping readers recognize wellness grifts, engage with loved ones who've fallen under the influence, and counter lies and distortions with insight and empathy.

**American Madness** Tea Krulos, 2020-08-25 Q-Anon. Fake News. Bohemian Grove. False flag attacks. Deep state. Crisis actors. Whatever Gate. Is any conspiracy worth the life of a believer? The mainstream news media struggles to understand the power of social media while conspiracy advocates, malicious political movements, and even foreign governments have long understood how to harness the power of fear and the fear of power into lucrative outlets for outrage and money. But what happens when the harbingers of "inside knowledge" go too far? Author Tea Krulos tells the story of one man, Richard McCaslin, who's fractured thinking made him the ideal consumer of even the most arcane of conspiracy theories. Acting on the daily rants of Alex Jones and his ilk, McCaslin takes matters into his own hands to stop the unseen powers behind the world's disasters who congregate at conspiracy world's Mecca- The Bohemian Grove. It all goes wrong with terrible consequences for the man who styled himself-The Phantom Patriot. McCaslin is not alone, as conspiracy-driven political action has bubbled its way up from the margins of society to the White House. It's no longer a lone deranged kook convinced of getting secret messages from a cereal box, now its slick videos and well-funded outrage campaigns ready to peddle the latest innuendos and lies in hopes of harnessing the chaos for political gain. What is the long term effect on people who believe these barely believable stories? Who benefits, and who pays the price? Krulos investigates and explains the power of conspiracy and the resulting shared madness on the American psyche. Tea Krulos is a Milwaukee-based writer who documents the underground world of fringe sub-cultures. His previous books, Apocalypse Any Day Now-Deep Underground

with America's Domsday Preppers and Heroes in the Night-Inside the Real Life Super Hero Movement explored the driving beliefs and lives of the people who choose to reject accepted reality and substitute their own.

*The Trump Effect in Contemporary Art and Visual Culture* Kit Messham-Muir, Uroš Cvor, 2022-12-29 The 2021 Capitol Hill Riot marked a watershed moment when the 'old world' of factbased systems of representation was briefly overwhelmed by the emerging hyper-individual politics of aestheticized emotion. In *The Trump Effect in Contemporary Art and Visual Culture*, Kit Messham-Muir and Uroš Cvor analyse the aesthetics that have emerged at the core of 21st-century politics, and which erupted at the US Capitol in January 2021. Looking at this event's aesthetic dimensions through such aspects as QAnon, white resentment and strongman authoritarianism, they examine the world-wide historical trends towards ethno-nationalism and populism that emerged following the end of the Cold War in 1989 and the dawning of the current post-ideological age. Building on their ground-breaking research into how trauma, emotion and empathy have become well-worn tropes in contemporary art informed by conflict, Messham-Muir and Cvor go further by highlighting the ways in which art can actively disrupt an underlying drift in society towards white supremacy and ultranationalism. Utilising their outsiders' perspective on a so-called American phenomenon, and rejecting American exceptionalism, their theorising of the 'Trump Effect' rejects the idea of Trump as a political aberration, but as a symptom of deeper and longer-term philosophical shifts in global politics and society. As theorists of contemporary art and visual culture, Messham-Muir and Cvor explore the ways in which these features of the Trump Effect operate through aesthetics, in the intersection of politics and contemporary art, and provide valuable insight into the current political context.
