**Charlie Tian**

**One Up On Wall Street** Peter Lynch, John Rothchild, 2000-04-03 THE NATIONAL BESTSELLING BOOK THAT EVERY INVESTOR SHOULD OWN Peter Lynch is America's number-one money manager. His mantra: Average investors can become experts in their own field and can pick winning stocks as effectively as Wall Street professionals by doing just a little research. Now, in a new introduction written specifically for this edition of One Up on Wall Street, Lynch gives his take on the incredible rise of Internet stocks, as well as a list of twenty winning companies of high-tech '90s. That many of these winners are low-tech supports his thesis that amateur investors can continue to reap exceptional rewards from mundane, easy-to-understand companies they encounter in their daily lives. Investment opportunities abound for the layperson, Lynch says. By simply observing business developments and taking notice of your immediate world -- from the mall to the workplace -- you can discover potentially successful companies before professional analysts do. This jump on the experts is what produces tenbaggers, the stocks that appreciate tenfold or more and turn an average stock portfolio into a star performer. The former star manager of Fidelity's multibillion-dollar Magellan Fund, Lynch reveals how he achieved his spectacular record. Writing with John Rothchild, Lynch offers easy-to-follow directions for sorting out the long shots from the no shots by reviewing a company's financial statements and by identifying which numbers really count. He explains how to stalk tenbaggers and lays out the guidelines for investing in cyclical, turnaround, and fast-growing companies. Lynch promises that if you ignore the ups and downs of the market and the endless speculation about interest rates, in the long term (anywhere from five to fifteen years) your portfolio will reward you. This advice has proved to be timeless and has made One Up on Wall Street a number-one bestseller. And now this classic is as valuable in the new millennium as ever.

**One Up On Wall Street** Peter Lynch, 2012-02-28 More than one million copies have been sold of this seminal book on investing in which legendary mutual-fund manager Peter Lynch explains the advantages that average investors have over professionals and how they can use these advantages to achieve financial success. America's most successful money manager tells how average investors can beat the pros by using what they know. According to Lynch, investment opportunities are everywhere. From the supermarket to the workplace, we encounter products and services all day long. By paying attention to the best ones, we can find companies in which to invest before the professional analysts discover them. When investors get in early, they can find the "tenbaggers," the stocks that appreciate tenfold from the initial investment. A few tenbaggers will

turn an average stock portfolio into a star performer. Lynch offers easy-to-follow advice for sorting out the long shots from the no-shots by reviewing a company's financial statements and knowing which numbers really count. He offers guidelines for investing in cyclical, turnaround, and fast-growing companies. As long as you invest for the long term, Lynch says, your portfolio can reward you. This timeless advice has made *One Up on Wall Street* a #1 bestseller and a classic book of investment know-how.

*Beating the Street* Peter Lynch, John Rothchild, 1994-05-25 Peter Lynch explains his own strategies for investing and offers advice for how to pick stocks and mutual funds to assemble a successful portfolio.

**Empower Your Investing** Scott A. Chapman CFA, 2019-08-20 Investing is a life skill and, like any life skill, the key is to learn from those who have already done it well. Empower Your Investing offers a success-based mental framework, discipline, and toolkit for your investing success. This book examines the best practices from masters of the investing world who've demonstrated success over many market cycles: Sir John Templeton, Peter Lynch, and Warren Buffett. The case studies of their winning picks blend the prevailing news and popular opinion at the time of their successful investments with their rationale for buying stocks as they explained in subsequent interviews. "Just as athletes might study Michael Jordan, Mohammed Ali, and Babe Ruth, every investor should know and understand John Templeton, Peter Lynch, and Warren

Buffett. Scott Chapman brilliantly showcases the investment world's Greatest of All Time (G.O.A.T.) so every stock market participant, from novice to seasoned professional, can learn the lessons of those who have reached the pinnacle of success. With a comprehensive step-by-step approach, Chapman provides a deep understanding of what it takes to be the best.” —Robert P. Miles, Author, *The Warren Buffett CEO: Executive in Residence*, University of Nebraska at Omaha “Scott Chapman’s book is a clear read for any investor who wants to learn how to invest better. Scott is a successful long-term investor and educator who is someone all investors can learn from. He shares some of the best investment advice and actual experiences of three of the best investors in history—Peter Lynch, Warren Buffett, and Sir John Templeton. This book will help every person improve their investment skill from the beginning investor to professionally trained CFA analysts.” —Craig Braemer, CFA; Blossom Wealth Portfolio Manager and Founder of Braemer Asset Management, LLC.

**The Davis Dynasty** John Rothchild, 2003-12-22 A half-century of Wall Street history as seen through the lives of its most illustrious family This compelling new narrative from bestselling author John Rothchild tells the story of three generations of the legendary Davis family, who rank among the most successful investors in the history of the Street. With a novelist's wit and eye for telling detail, Rothchild chronicles the financial escapades of this eccentric, pioneering clan, providing a vivid portrait of fifty years of Wall Street history along the way. Rothchild shadows the Davis family's holdings through two lengthy bull markets, two savage and seven mild bear markets, one crash, and twenty-five corrections and, in the process, reveals the strategies behind the family's uncanny ability to consistently beat the markets. The Davis Dynasty begins in 1947, the year Shelby Davis quit his job as a state bureaucrat and, armed with \$50,000 of his wife's money, took the plunge into stock investing. By the time he died in 1994, he had multiplied his wife's original stake 8,000 times! The story continues with his son, Shelby, who established one of the most successful funds of the past thirty years. The final characters in this enthralling family saga are grandsons Chris and Andrew. Both surrendered to the Davis family passion for investing and both went on to earn reputations as investment luminaries in their own right. John Rothchild (Miami Beach, FL) co-wrote the blockbusters *One Up on Wall Street*, *Beating the Street*, and *Learn to Earn* with Peter Lynch. He is the author of *Survive and Profit in Ferocious Markets* (Wiley: 0-471-34882-1), *A Fool and His Money* (Wiley: 0-471-25138-0), and *Going for Broke*. He has written for *Harper's*, *Rolling Stone*, *Esquire*, and other leading magazines and he has appeared on the *Today Show*, the *Nightly Business Report*, and *CNBC*.

