New Folks' Home Clifford D. Simak, 2016-03-01 Ten stories of wonder and imagination by an author named Grand Master by the Science Fiction and Fantasy Writers of America. In the collection's title story, Frederick Gray is closing in on seventy and has outlived his usefulness as a professor of law. He has no family; his best friend, fellow faculty member Ben Lovell, has recently died. Before Gray moves into a retirement home, he takes a final canoe trip to a favorite fishing spot he and Lovell had visited many times, only to find that someone has built a house on the remote riverside. When an accident leaves Gray stranded and in pain, he returns to the shelter seeking aid and instead finds a new reason for living. Nine additional tales showcase Clifford D. Simak's talent for spinning stories that allow us to glimpse the possibilities of life beyond Earth as well as expand our wisdom of what it means to be human. Each story includes an introduction by David W. Wixon, literary executor of the Clifford D. Simak estate and editor of this ebook.

City Clifford D. Simak, 2015 Contains a series of connected stories, a series of legends, myths, and campfire stories told by Dogs about the end of human civilization, centering on the Webster family, who, among their other accomplishments, designed the ships that took Men to the stars and gave Dogs the gift of speech and robots to be their hands.

All Flesh Is Grass Clifford D. Simak, 2015-07-21 Long before *Under the Dome*, this novel of a town trapped within an invisible force field earned a Nebula Award nomination for the author of *Way Station*. Nothing much ever happens in Millville, a small, secluded Middle-American community—until the day Brad Carter discovers he is unable to leave. And the nearly bankrupt real estate agent is not the only one being held prisoner; every resident is confined within the town's boundaries by an invisible force field that cannot be breached. As local tensions rapidly reach breaking point, a set of bizarre circumstances leads Brad to the source of their captivity, making him humanity's reluctant ambassador to an alien race of sentient flora, and privy to these jailers' ultimate intentions. But some of Millville's most powerful citizens do not take kindly to Carter's collaboration with the enemy, even under the sudden threat of global apocalypse. Decades before Stephen King trapped an entire town in *Under the Dome*, science fiction Grand Master Clifford D. Simak explored the shocking effects of communal captivity on an unsuspecting population. Nominated for the Nebula Award, *All Flesh Is Grass* is a riveting masterwork that brilliantly reinvents the alien invasion story.

The Ghost of a Model T Clifford D. Simak, 2015-10-20 Tales of nostalgia and loss in a world overrun by technology Hank is

walking home from the bar when the Model T pulls alongside him. It's been decades since he saw a car this old, and the sound of it takes him right back to his twenties. The door is open, and when he climbs in, the car takes off—without a driver. Before he knows what's happened, Hank is right back at Big Spring Pavilion, where he spent his youth drinking bootleg whiskey and chasing pretty girls. He will find the past is not quite as he remembered it, but still a lovely place to go for a drive. This collection includes some of the finest short fiction Clifford Simak ever wrote, including *City*, the story that became the basis for his beloved novel of the same name. In the history of science fiction, no author has ever better understood that the Great Plains and the cosmos are closer together than we think. Each story includes an introduction by David W. Wixon, literary executor of the Clifford D. Simak estate and editor of this ebook.

Out of Their Minds Clifford D. Simak, 2015-07-21 A writer finds himself trapped in an isolated village where anything imagined becomes reality in this wildly inventive contemporary fantasy. Hoping to write his book in quiet and seclusion, Horton Smith has returned home to Pilot Knob. Here, in the tiny village where he passed so many carefree childhood years, he is untroubled by the pressures of the big city and can freely answer the call of his muse. Of course, back in the city Horton didn't have to run from dinosaurs. There were no cartoon hillbillies offering him moonshine, Don Quixote was content to confine himself to the pages of a book, and the Devil himself was not on Horton's tail. Something very, very unusual is going on in Pilot Knob, and Horton Smith is determined to get to the bottom of it—if his own imagination doesn't kill him first! In *Out of Their Minds*, science fiction Grand Master Clifford D. Simak changes gears, treating his readers to a delightfully satiric flight of fancy and fantasy. An award-winning author renowned for his remarkable visions of the future, Simak brings creatures and characters from humankind's collective imagination to breathtaking life in this fast-moving and unforgettable tale.

The Big Front Yard Clifford D. Simak, 2015-10-20 A Hugo Award-winning novelette and other stories by the author of *Way Station*: To read science fiction is to read Simak. —Robert A. Heinlein Hiram Taine is a handyman who can fix anything. When he isn't fiddling with his tools, he is roaming through the woods with his dog, Towser, as he has done for as long as he can remember. He likes things that he can understand. But when a new ceiling appears in his basement—a ceiling that appears to have the ability to repair television sets so they're better than before—he knows he has come up against a mystery that no man can solve. Winner of the Hugo Award for Best Novelette, *The Big Front Yard* is a powerful story about what happens when an ordinary man finds reality coming apart around him. Along with the other stories in this collection, it is some of the most lyrical science fiction ever published. Each story includes an introduction by David W. Wixon, literary executor of the Clifford D. Simak estate and editor of this ebook.

