Edwin Moses Hale

The Language of the Heart, 1600-1750 Robert A. Erickson, 1997-01-29 Erickson (English, U. of California-Santa Barbara) examines both scientific and romantic portrayals of the human heart in early modern English literature. After reviewing the Biblical heart, he considers William Harvey's model of a phallic pump in a feminized body, Milton's Paradise Lost, Richardson's Clarissa, Aphra Behn's Oroonoko as a women's perspective, and other works. Speak the Language of the Heart Finnian Ash, 2025-11-05 Love isn't just what you say—it's how you show it. Speak the Language of the Heart reveals the powerful yet simple truth behind how we express affection, feel appreciated, and create closeness that lasts. Built on the idea that every person speaks a different emotional language, this book helps you recognize and respond to your partner's needs with genuine understanding. You'll learn how to identify your love style, avoid emotional misfires, and rebuild intimacy through everyday actions that actually resonate. Whether you're in a new relationship, a long-term partnership, or simply seeking deeper connection with those you love, this framework will transform how you give and receive care. Real love isn't complicated—it's communicated. When you learn to speak love in the language they understand, everything changes.

Language of the Heart Carolyn Pogue, 1998 Funeral or memorial ceremonies are important in meeting the social and emotional needs of survivors. They can be important rituals to help us acknowledge a death. Ceremonies can help people express pain. Rituals can help us remember. Ceremonies can help people heal. In Language of the Heart, author Carolyn Pogue offers stories and resources for creating meaningful and healing ceremonies. The book answers the questions many of us have about financial and legal matters, living wills and ethical wills, organ donation, and what to expect at a funeral home. It also contains sample memorial ceremony outlines, prayers, and suggested scripture readings. Includes unique resources for situations when there has been a death of a child, when the relationship was unloving, when the death was a suicide.

Language of the Heart Eva Desiree van den Berg, 2013-02-27 This book seeks to examine how Sufi thought might provide critical understanding of contemporary life and a pathway towards the recovery of a more meaningful existence. Rumi's mystical teachings are of great value at a time of rampant materialism and indiscriminate consumerism, and have the potential to illuminate the precarious state of the world, as well as revitalize contemporary social critique, eco-philosophy

and bio-semiotics in what is increasingly being regarded as a post-secular age.

Straight from the Heart Ajaan Mahā Boowa Ñāṇasampanno, This collection of talks was originally given for the benefit of a lay disciple who had come to Ajaan Mahā Boowa's monastery to receive his guidance as she faced her approaching death from bone marrow cancer. These talks offer important lessons about how to learn from pain, illness and death, by seeing through to their ultimate nature and detaching the mind from the suffering associated with them.
