*The Routledge Companion to Theatre and Performance Historiography* Tracy C. Davis, Peter W. Marx, 2020-08-03 The Routledge Companion to Theatre and Performance Historiography sets the agenda for inclusive and wide-ranging approaches to writing history, embracing the diverse perspectives of the twenty-first century and Critical Media History. Written by an international team of authors whose expertise spans a multitude of historical periods and cultures, this collection of fascinating essays poses the central question: what is specific to the historiography of the performative? The study of theatre, in conjunction with the wider sphere of performance, involves an array of multi-faceted methods for collecting evidence, interpreting sources, and creating meaning. Reflecting on issues of recording — from early modern musical scores, through VHS-technology to latest digital procedures — and on what is missing from records or oblique in practices, the contributors convey how theatre and performance history is integral to social and cultural relations. This expertly curated collection repositions theatre and performance history and is essential reading for Theatre and Performance Studies students or those interested in social and cultural history more generally.

The Essential Words and Writings of Clarence Darrow Clarence Darrow, 2007-06-12 The celebrated American lawyer Clarence Darrow was renowned for his spirited, ruthlessly logical defense of populist causes and controversial ideas. Even today, Darrow's words continue to frame public discussion about our civil liberties and our religious and civic life. In this timely volume, Pulitzer Prize-winning historian Edward J. Larson and ethicist Jack Marshall assemble a broad and rich collection of the iconic lawyer's words and writings—opening statements, trial arguments, lectures—accompanied by excerpts from his memoir and annotated with expert commentary. These selections showcase the mesmerizing power of Darrow's passions and ideals, which have lost none of their impact or immediacy with the passage of time.
