**Summary of Bruce Bryans's Never Chase Men Again** Swift Reads,2020-12-09 Buy now to get the insights from Bruce Bryans's Never Chase Men Again. Sample Insights: 1) To avoid making mistakes that men see as red flags, women need self-respect and dating guidelines that let them make rational decisions when dating. 2) Confidence alone is not enough. Women need to have strong boundaries that are principle-centered, and they need to know when to say no. If a relationship is not a win-win for both people, it is not one worth pursuing.

Never Chase Men Again Bruce Bryans,2015-06-06 Discover How to Get the Guy You Want and Avoid Dead-End Relationships If a man doesn't take you seriously he may feel compelled to have a good time with you. Unfortunately, this good time will last until you finally realize you're being taken for a ride or until Mr. Time-Waster moves on to the woman he REALLY wants. In cases like this, what a woman really requires are two things: a healthy amount of self-respect and a set of player-proof dating rules that will allow her to make wise dating decisions as she navigates the treacherous territory of finding Mr. Right. How to Keep a Man Interested Without Playing Games or Becoming His Doormat Many dating advice books for women tout the idea that a high level of confidence is key when dealing with men. However, while this is partially true, being confident, at least in regards to making a man pursue you, is pointless without understanding how to apply that confidence in various dating situations when dealing with men. A woman's confidence is communicated to a man by what she stands for and what she doesn't. Being able to confidently socialize with men, having confident body language, and illustrating confidence in your femininity will only go so far if you still allow men to have their way with your emotions, time, affections, body, and anything else for that matter. Self-confidence makes a woman more attractive, but unless it effects how she enforces her personal boundaries it won't do anything to keep a man interested in her for the long-term. How to Date a Man to Keep Him Calling and Falling For You Women with strong personal boundaries are principle-centered, not men-centered or romance-centered. To them, their personal values, such as giving and receiving unconditional love, are more important to them than needing to be with any one particular guy. When a woman has strong personal boundaries she doesn't make excuses because of a man's handsomeness, status, wealth, race, background, promises, sexual chemistry, etc. She sticks to her guns and refuses to settle for dating situations that might cause her distress or jeopardize her future happiness. This book was designed to show women how men appraise female behavior in order to determine a woman's level

of self-respect and therefore, her value as a romantic partner. In it, you'll discover the timeless seduction secrets and dating rules for women that will help you avoid those dating mistakes that make could make a woman appear desperate, needy, commonplace, or even unqualified for a serious commitment to a great guy. Here's what you're going to learn inside: The most powerful form of male seduction that can KEEP a woman helplessly addicted to chasing a man. How to keep a man interested by doing the one thing MOST women are terrified of doing when they find a great guy. An irritating habit that causes high-quality men to stop pursuing a woman almost INSTANTLY. How to rebuff undesirable male behavior and get the guy you want to either take you seriously or take a HIKE! A simple Ego-Popping phrase that burns into a man's memory, keeps you STUCK on his mind, and makes him DESPERATE to see you again. How to seduce a man and MELT his heart by overwhelming him with the ONE THING only the RIGHT woman can give him. A dangerous and common dating mistake that FORCES a man to disappear or log out of a relationship...for GOOD. Foolproof dating rules for women (the Nice Girls) who feel that men CONSTANTLY take advantage of their love and kindness. And much, much more... Would You Like to Know More?
