The Girl in His Shadow Audrey Blake, 2021-05-04 THE USA TODAY BESTSELLER! An exquisitely detailed journey through the harrowing field of medicine in mid-19th century London.—Tracey Enerson Wood, USA Today bestselling author of *The Engineer's Wife* and *The War Nurse* An unforgettable historical fiction novel about one woman who believed in scientific medicine before the world believed in her. London, 1845: Raised by the eccentric surgeon Dr. Horace Croft after losing her parents to a deadly pandemic, the orphan Nora Beady knows little about conventional life. While other young ladies were raised to busy themselves with needlework and watercolors, Nora was trained to perfect her suturing and anatomical illustrations of dissections. Women face dire consequences if caught practicing medicine, but in Croft's private clinic Nora is his most trusted—and secret—assistant. That is until the new surgical resident Dr. Daniel Gibson arrives. Dr. Gibson has no idea that Horace's bright and quiet young ward is a surgeon more qualified and ingenuitive than even himself. In order to protect Dr. Croft and his practice from scandal and collapse Nora must learn to play a new and uncomfortable role—that of a proper young lady. But pretense has its limits. Nora cannot turn away and ignore the suffering of patients, even if it means giving Gibson the power to ruin everything she's worked for. And when she makes a discovery that could change the field forever, Nora faces an impossible choice. Remain invisible and let the men around her take credit for her work, or step into the light—even if it means being destroyed by her own legacy. Fans of *The Other Einstein* and *The Paris Library* will relish this riveting and empowering story about one woman's fight to follow her dreams and build a life—and legacy—beyond what is expected of her. Praise for *The Girl in His Shadow*: A suspenseful story of a courageous young woman determined to become a surgeon in repressive Victorian England. Fluidly written, impeccably researched, *The Girl in His Shadow* is a memorable literary gift to be read, reread, and treasured.—Gloria Goldreich, author of *The Paris Children* Other Bestselling Historical Fiction from Sourcebooks Landmark: *The Mystery of Mrs. Christie* by Marie Benedict *The Book Woman of Troublesome Creek* by Kim Michele Richardson *Sold on a Monday* by Kristina McMorris

Classic Collection of P. G. Wodehouse. (100 Books). Novels. Stories. Illustrated P.G. Wodehouse, 2025-02-18 Sir Pelham Grenville Wodehouse was an English author and one of the most widely read humorists of the 20th century. His creations include the feather-brained Bertie Wooster and his sagacious valet, Jeeves; the immaculate and loquacious Psmith; Lord Emsworth and the Blandings Castle set; the Oldest Member, with stories about golf; and Mr Mulliner, with tall tales on

subjects ranging from bibulous bishops to megalomaniac movie moguls. Born in Guildford, the third son of a British magistrate based in Hong Kong, Wodehouse spent happy teenage years at Dulwich College, to which he remained devoted all his life. After leaving school he was employed by a bank but disliked the work and turned to writing in his spare time. His early novels were mostly school stories, but he later switched to comic fiction. Most of Wodehouse's fiction is set in his native United Kingdom, although he spent much of his life in the US and used New York and Hollywood as settings for some of his novels and short stories. Wodehouse worked extensively on his books, sometimes having two or more in preparation simultaneously. He would take up to two years to build a plot and write a scenario of about thirty thousand words. After the scenario was complete he would write the story. Early in his career he would produce a novel in about three months, but he slowed in old age to around six months. He used a mixture of Edwardian slang, quotations from and allusions to numerous poets, and several literary techniques to produce a prose style that has been compared to comic poetry and musical comedy. Memory and Migration in the Shadow of War Joy Damousi,2015-11-12 In an engaging and original contribution to the field of memory studies, Joy Damousi considers the enduring impact of war on family memory in the Greek diaspora. Focusing on Australia's Greek immigrants in the aftermath of the Second World War and the Greek Civil War, the book explores the concept of remembrance within the larger context of migration to show how intergenerational experience of war and trauma transcend both place and nation. Drawing from the most recent research in memory, trauma and transnationalism, *Memory and Migration in the Shadow of War* deals with the continuities and discontinuities of war stories, assimilation in modern Australia, politics and activism, child migration and memories of mothers and children in war. Damousi sheds new light on aspects of forgotten memory and silence within families and communities, and in particular the ways in which past experience of violence and tragedy is both negotiated and processed.

The Surgeon's Daughter Audrey Blake,2022-05-10 SheReads Best Historical Fiction Of Summer 2022! This is an intense, suspenseful, and insightful read about the challenges both women and doctors faced in the 19th century...Our heroine rises to the challenge with courage and determination. —Historical Novel Society From the USA Today bestselling author of *The Girl in His Shadow* comes a riveting historical fiction novel about the women in medicine who changed the

world forever. Women's work is a matter of life and death. Nora Beady, the only female student at a prestigious medical school in Bologna, is a rarity. In the 19th century women are expected to remain at home and raise children, so her unconventional, indelicate ambitions to become a licensed surgeon offend the men around her. Everything changes when she allies herself with Magdalena Morenco, the sole female doctor on-staff. Together the two women develop new techniques to improve a groundbreaking surgery: the Cesarean section. It's a highly dangerous procedure and the research is grueling, but even worse is the vitriolic response from men. Most don't trust the findings of women, and many can choose to deny their wives medical care. Already facing resistance on all sides, Nora is shaken when she meets a patient who will die without the surgery. If the procedure is successful, her work could change the world. But a failure could cost everything: precious lives, Nora's career, and the role women will be allowed to play in medicine. Perfect for book clubs and for fans of Marie Benedict, Tracey Enerson Wood, and Sarah Penner comes a captivating celebration of women healthcare workers throughout history.

