Light in August William Faulkner,2002-04-02 Selected by the Modern Library as one of the 100 best novels of all time From the Modern Library's new set of beautifully repackaged hardcover classics by William Faulkner—also available are Snopes, As I Lay Dying, The Sound and the Fury, Absalom, Absalom!, and Selected Short Stories One of William Faulkner's most admired and accessible novels, Light in August reveals the great American author at the height of his powers. Lena Grove's resolute search for the father of her unborn child begets a rich, poignant, and ultimately hopeful story of perseverance in the face of mortality. It also acquaints us with several of Faulkner's most unforgettable characters, including the Reverend Gail Hightower, plagued by visions of Confederate horsemen, and Joe Christmas, a ragged, itinerant soul obsessed with his mixed-race ancestry. Powerfully entwining these characters' stories, Light in August brings to life Faulkner's imaginary South, one of literature's great invented landscapes, in all of its unerringly fascinating glory. Along with a new Foreword by C. E. Morgan, this edition reproduces the corrected text of Light in August as established in 1985 by Faulkner expert Noel Polk.

New Essays on Light in August Michael Millgate, 1987-06-26 *Light in August* (1932) is one of William Faulkner's most important, most challenging, and most widely studied novels, demanding to be approached from many angles and with a variety of critical and scholarly skills. Here five distinguished critics offer just such a range of approaches, discussing the novel in terms of its composition and its place in Faulkner's oeuvre; its structure and narrative techniques; its relation to the religious, racial, and sexual assumptions of the society it depicts; its presentation of women and handling of gender-related issues; and the social and moral implications of the 'hero' status accorded to a figure like Joe Christmas. Each contributor has had a double ambition: to write clearly and directly, thus making the volume accessible to the widest possible audience, and to write freshly and originally, so as to enhance - even for those thoroughly familiar with the existing criticism - understanding and appreciation of *Light in August* itself and of Faulkner's work as a whole.

The Poltergeist in William Faulkner's Light in August John P. Anderson, 2002-09 An analysis of Faulkner's novel *Light in August* based on the death of his daughter, Alabama. **BACK COVER:** This non-academic author exposes the poltergeist lurking in the cellar of Faulkner's uncanny and haunting novel *Light in August* as the ghost of Faulkner's first child Alabama. She was born prematurely and died tragically after only nine days, apparently in the clutches of fetal alcohol syndrome. Faulkner couldn't write anything substantial for 7 months and then started this disturbing novel. The author demonstrates how Faulkner's own grief experience shaped the characters and the action and how he grounded part of his personal poltergeist in this novel. The resulting novel is full of tension and alienation. Strangers occupy Faulkner's fictional Jefferson, Mississippi against the background of the culturally reft South post-Civil War. The author shows how Faulkner shrouded his intensely personal grief experience in a conceptual wardrobe borrowed from the philosopher and Nobel Prize winning Henri Bergson. Faulkner borrowed Bergsonian concepts of the life and death currents for the contrast in characters between those free in the present and those prisoners of the past. Lena Grove the young and pregnant country girl walking for weeks to find the father of her child bears the life current and Joe Christmas the orphan turned rapist and murderer the death current. The author demonstrates how Faulkner created the novel's other vivid characters using similar contrasts and how the plot strands tie together in a resonating whole. The author's detailed textual analysis of important passages brings this difficult novel into focus. Like the author's other books on Joyce and Faulkner, use of this analysis either as literary foreplay or afterplay will enhance your reading experience of Faulkner's novel.

Light in August William Faulkner William Faulkner, 1932 The novel is set in the American South in the 1930s, during the time of Prohibition and Jim Crow laws that legalized racial segregation in the South. It begins with the journey of Lena Grove, a young pregnant white woman from Doane's Mill, Alabama, who is trying to find Lucas Burch, the father of her unborn child. He has been fired from his job in Doane's Mill and moved to Mississippi, promising to send word to her when he has a new job. Not hearing from Burch and harassed by her older brother for her illegitimate pregnancy, Lena walks and hitchhikes to Jefferson, Mississippi, a town in Faulkner's fictional Yoknapatawpha County. There she expects to find Lucas working at another planing mill, ready to marry her. Those who help her along her four-week trek are skeptical that Lucas Burch will be found, or that he will keep his promise when she catches up with him. When she arrives in Jefferson, Lucas is there, but he has changed his name to Joe Brown. Looking for Lucas, sweet, trusting Lena meets shy, mild-mannered Byron Bunch, who falls in love with Lena but feels honor-bound to help her find Joe Brown. Thoughtful and quietly religious, Byron is superior to Brown in every way, but his shyness prevents him from revealing his feelings to Lena. The novel then switches to the second plot strand, the story of Lucas Burch/Joe Brown's partner Joe Christmas. The surly, psychopathic Christmas has been on the run for years, ever since at least injuring, perhaps even killing his strict Presbyterian adopted father. Although he has light skin, Christmas suspects that he is of African American ancestry. Consumed with rage, he is a bitter outcast who wanders between black and white society, constantly provoking fights with blacks and whites alike. Christmas comes to Jefferson three years prior to the central events of the novel and gets a job at the mill where Byron, and later Joe Brown, work. The job at the mill is a cover for Christmas's bootlegging operation, which is illegal under Prohibition. He has a sexual relationship with Joanna Burden, an older woman who descended from a formerly powerful abolitionist family whom the town despises as carpetbaggers. Though their relationship is passionate at first, Joanna begins menopause and turns to religion, which frustrates and angers Christmas. At the end of her relationship with Christmas, Joanna tries to force him, at gunpoint, to kneel and pray. Joanna is murdered soon after: her throat is slit and she is nearly decapitated.

Faulkner in the Eighties John E. Bassett,1991-10 This bibliography brings up through 1989 the comprehensive listing of scholarship and criticism on William Faulkner begun by Bassett in two earlier books, *William Faulkner: An Annotated Checklist of Criticism* (1972) and *Faulkner: An Annotated Checklist of Recent Criticism* (1983). Since the latter, over a hundred books on Faulkner have been completed, along with hundreds of articles and dissertations. This work lists all new items, often with extensive annotations, and provides separate entries for chapters of books that cover individual novels and stories. Bassett's introductory essay provides an overview of the last decade of Faulkner studies, the first in which post-structuralist and other newer forms of criticism had a major impact on Faulkner studies.