A Heritage of Stars Clifford D. Simak, 2015-07-21 A man hunts for lost knowledge in a future society that's reverted to a primitive tribal state in this novel by the author of *Way Station*. More than a thousand years have passed since humankind

intentionally destroyed its treacherous technology, choosing to revert back to a primitive tribal state. In this society the rusting brain cases of long-inert robots are considered trophies, and the scant knowledge that has survived is doled out to an inquisitive few in monastery-like universities. It is at one such center of learning that young Tom Cushing first reads of the legendary Place of Going to the Stars, rumored to exist on a high butte somewhere in the western part of the land. Driven by enthusiasm and an insatiable need to track the myth to its source, Tom sets out on an amazing trek across what was once called America, teaming up with a witch, the world's last remaining robot, and other odd companions. But all the astonishing discoveries and dangers they encounter along the way will pale before the revelations that await them at journey's end. Clifford D. Simak, award-winning science fiction Grand Master, offers a breathtaking vision of the future that is both dystopian and hopeful in equal measure. In *A Heritage of Stars*, he boldly displays the heart, intelligence, and awesome imaginative powers that have established him as one of the all-time greatest authors of speculative fiction.

Time Is the Simplest Thing Clifford D. Simak, 2015-07-21 A telepath acquires a powerful alien consciousness—and must run to escape corporate assassins and angry mobs—in this novel by the author of *Way Station*. Space travel has been abandoned in the twenty-second century. It is deemed too dangerous, expensive, and inconvenient—and now the all-powerful Fishhook company holds the monopoly on interstellar exploration for commercial gain. Their secret is the use of parries, human beings with the remarkable telepathic ability to expand their minds throughout the universe. On what should have been a routine assignment, however, loyal Fishhook employee Shepherd Blaine is inadvertently implanted with a copy of an alien consciousness, becoming something more than human. Now he's a company pariah, forced to flee the safe confines of the Fishhook complex. But the world he escapes into is not a safe sanctuary; Its people have been taught to hate and fear his parapsychological gift—and there is nowhere on Earth, or elsewhere, for Shepherd Blaine to hide. A Hugo Award nominee, *Time Is the Simplest Thing* showcases the enormous talents of one of the true greats of twentieth-century science fiction. This richly imagined tale of prejudice, corporate greed, oppression, and, ultimately, transcendence stands tall among Simak's most enduring works.

I Am Crying All Inside Clifford D. Simak, 2015-10-20 From the Nebula Award-winning author of *Way Station*: Ten stories—including one never before published—of mystery and imagination in a world that cannot be. People work; folk play. That is how it has been in this country for as long as Sam can remember. He is happy, and he understands that this is the way it should be. People are bigger than folk. They are stronger. They do not need food or water. They do not need the warmth of a fire. All they need are jobs to do and a blacksmith to fix them when they break. The people work so the folk can drink their moonshine, fish a little, and throw horseshoes. But once Sam starts to wonder why the world is like this, his life will never be the same. Along with the other stories in this collection, “*I Am Crying All Inside*” is a compact marvel—a picture of an impossible reality that is not so different from our own. Also included in this volume is the newly published “*I Had No*

Head and My Eyes Were Floating Way Up in the Air,” originally written for Harlan Ellison’s *The Last Dangerous Visions*.™ Each story includes an introduction by David W. Wixon, literary executor of the Clifford D. Simak estate and editor of this ebook.

The Visitors Clifford D. Simak, 2023-07-04 An enormous, mysterious box descends upon smalltown Minnesota, spelling trouble for the world, in this classic adventure from a Science Fiction Grand Master. Forestry student Jerry Conklin is fly-fishing when something huge lands on his car, crushing it into the earth. It looks like a big black box—about fifty feet high and two hundred feet long—and the object stirs up quite a commotion among the townspeople of Lone Pine, Minnesota. One of them even shoots at it—and quickly pays for it with his life. Around the country, people scramble to determine what exactly the box is. Is it a machine? Or maybe a sentient being? What does it want? They have no way of knowing. Jerry, meanwhile, has firsthand knowledge after the visitor abducts him. Then, just as he discovers it is a living, intelligent creature, it releases him into the darkness of night. As Jerry searches for a way back to civilization, more visitors descend upon Earth. They seem harmless enough. Then they begin eating trees, and that’s only the beginning . . . Praise for *The Visitors* “One of the most engaging novels of alien invasion ever written.” —Library Journal

Epilog Clifford D. Simak, 2023-07-11 A volume of eleven stories from the Hugo Award-winning science fiction author that explore inner space, future worlds, and the peculiar lives of robots. One of the twentieth century’s most pioneering science fiction authors, Clifford D. Simak had a special fondness for robots. Not only did these thinking machines represent the boundless possibilities of technology, they also had the potential to bring—in his words—“the kindness and the courage that I thought were needed in the world.” The stories in this volume offer a variety of Simak’s unique robot visions. In “Lulu,” a robot built for planetary exploration takes on a female identity, causing unforeseen challenges for her three-man crew. An examination of an unknown planet reveals the celestial body to be a single, gigantic computer whose origins and purpose are a mystery, in “Limiting Factor.” And in the title story, Simak returns to his longest-running robot character, Jenkins, who reflects on all that has come and gone one last time. Each story includes an introduction by David W. Wixon, literary executor of the Clifford D. Simak estate and editor of this ebook.