The Conscious Investor John Price,2010-10-26 An intriguing look at the full range of value methods brought together for the first time The biggest block to success in the stock market is unconscious investing, or following the crowd without asking the right questions such as: What is it really worth? Even more fundamental is: What rate of return can I confidently expect to get? Without having the methods to answer these questions is like trying to sail a boat without a rudder. The Conscious Investor covers each of the main methods used to calculate value or return in the stock market, along with descriptions of how and when to use them, as well as their strengths and weaknesses. Interspersed throughout the methods are the timeless investment principles of Benjamin Graham and Warren Buffett. The book: Includes balance sheet methods, dividend discount methods, discounted cash flow methods, price ratio methods, and many others Explains the significance of viewing real value as a combination of a stock's price or market value and its intrinsic value Comes with free access to key functions in the author's Conscious Investor software The Conscious Investor is indispensable reading for everyone with an interest in investing in the stock market, from novices to experienced professionals. Using this book as your guide, you'll quickly discover what it takes to be a conscious investor and gain more confidence in knowing what and when to buy, when to hold, and when to sell.

*Learn to Earn* Peter Lynch,John Rothchild,1997-04-03 LEARN TO EARN Public companies are everywhere, and they surround you from morning to night. . . . Nearly everything you eat, wear, read, listen to, ride in, lie on, or gargle with is made by one. Perfume to penknives, hot tubs to hot dogs, nuts to nail polish are made by businesses that you can own. —from the Introduction. McDonald's, The Gap, Circuit City, Gillette, CBS, and thousands more . . . anybody can own part of big and small companies. As companies grow and prosper, you can too. Whenever burgers are eaten, sweaters are purchased, batteries are used, and faces are shaved, you've got a piece of the action. From Alexander Hamilton to Warren Buffett, people have been making big money by investing in the corporations and institutions around them. Mutual-fund superstar Peter Lynch and author John Rothchild explain what's not normally taught in high school —how the stock market helps you and how it helps the country. By understanding how and why the stock market works when you buy a share of a company or purchase a mutual fund, you can make informed —and profitable —decisions. Whether you're saving for college, a house, a trip, or retirement, there is no better method to secure a sound financial future than to invest. Young or old, there is no better time to start investing than now. Investing is fun. It's interesting. It can put you on the road to prosperity for the rest of your life. . . . Learn to Earn gives you the expert guidance you need to make the right start. Lynch and Rothchild cover the gamut on investment fundamentals and principles, from choosing stocks, to picking a broker, to reading an annual report.

Learn to Earn reveals how to decipher the stock pages and how to evaluate the pros and cons of the five basic investment vehicles —savings accounts, collectibles, houses or apartments, stocks, and bonds. Yet, there is much more to investing than just the principles, and there is much more to Learn to Earn than just the fundamentals. Opportunity comes in many forms, from many sources, with many histories. Brimming with stories and parables, Lynch and Rothchild also explain: Why the world as we know it would collapse without investors . . . How capitalism, from the time of the American Revolution on, has shaped the past, and how that affects us today . . . How Coke, Campbell's Soup, Ben & Jerry's, Microsoft, and other big companies got started, who gets rich from them, and how they got that way . . . How to know the real story behind the price of a stock

*Invest Like a Guru* Charlie Tian, 2017-03-30 Adopt the investment strategy that built Warren Buffett's fortune Invest Like a Guru provides an invaluable resource for high-quality-focused value investing, with expert insight and practical tools for implementation. Written by the man behind GuruFocus.com, this book expands on the site's value strategies and research tools to provide a primer for those exploring pathways to higher returns at lower risk. The book begins with an insightful explanation of high-quality-focused value investing concepts, then quickly moves into practical, detailed guidance on analysis, valuation, key factors, and risks to avoid. Case studies demonstrate real-world application of various analysis methods, and the discussion walks you through important calculations using real examples. Author Charlie Tian draws upon his own experiences and lessons learned to provide true insight on high-quality-focused value investing as a strategy, providing both reference and expert advice in this singularly useful guide. Warren Buffett once said, I would rather buy good companies at fair prices than buy fair companies at good prices. That's how he built his fortune, and his method is what we now call high-quality-focused value investing. This book shows you how to determine what constitutes good companies and fair prices, with practical tools for real-world application. Learn the principles and concepts of high-quality-focused value investing Understand the analysis process and valuation of prospective investments Avoid the value traps that can trigger permanent losses Study clear examples of key ratios and calculations We can't all become the next Warren Buffett, but we can boost returns while reducing risk using the right investment strategy. High-quality-focused value investing provides a path to profit, and Invest Like a Guru is the one-of-a-kind guidebook for getting on track.
