Netflix Nostalgia Kathryn Pallister, 2019-04-15 Whether it's "Flashback Friday" or "Throwback Thursday," audiences

are hungry for nostalgic film and television, and the streaming giant Netflix serves up shows from the past that satisfy this craving, in addition to producing original contemporary content with nostalgic flavor. As a part of the series “Reboots, Remakes and Adaptations” originated by series editors Dr. Carlen Lavigne and Dr. Paul Booth, this edited volume focuses exclusively on the intersection between the Netflix platform and the current nostalgia trend in popular culture. As both a creator and distributor of media texts, Netflix takes great advantage of a wide variety of audience nostalgic responses, banking on attracting audiences who seek out nostalgic content that takes them back in time, as well as new audiences who discover “old” and reimagined content. The book aims to interrogate the complex and contradictory notions of nostalgia through the contemporary lens of Netflix, examining angles such as the Netflix business model, the impact of streaming platforms such as Netflix on the consumption of nostalgia, the ideological nature of nostalgic representation in Netflix series, and the various ways that Netflix content incorporates nostalgic content and viewer responses. Many of the contributed chapters analyze current, ongoing Netflix series, providing very timely and original analysis by established and emerging scholars in a variety of disciplines. What can we learn about our selves, our times, our cultures, in response to an examination of “Netflix and Nostalgia”?

Youth and Suicide in American Cinema Alessandra Seggi, 2022-10-27 This book explores the depiction of suicide in American youth films from 1900 to 2019. Anchored in Sociology, this multidisciplinary study investigates the causes and consequences of suicide and uncovers the socio-cultural context for the development of youth, film, and suicide. While such cinematic portrayals seem to privilege external explanations of suicide versus internal or psychological ones, overall they are neither rich nor sensitive. Most are simplistic, limited or at the very least unbalanced. At times, they are flatly controversial. In light of this overall problematic depiction of suicide, this book offers a proactive approach to empower young audiences—a media literacy strategy to embrace while watching these films.

Undergraduate Research in Mass Media UgRIMM 2021 Dr. Manjula Srinivas, 2022-04-21 Researching and obtaining new information is a very crucial part of a wandering mind. Neil Armstrong very aptly said, "Researching is the process to create new knowledge." It helps an individual in broadening their intellect base which in turn makes them a well-adjusted and informed member of society. This compilation titled 'UgRIMM-2021' is an effort by the department of Mass Media under the guidance of our dear Principal Dr. Hemlata Bagla to instill research value at an undergraduate level. It is a one-of-a-kind Research initiative that took place with the help of multiple online training sessions by in-house as well as external faculty. One hundred and thirty research papers were penned down independently by our second-year undergraduate students of the BAMMC course. Our main objective with UgRIMM was to instill a sense of curiosity and comfort surrounding the word 'research' instead of the telltale uncertainty students feel when the word is brought up. Our approach towards research

coupled with frequent interactive sessions with experts in the field of research aimed to make our students better at the prospects of researching and writing research papers.
