*The Edge of the World* Michael Pye, 2015-04-15 Saints and spies, pirates and philosophers, artists and intellectuals: they all criss-crossed the grey North Sea in the so-called “dark ages,” the years between the fall of the Roman Empire and the beginning of Europe’s mastery over the oceans. Now the critically acclaimed Michael Pye reveals the cultural transformation sparked by those men and women: the ideas, technology, science, law, and moral codes that helped create our modern world. This is the magnificent lost history of a thousand years. It was on the shores of the North Sea where experimental science was born, where women first had the right to choose whom they married; there was the beginning of contemporary business transactions and the advent of the printed book. In *The Edge of the World*, Michael Pye draws on an astounding breadth of original source material to illuminate this fascinating region during a pivotal era in world history.

The Encyclopedia of Epic Films Constantine Santas, James M. Wilson, Maria Colavito, Djoymi Baker, 2014-03-21 Soon after film came into existence, the term epic was used to describe productions that were lengthy, spectacular, live with action, and often filmed in exotic locales with large casts and staggering budgets. The effort and extravagance needed to mount an epic film paid off handsomely at the box office, for the genre became an immediate favorite with audiences. Epic films survived the tribulations of two world wars and the Depression and have retained the basic characteristics of size and glamour for more than a hundred years. Length was, and still is, one of the traits of the epic, though monolithic three- to four-hour spectacles like *Gone with the Wind* (1939) and *Lawrence of Arabia* (1962) have been replaced today by such franchises as the Harry Potter films and the Lord of the Rings trilogy. Although the form has evolved during many decades of existence, its central elements have been retained, refined, and modernized to suit the tastes of every new generation. The *Encyclopedia of Epic Films* identifies, describes, and analyzes those films that meet the criteria of the epic—sweeping drama, panoramic landscapes, lengthy adventure sequences, and, in many cases, casts of thousands. This volume looks at the wide variety of epics produced over the last century—from the silent spectacles of D. W. Griffith and biblical melodramas of Cecil B. DeMille to the historical dramas of David Lean and rollercoaster thrillers of Steven Spielberg. Each entry contains: Major personnel behind the camera, including directors and screenwriters Cast and character listings Plot summary Analysis Academy Award wins and nominations DVD and Blu-ray availability Resources for further study This volume also includes appendixes of foreign epics, superhero spectacles, and epics produced for television, along with a list of all the directors in the book.

Despite a lack of overall critical recognition and respect as a genre, the epic remains a favorite of audiences, and this book pays homage to a form of mass entertainment that continues to fill movie theaters. The Encyclopedia of Epic Films will be of interest to academics and scholars, as well as any fan of films made on a grand scale.

**Chama Stories** Rolando Benavidez, 2009-04 When U.S. Army Ranger, Simon Cross comes home to Cincinnati, Ohio he finds a world of death and destruction he never knew existed. Classified as dead by the military and police, and his family murdered, he is pulled into a secret society and brought before a religious council. Making a covenant with God, he becomes a soldier of Christ and the war begins. Followed by the relentless reporter Nicole Blair, the web of crime and death are found in all aspects of the city, its government, and its people. From drug dealers to police, and lawyers to judges the bloody trail of greed and deception bring the unlikely pair together to battle an army of evil, as Lord Volstag and Synlyn lead the Nosferatou and their demons against them. With the help of his crippled brother-in-law, and guided by the angels Michael and Gabriel, they embark on an adventure they will never forget, and one they may not survive.
