Alice Adams Carol Sklenicka,2019-12-03 "Nobody writes better about falling in love than Alice Adams," a New York Times critic said of the prolific short-story writer and bestselling novelist whose dozens of published stories and eleven novels illuminate the American Century. Born in 1926, Alice Adams grew up in Chapel Hill, North Carolina, during the Great Depression and came of age during World War II. After college at Radcliffe and a year in Paris, she moved to San Francisco. Always a rebel in good-girl's clothing, Adams used her education, sexual and emotional curiosity, and uncompromising artistic ambition to break the strictures that bound women in midcentury America. Divorced with a child to raise, she worked at secretarial jobs for two decades before she could earn a living as a writer. One of only four winners of the O. Henry Special Award for Continuing Achievement, Adams wove her life into her fiction and used her writing to understand the changing tides of the twentieth century. Her work portrays vibrant characters both young and old who live on the edge of their emotions, absorbed by love affairs yet always determined to be independent and to fulfill their personal destinies. With the same meticulous research and vivid storytelling she brought to *Raymond Carver: A Writer's Life*, Carol Sklenicka integrates the drama of Adams's deeply felt, elegantly fierce life with a cascade of events—the civil rights and women's movements, the sixties counterculture, and sexual freedom. This biography's revealing analyses of Adams's stories and novels from *Careless Love* to *Superior Women* to *The Last Lovely City*, and her extensive interviews with Adams's family and friends, among them Mary Gaitskill, Diane Johnson, Anne Lamott, and Alison Lurie, give us the definitive story of a writer often dubbed "America's Colette." *Alice Adams: Portrait of a Writer* captures not just a beloved woman's life in full, but a crucial span of American history.

Conversations with Paul Bowles Paul Bowles,1993 Paul Bowles says: Each man's life has the quality he gives it, but you can't say that life itself has any qualities. If we suffer, it's because we haven't learned how not to. The man who wrote the books didn't exist. No Writer exists. He exists in his books, and that's all. I write unconsciously, without knowing what I am writing.

Science-fiction, the Early Years Everett Franklin Bleiler,1990 In this volume the author describes more than 3000 short stories, novels, and plays with science fiction elements, from earliest times to 1930. He includes imaginary voyages, utopias, Victorian boys' books, dime novels, pulp magazine stories, British scientific romances and mainstream work with science fiction elements. Many of these publications are extremely rare, surviving in only a handful of copies, and most of them have never been described before.

Science-fiction Everett Franklin Bleiler,Richard Bleiler,1998 *Complementing Science-Fiction: The Early Years*, which surveys science-fiction published in book form from its beginnings through 1930, the present volume covers all the science-fiction printed in the genre magazines--Amazing, Astounding, and Wonder, along with offshoots and minor magazines--from 1926 through 1936. This is the first time this historically important literary phenomenon, which stands behind the enormous modern development of science-fiction, has been studied thoroughly and accurately. The heart of the book is a series of descriptions of all 1,835 stories published during this period, plus bibliographic information. Supplementing this are many useful features: detailed histories of each of the magazines, an issue by issue roster of contents, a technical analysis of the art work, brief authors' biographies, poetry and letter indexes, a theme and motif index of approximately 30,000 entries, and general indexes. *Science-Fiction: The Gernsback Years* is not only indispensable for reference librarians, collectors, readers, and scholars interested in science-fiction, it is also of importance to the study of popular culture during the Great Depression in the United States. Most of its data, which are largely based on rare and almost unobtainable sources, are not available elsewhere.

Gay Fiction Speaks Richard Canning, 2001-01-18 Today's most celebrated, prominent, and promising authors of gay fiction in English explore the literary influences and themes of their work in these revealing interviews with Richard Canning. Though the interviews touch upon a wide range of issues—including gay culture, AIDS, politics, art, and activism—what truly distinguishes them is the extent to which Canning encourages the authors to reflect on their writing practices, published work, literary forebears, and their writing peers—gay and straight. Edmund White talks about narrative style and the story behind the cover of *A Boy's Own Story*. Armistead Maupin discusses his method of writing and how his work has adapted to television. Dennis Cooper thinks about L.A., AIDS, Try, and pop music. Alan Hollinghurst considers structure and point of view in *The Folding Star*, and why *The Swimming-Pool Library* is exactly 366 pages long. David Leavitt muses on the identity of the gay reader—and the extent to which that readership defined a tradition. Andrew Holleran wonders how he might have made *The Beauty of Men* more forlorn, romantic, lost by writing in the first person.
