Robert Andrews

The Spirit of American Liberal Theology Gary Dorrien,2023-09-05 The Spirit of American Liberal Theology is an interpretation of the entire U.S. American tradition of liberal theology. A highly condensed and far-more-accessible summary of Gary Dorrien's three-volume trilogy, *The Making of American Liberal Theology* (Westminster John Knox Press 2001, 2003, and 2006), Dorrien here presses the argument that the most abundant, diverse, and persistent tradition of liberal theology is the one that blossomed in the United States and is still refashioning itself. While discussions of English and German liberalism persist, new material includes expanded treatment of the Black social gospel, the Universalists, developments into early 2020s, and a robust expression of the author's post-Hegelian liberal-liberationist perspective.

Going Home: Essays, Articles, and Stories in Honour of the Andersons Pete Myers,2012-10-12 In *Going Home* the reader will find an eclectic celebration of the diverse skills students develop at Oak Hill to understand and apply the gospel to daily life. From ancient Hebrew studies to telling stories to toddlers: the grace of Christ which is taking us home sweetens everything. True ministers of the gospel model their message (2 Tim 3:10-11). It is that spirit of gospel practice which this volume is celebrating. You get a fair idea of the great esteem and affection in which the Anderson family is held from the way so many members of the Oak Hill College community have contributed to this Festschrift. From the Preface by Mike Ovey

The Columbia Dictionary of Quotations Robert Andrews,1993 Over 11,000 of these 18,000 quotations have never before appeared in a quotation book. Chosen not for their familiarity but for their quality and their relevance in the 1990s, these provocative quotations cover subjects from adolescence and adoption to yuppies and zoos.

Social Ethics in the Making Gary Dorrien,2011-04-06 In the early 1880s, proponents of what came to be called "the social gospel" founded what is now known as social ethics. This ambitious and magisterial book describes the tradition of social ethics: one that began with the distinctly modern idea that Christianity has a social-ethical mission to transform the structures of society in the direction of social justice. Charts the story of social ethics - the idea that Christianity has a social-ethical mission to transform society - from its roots in the nineteenth century through to the present day Discusses and analyzes how different traditions of social ethics evolved in the realms of the academy, church, and general public Looks at the wide variety of individuals who have been prominent exponents of social ethics from academics and self-styled "public

intellectuals” through to pastors and activists Set to become the definitive reference guide to the history and development of social ethics Recipient of a CHOICE Outstanding Academic Title for 2009 award

Of Cabbages and Kings County Marc Linder, Lawrence S. Zacharias, 1999 In particular, they question whether sprawl was a necessary condition of American industrialization; could the agricultural base that preceded and surrounded the city have survived the onrush of residential real estate speculation with a bit of foresight and public policies that the politically outnumbered farmers could not have secured on their own?

The Crown of Sanctity Daniel O'Connor, 2019-03-04 2,000 years ago, the Son of God prayed to His Father, “Thy Will be done on Earth as it is in Heaven.” This prayer, the greatest ever uttered by the lips of man, will not go unanswered. Jesus has revealed to an Italian mystic named Luisa that the time has now at last arrived for its fulfillment; that is, for the restoration of what was destroyed by Adam 6,000 years ago in the Fall of Man. In brief: the entire world is about to be radically transformed like never before in its history. This is probably something you should know about. This book has been written to inform you about the transformation and to enable you to take part in it and hasten it. But this transformation will not be achieved through human effort. It will be given directly from Heaven by way of God's greatest Gift: the Gift of Living in the Divine Will, which is the Crown of Sanctity, and which even now we must all strive to receive. In this sanctity is found The Culmination of Deification, the Fruitfulness of Mystical Marriage, the Aspiration of the Unification of Wills, and the Essence of Marian Consecration. This is none other than the Triumph of the Immaculate Heart of Mary promised at Fatima. It is the coming of the Kingdom of God. This is a long book, but its length should turn away no one, as a thorough and detailed table of contents is given so that each reader can easily select only those sections in which he is interested for his perusal. And any reader is sure to find much that interests him. Within these pages is a treasury of resources; not only concerning Luisa's revelations directly, but also on new arguments for God's existence and the truth of Christianity, extensive Catechesis on Private Revelation in general and on the spiritual life in general (including overviews of the greatest teachings on spirituality in the history of the Church), and details on the Era of Peace as revealed to Luisa and many other mystics, visionaries, and seers (Fatima, Medjugorje, Venerable Conchita, Fr. Gobbi, and dozens more). You will not regret reading this book. This is our great hope and our petition: Your Kingdom come - a kingdom of peace, justice, and serenity, that will re-establish the original harmony of creation. - Pope St. John Paul II