All In Her Hands Audrey Blake, 2026-02-24 From USA Today bestselling author Audrey Blake comes a story of love, hope, and perseverance, following one woman's fight against an invisible enemy. One woman physician. A group of talented midwives. A deadly disease spreading. 1849. Dr. Nora Gibson is the only female surgeon in London. In all of England, even. After earning her medical degree and overcoming the prejudice of those who wished to see her fail, she's finally earned her place at the Great Queen Street Hospital alongside her newlywed husband and her eccentric but ailing adoptive father, the great Dr. Horace Croft. But peace is hard to come by as a physician, and for one like Nora, it's almost impossible. When Nora takes up the fight to bring midwives into the medical field, her already fragile reputation comes under fire by colleagues and London society itself. And if the possibility of losing her rights to practice medicine wasn't enough, a dangerous enemy has made itself known: the deadliest cholera epidemic in over a century. It's a swift disease that wreaks havoc and tragedy across the city, especially amongst the working classes, and Nora will do anything she can to help. Soon, she finds herself on the frontlines of the disease, and as those around her begin to fall, she'll have to find the strength to stand alone and maintain her greatest oath: to save lives. Whether she'll make it through, though, is up to fate.

Red Hovik Afyan, 2023-12-08 An Armenian Modern Classic in an English translation— War is the greatest evil to afflict humankind and it changes everything. Love is the greatest good and it turns everything upside down. War and love bear flags of the same colour – Red. And when people hold these flags aloft, they are overcome by their instincts to live and advance. Hovik Afyan tells the story of ordinary people who fight a never-ending battle. Confident that the two main things people do in their lives are to fight and love, he dedicates this novel to those who paint and dance during a war. And wars never really end, whether they take place on a country's borders, at home, or within a human being.

Looking for Elizabeth Helen Trinca, 2025-07-15 The full story of an Australian literary enigma Why did Elizabeth Harrower – one of Australia's most important postwar authors – stop writing at the height of her powers? After publishing

four books that earned the admiration of Patrick White, Shirley Hazzard and Christina Stead, Harrower published no more novels. She faded from the literary landscape, until being rediscovered decades later to international acclaim. In *Looking for Elizabeth*, Helen Trinca unravels this mystery. Exploring the personal and artistic forces that shaped Harrower's writing, she draws a sensitive portrait of a wounded 'divorced child' and the legacy of abandonment she carried throughout her life. She probes the contradictions of a woman who wielded extraordinary insight into others' lives but guarded her own fiercely. And she vividly brings to life the literary circles of this fascinating era in Australian culture. Based on interviews with Harrower and full access to her archive, *Looking for Elizabeth* is the first full biography of this significant figure in Australian letters. 'A masterful deep dive into the enigmatic life of a writer who stunned, and then stopped. This is a monumental addition to Australian literary biography that's destined to become a classic.' —Nikki Gemmell 'A biography that is every bit as beguiling and complex as its towering subject. Exacting, exhaustive and utterly essential. The more I read, the more compelled I felt to cut out a picture of Elizabeth Harrower and stick it above my writing desk.' —Trent Dalton

Red Strains Robert Adlington, 2013-04-25 The end of global communism has erased from memory the prior influence of communist ideology outside of the communist bloc. Many western musicians were involved in communist movements and organisations which often had a decisive impact upon their music. This book recalls the meeting of music and communism in societies outside of a communist state.

Meanjin, 1987 Meanjin is a quarterly literary journal publishing the best new writing from established voices and emerging talents. For over 70 years Meanjin has articulated questions of national importance, questions of art, culture, policy and identity, as well as introducing some of the greatest literary names Australia has ever produced.

A Career in Writing David John Carter, 1997 Description currently unavailable

The Stranger from Melbourne Paul Adams, 1999 Frank Hardy was both a writer and a conspicuous public figure. So huge is his public legacy that it often overshadows the literary work and the books he wrote, many of which are no longer in print. Mr. Hardy may not have been the greatest writer Australia has ever produced, but he was perhaps one of the greatest literary risk takers and experimenters. This book looks at Hardy the writer and Hardy the public/private historical figure - from the halcyon days of Australian Communism in the forties - to the period following the Soviet invasion of Czechoslovakia in 1968. These years, 1944-1975, represent some of the key turning points in Hardy's writing and in particular, the significant changes in his relationship to the Communist Party of Australia, which are central to understanding his writing.
