Progeny Tirupur S. Gopalakrishnan,2024-08-14 It is a monotonous cycle to be born as a child, grow as a youth, get married and again give birth to a child to keep the descendant going. After the initial months and years of marriage, the couples look to beget good children and bring them good personalities into the society. The importance attached to begetting progeny is that couples search for the answers for the delay in begetting Children and opt for other means to get their descendants when it is much delayed. This book by respectable Tirupur Sri S. Gopalakrishnan GK (as he is fondly known) has given numerous ways to know where the defect is and the means to correct it. He has penned down so many methodologies in determining the factors for denial and delay in progeny, thereby suggesting that valued couples look for the alternative to have the love and affection of the babies at the earliest. The sole aim of the author is to press the couples to look for the assertion of 'yes' or 'no' answer to their question of having children through normal means and to start the process through other means at an earlier stage to spend happy days with those lovable kids they get by any means like test-tube babies, IVF else thro' egg donors. The sole aim of the author is to see the couple blessed with the babies of their choice and bring them up as valuable citizens to see a powerful India as imagined by the late Dr A. P. J. Abdul Kalam.

Peranakan Indians of Singapore and Melaka Samuel S. Dhoraisingam,2006 This book offers a glimpse into an almost unknown but distinct community in Singapore and Malaysia: the Peranakan Indians. Overshadowed by the larger, more widespread and more influential Peranakan Chinese, this tightly knit community likewise dates back to early colonial merchants who intermingled with and married local Malays in Malacca. Most Peranakan Indians are Saivite Hindus, speak a version of Malay amongst themselves, and have a cuisine influenced by all three major cultures of Malaysia and Singapore (Malay, Indian, Chinese). Bringing together original interviews and archival material, this accessible book documents the all-but-forgotten history, customs, religion and culture of the Peranakan Indians of Singapore and Malacca.

Arts and Crafts of Tamilnadu Nanditha Krishna,1992 The dividing line between art and craft in Tamilnadu is not easily discernible. With an uninterrupted classical heritage, its craft forms were transformed into works of art - the village terracottas became the great bronzes, the wood carvings became splendid monuments in stone. Unlike other parts of India, Tamilnadu's geographic location in the far south protected it from extraneous influences and made for a certain insularity of

culture which strengthened the styles from within.--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. All Rights Reserved
