

In A Grove Summary

Thomas John Mills

Summary of Gilbert King's Devil in the Grove Everest Media,2022-07-24T22:59:00Z Please note: This is a companion version & not the original book. Sample Book Insights: #1 The final trial was the Columbia Race Riot trials, in which 25 black men were accused of rioting and attempting to murder white police officers in Columbia, Tennessee. The verdicts were stunning, and the national press had defined the riots as the first major racial confrontation following World War II. #2 The atmosphere around the Columbia courthouse was becoming more volatile. A political cartoonist for the Pittsburgh Courier had been poking around the courthouse, and he believed that the telephone wires were tapped, which he reported back to Walter White, the executive secretary of the NAACP. #3 In 1946, Marshall returned to Columbia to try the case. He was surrounded by white hostility, and the trial was long and difficult. #4 A mob began to gather around town and outside the jail, and by late afternoon the sheriff was hearing talk that a group of men was planning to spring the Stephenson niggers out of the jail and hang them.

Textbook of Aramaic Ostraca from Idumea, Volume 5 Bezalel Porten,Ada Yardeni,2023-08-22 Since the early 1990s, about two thousand Idumean Aramaic ostraca have found their way onto the antiquities market and are now scattered across a number of museums, libraries, and private collections. This fifth and final volume of the Textbook of Aramaic Ostraca from Idumea completes the work of bringing these ostraca together in a single publication. Volumes 1-4 published some 1,600 ostraca that gave us insight into agriculture, economics, politics, onomastics, and scribal practices from fourth/third-century BCE Idumea and Judah. The ostraca in volume 5 come from the same milieu, but the information they provide is entirely new and different. This volume presents 485 ostraca, including 99 land descriptions, 168 uncertain texts, and 218 assorted remains, scribal exercises, and forgeries, along with useful indexes and tables and a comparative list of entries. The land descriptions—which record local landmarks, ownership boundaries, and land registration—provide rich complementary material to the rest of the Idumean ostraca. The “uncertain texts” are fragmentary, in poor condition, or contain other abnormalities. As the TAO corpus becomes better understood and as imaging techniques improve, these texts will help to fill gaps in knowledge. The final section includes the remains of scribal practices and forgeries, important because they help to show the authenticity of the other two thousand pieces. A unique collection of documentary sources for fourth/third-century BCE Idumea—and, by extension, Judah—this multivolume work will be a powerful resource for those interested in onomastics and social and economic history.
