The Bible in History David W. Kling, 2022-12-19 Over 15 years after its original publication *The Bible in History* remains an essential examination of the symbiotic relationship between Scripture and the social and cultural contexts shaping its interpretation. David W. Kling traces the fascinating story of how specific biblical texts-sometimes a single verse, other times a selection of verses or chapters, even books-have at various times emerged to be the inspiration of movements that have changed the course of history. Episodes range from Anthony's call to the desert and a life of monasticism after hearing Jesus's directive to the rich young ruler to give up his possessions, to the Anabaptists non-violent ethic in following Jesus' teaching in the Sermon on the Mount, to the varied applications of the exodus motif in African American history. This revised and expanded second edition adds two new chapters. The first examines the text in Matthew 28:18-20 and considers the multitudinous interpretations before, during, and after the text emerged as the iconic Great Commission of missionary motivation in the modern period. The second assesses those biblical texts that encompass the divisive and ongoing issue of male homosexuality. Both chapters engage the question of, how the texts have shaped the times, but, as Kling argues, the times have also exerted an enormous impact on shaping the interpretation of the texts, and hence, on the continuing disputes

over the meaning of those texts.

The Bible and Zionism Nur Masalha, 2007-08-01 Does the bible justify Zionism? Since the foundation of the Israeli state in 1948, Torah and tank have become increasingly inseparable, resulting in the forced expulsion and subjugation of millions of indigenous Palestinians. Nur Masalha's groundbreaking new book traces Zionism's evolution from a secular, settler movement in the late 19th century, to the messianic faith it has become today. He shows how the biblical language of 'chosen people' and 'promised land' has been used by many Christian and Jewish Zionists as the 'title deeds' for Israel, justifying ethnic division and violence. With Edward Said, Masalha argues that a new politics of peace can only be achieved through a single, democratic state, which replaces religious zealotry with secular equality.

The Social Life of Scriptures American Anthropological Association. Meeting, 2009 What do Christians do with the Bible? How do they individually and collectively interact with the sacred texts? Why does this engagement shift so drastically among and between social, historical, religious, and institutional contexts? Such questions are addressed in a most enlightening, engaging, and original way in *The Social Life of Scriptures*. Contributors offer a collection of closely analyzed and carefully conducted ethnographic and historical case studies, covering a range of geographic, theological, and cultural territory, including: American evangelicals and charismatics; Jamaican Rastafarians; evangelical and Catholic Mayans; Northern Irish charismatics; Nigerian Anglicans; and Chinese evangelicals in the United States. *The Social Life of Scriptures* is the first book to present an eclectic, cross-cultural, and comparative investigation of Bible use. Moreover, it models an important movement to outline a framework for how scriptures are implicated in organizing social structures and meanings, with specific foci on gender, ethnicity, agency, and power.
