Clive Barker Sorcha Ní Fhlainn, 2017-10-03 Clive Barker: Dark imaginer explores the diverse literary, film and visionary creations of the polymathic and influential British artist Clive Barker. In this necessary and timely collection, innovative essays by leading scholars in the fields of literature, film and popular culture explore Barker's contribution to gothic, fantasy and horror studies, interrogating his creative legacy. The volume consists of an extensive introduction and twelve groundbreaking essays that critically reevaluate Barker's oeuvre. These include in-depth analyses of his celebrated and lesser known novels, short stories, theme park designs, screen and comic book adaptations, film direction and production, sketches and book illustrations, as well as responses to his material from critics and fan communities. Clive Barker: Dark imaginer reveals the breadth and depth of Barker's distinctive dark vision, which continues to fascinate and flourish.

Magic and Illusion in the Movies George Higham, 2024-11-13 From top hats to top secrets, this book is a celebration of illusion technology and mechanisms of trickery through a genre-crossing selection of films. Heroes, villains, spies, con-men, and madmen, magicians all, have utilized complex constructs and trickery in thrilling cinematic adventures from the earliest days of cinema to the present. Current blockbusters such as Spider-Man: Far from Home and the Mission: Impossible series feature amazing acts of deception, often appearing far-fetched, that are in fact surprisingly close to today's technology. Along with the James Bond saga, classics such as The Wizard of Oz, Nightmare Alley, and The Sting are joined by a host of other movies superficially seeming to be very different, yet proving there is more than meets the eye.
