Erin Pauwels

Napoleon Sarony's Living Pictures Erin Pauwels, 2024-06-28 Napoleon Sarony was once one of the most famous names in American photography. During the Gilded Age, his grand portrait studio with its one-story-high marquee reproducing the photographer's signature in golden letters was a New York City landmark visited by celebrities such as Oscar Wilde, Sarah Bernhardt, and Mark Twain. Sarony's story represents a central chapter in the history of photography. Napoleon Sarony's Living Pictures documents Sarony's career as New York City's premier portrait photographer and details a moment when the birth of celebrity culture and growth of mass media helped promote popular acceptance of photography as fine art. Sarony's larger-than-life public image was crucial to demonstrating photography's creative potential. At a time when photographers were commonly regarded as straitlaced entrepreneurs or technicians, Sarony circulated self-portraits in outlandish costumes to assert himself as a flamboyantly eccentric artist. These photographic performances forged an authoritative link between the so-called father of artistic photography in America and the stylish celebrity portraits that emerged from his studio by the tens of thousands. Reconstructing Sarony's biography and bringing to light never-before-published portraits, Erin Pauwels provides an illuminating view of how one artist's quest for creative recognition fueled the rise of celebrity culture and artistic photography in the United States. This book will appeal to historians of photography and nineteenth-century American visual culture, as well as anyone interested in this master of the medium of photography and his celebrity subjects.

Contemporary English W. E. Collinson, 1927 This book is written primarily for foreign students and teachers of English. That purpose governs the whole presentment and organization of the material and the type of explanation offered. To my own fellow countrymen it may, at the highest reckoning, offer a means of bringing to the surface hidden memories of curious and amusing words. Probably it brings them little that is new, but it may stimulate them to seek out and regroup their own linguistic experiences. In fifty years' time the work might even claim the attention of the English philologist, whom it will provide with a certain amount of dated material for his historical inductions. For the present its mission is more humble and more practical. The first idea that such a collection as the present might not be unwelcome, owe to Professor Jespersen~ whose kindness in looking through the first draft and suggesting improvements I acknowledge with deep gratitude. Mr.

Bradley and Mr. Hutton, both of the Liver pool University Library, have unselfishly given me the benefit of their sharp eyes and wide reading; a number of their proposed emendations and additions have been gratefully embodied. My special thanks are due to Dr. Hittmair of the University of Innsbruck, whose encouragement and ungrudging help have throughout been of the greatest value to me. Finally I feel I must express my gratitude to the firm of Teubner for its care in preparing my MS.
