

Historical Fiction For Sixth Graders

Beth Bartleson Zarian

Around the World with Historical Fiction and Folktales Beth Bartleson Zarian, 2004-06-28 As more school districts undergo the painstaking task of curriculum integration, resources that offer children an opportunity to live vicariously in times and places they cannot experience any other way become increasingly necessary. Whether two teachers are covering the same topic in separate classes (e.g. English and history), or designing a thematic unit with the school librarian, this book will assist all parties in the selection of high quality literature. In this handy guide to nearly 800 award winning historical fiction for Kindergarten through 8th grade, Beth Zarian literally spans the globe. Entries are first divided into three sections - American history, world history, and myths and folklore - then chronologically from prehistoric times to present day, and finally by grade level. Each entry is accompanied by a short annotation. For anyone wishing to teach historical facts in an entertaining way, *Around the World with Historical Fiction and Folktales* is the only way to travel.

Supporting Reading in Grades 6-12 Sybil M. Farwell, Nancy L. Teger, 2012-06-11 This book presents a curricular framework for students grades 6-12 that school librarians and teachers can use collaboratively to enhance reading skill development, promote literature appreciation, and motivate young people to incorporate reading into their lives, beyond the required schoolwork. *Supporting Reading Grades 6-12: A Guide* addresses head-on the disturbing trend of declining leisure reading among students and demonstrates how school librarians can contribute to the development of lifelong reading habits as well as improve students' motivation and test scores. The book provides a comprehensive framework for achieving this: the READS curriculum, which stands for Read as a personal activity; Explore characteristics, history, and awards of creative works; Analyze structure and aesthetic features of creative works; Develop a literary-based product; and Score reading progress. Each of these five components is explained thoroughly, describing how school librarians can encourage students to read as individuals, in groups, and as school communities; support classroom teachers' instruction; and connect students to today's constantly evolving technologies. Used in combination with an inquiry/information-skills model, the READS curriculum enables school librarians to deliver a dynamic, balanced library program that addresses AASL's Standards for the 21st-Century Learner.

Sixth Grade Success Susan Mackey Collins, 2011-05 Capture the adventure students feel as they advance to a new grade level, encounter new concepts, and master new skills. These motivating activities cover language arts, math, science,

and social studies. A bonus section at the end of each book provides a jump start to the next grade level, with a selection of language arts and math activities.

Reader's Theater Sixth Grade Scripts--Language Arts Timothy Rasinski,2014-04-01 Increase student fluency through repeated readings of interesting, language arts reader's theater scripts for 6th graders. Based on Dr. Timothy Rasinski's fluency research, these scripts are ideal for improving fluency through dramatic readings.

Teaching Literacy in Sixth Grade Karen D. Wood,Maryann Mraz,2005-05-13 Sixth grade marks the transition to middle school and, for many students, the transition to early adolescence. The sixth-grade classroom is a place where problem-solving and abstract thinking skills can flourish as teachers devise creative ways to integrate language arts with effective content-area instruction. This book walks the reader through everyday life in a successful sixth-grade language arts/social studies classroom and provides foundational knowledge and hands-on strategies for working with diverse learners.
