I'm Gonna Love You: O'Neill Brothers Virna DePaul,2016-05-20 Steadfast and pragmatic Brady O'Neill, second eldest of five Irish brothers, never thought he'd leave Dublin. But after the death of his daughter and his parents, and the loss of his wife, Brady realizes he can no longer live in the city where he experienced his greatest joys and deepest heartaches. Moving to America, he joins his brothers in Forestville, California, to open a family restaurant. What he doesn't expect is the spark he feels when he meets Anna Kincaid, a confident, gorgeous woman with enough sass to sink a ship. Owner of a local eco-adventure tour company, Anna Kincaid is familiar with all that is Forestville. So when recent Irish arrival, the insanely handsome and sexy Brady O'Neill, wants to visit the vineyard where his mother grew up, she agrees to be his guide. Soon, Brady's showing his appreciation with more than flirtatious smiles and mind-boggling kisses. The chemistry between them may be explosive, but tensions heighten when Anna's recklessness puts her in danger. Brady's lost too much already; and a risk-taking woman with an impetuous nature could cost him yet again. Will Brady risk giving all he is to Anna? And will Anna learn that there's no greater excitement in the world than taking a chance on love?

Uncharted Territory Chris Dalla Riva,2025-11-13 Popular music history collides with data analytics, charts, and numbers in this insightful and surprising look at the greatest hits and musicians, fads, forgotten artists, and much more. Data analyst and musician Chris Dalla Riva reframes everything you thought you knew about music. Did you know that hit songs in the late 1950s were regularly about gruesome death? That a US vice president wrote a number one hit? That while TikTok has spawned countless hits, it's made artists more anonymous than ever before? That pop songs have shaped race relations in the United States? That the key change died around 2003? And that's just the beginning. Coupling hard data with engaging anecdotes, *Uncharted Territory* is both a takedown and celebration of popular music and provides new ways to think about your favorite songs, genres, and artists from the last 6 decades using unexpected statistics and playful visualizations. This entertaining history is filled with the most popular musicians of all time from The Beatles and The Bee Gees to Michael Jackson, Mariah Carey, and beyond. Whether you danced the twist or the dougie at your senior prom, you're sure to never listen to music again in the same way.

The Pop Documentary Since 1980 Richard Wallace,2025-07-10 In *The Pop Documentary Since 1980*, Richard Wallace examines the representation of pop music, musicians and music-making in documentary film and television. He draws

together conceptual frameworks from within and outside of film and television studies - including performance studies, musicology, celebrity studies and fan studies - to provide a critical interrogation of the central issues in this genre. A common criticism of the music documentary is that it lacks artistic integrity because of its close affiliation with its subject. Wallace argues that music documentaries can be artful and conceptually complex and be part of a broader process of image curation under the control of the artist and their management. This contradiction is key to the form's vitality and Wallace explores two competing lines of enquiry. First, the contribution that such documentaries make to the public perception of their subjects. Second, he argues that its 'official' status does not preclude music documentaries from being artistic or engaging with the theoretical questions that underpin documentary media more broadly. Other issues addressed include: - how documentaries about song writing attempt to represent intangible concepts like 'creativity' and 'inspiration'; - how the experiential and affective aspects of music are communicated through the visual image; - ethical considerations. Each of these conceptual questions is examined through detailed analysis of a variety of music documentaries ranging from *Stop Making Sense* to *Tokyo Idols* via *Beyoncé* and *The Beatles*.

Justin Bieber: First Step 2 Forever Justin Bieber,2010-10-12 It's a big, big world It's easy to get lost in it... —Justin Bieber, Up I love those lines in the lyrics. Sometimes I feel like that's what everyone's expecting. My world got very big, very fast, and a lot of people expect me to get lost in it. I grew up in a small town in Canada. I taught myself to sing in front of my bedroom mirror and to play guitar on a hand-me-down. My mom posted my first videos on YouTube. Never in my wildest dreams did I think that I'd sell millions of records, sing for the president of the United States and sell out a massive arena tour. So no, I'm not lost. Not at all. If anything, onstage in front of my fans, I'm home. I'm found. And that's what this book is about: my journey, from singing and busking on the sidewalk in Stratford, Ontario, to performing and showing my appreciation to millions of fans all over the world for making this dream a reality. My music and lyrics give a glimpse of what's in my heart, but I think this book is a window into my world. In here are hundreds of pictures of me that no one's ever seen before, and I'll tell you about who I was before I joined forces with Scooter Braun and Usher and got a record deal, and who I've become since I've been blessed with the opportunity to share my music with the world. This is my gift to you, the fans who've supported and been with me on this amazing journey every step of the way.