Ring Around the Sun Clifford D. Simak, 2023-06-06 In this classic novel by the Science Fiction Grand Master, a writer searching for explanations uncovers the existence of mutants and multiple Earths: “First-rate Simak” (*The New York Times*). Author Jay Vickers would like nothing more than to be left alone so he can finish his next book. But “there’s something strange going on,” as his peculiar neighbor, Horton Flanders, says. For instance, the market is filling with new inventions that supposedly last forever—cars, razors, cigarette lighters, and more. Individuals and whole families are disappearing. Soon, even Mr. Flanders vanishes—but not before leaving Vickers a note. Following Flanders’s advice, Vickers travels to his childhood home, where he makes a fantastic discovery. It is a mere child’s toy, a brightly colored whistling top. But for Jay

Vickers, it leads to other worlds and answers all his questions. What happened to all the vanished people? Who is behind these helpful inventions? And what sort of being would want to stop them. . . ? “Unforgettable.” —New York Herald Tribune “Solid entertainment, with plenty of startling plot twists.” —The Magazine of Fantasy & Science Fiction “Some of the most ingenious plot twists in recent science-fiction.” —Galaxy

Way Station Clifford D. Simak, 2015-07-21 Hugo Award Winner: In backwoods Wisconsin, an ageless hermit welcomes alien visitors—and foresees the end of humanity . . . Enoch Wallace is not like other humans. Living a secluded life in the backwoods of Wisconsin, he carries a nineteenth-century rifle and never seems to age—a fact that has recently caught the attention of prying government eyes. The truth is, Enoch is the last surviving veteran of the American Civil War and, for close to a century, he has operated a secret way station for aliens passing through on journeys to other stars. But the gifts of knowledge and immortality that his intergalactic guests have bestowed upon him are proving to be a nightmarish burden, for they have opened Enoch’s eyes to humanity’s impending destruction. Still, one final hope remains for the human race . . . though the cure could ultimately prove more terrible than the disease. Winner of the Hugo Award for Best Novel, *Way Station* is a magnificent example of the fine art of science fiction as practiced by a revered Grand Master. A cautionary tale that is at once ingenious, evocative, and compassionately human, it brilliantly supports the contention of the late, great Robert A. Heinlein that “to read science-fiction is to read Simak.”

The Works of Clifford D. Simak Volume Three Clifford D. Simak, David W. Wixon, 2018-12-11 Three stunning works of science fiction from the Hugo and Nebula Award-winning grandmaster and author of *Way Station*. *I Am Crying All Inside and Other Stories*: Ten stories of mystery and imagination in a world that cannot be, full of plant-based intelligence, robots, aliens, and time-travelers. Includes “I Had No Head and My Eyes Were Floating Way Up in the Air,” originally written for Harlan Ellison’s *The Last Dangerous Visions*.™ *Highway of Eternity*: The Evans family is hiding in eighteenth-century England from dangerous aliens from the future when they’re discovered by secret agent Jay Corcoran. Now they all must race for survival through space and time—but it’s easier said than done when monstrous beasts, killer robots, and immortal body-destroyers are waiting at every juncture. *Project Pope*: Sentient robots on the remote planet End of Nothing are working to create a truly universal religion presided over by a pope, a supercomputer fed knowledge by telepathic humans. But everything could be compromised when one of the humans claims she’s found Heaven . . .

Cemetery World and Destiny Doll Clifford D. Simak, 2022-11-29 Brave explorers encounter a dangerous new world and a terrifying future Earth in these two classic novels by the pioneering SFWA Grand Master. *Cemetery World* After a disastrous planet-wide war, Earth is nothing more than an elite graveyard—but Fletcher Carson is venturing back in search of a vital bounty. Fletcher, a former artist, is joined by a sentient machine, an ancient, powerful robot, and a treasure-seeking beauty. They soon discover that Earth harbors more than the carefully groomed tombstones. In the wild land beyond the

cemetery there are dangerous machines, mutant creatures, and even humans who never left their home planet. *Destiny Doll* When a team of explorers is beckoned to a strange planet, it closes around them like a Venus flytrap. Assailed by strange perils and even stranger temptations, the small group struggles to survive as, surrounded by creatures of myth and mystery, they are stalked by a deadly nemesis. Even more peculiar is the little wooden painted doll that offers them salvation . . . or damnation.

Highway of Eternity Clifford D. Simak, 2015-12-01 Two present-day investigators race across time to escape malevolent aliens from the future and their terrible gift of immortality in this novel by a Nebula Award-winning author. What is the price of eternal life? Secret agent Jay Corcoran is about to learn the answer when his investigation into an inexplicable disappearance carries him and journalist friend Tom Boone hundreds of years into the past. Corcoran and Boone's powerful extrasensory abilities lead them to an advanced transportation system through time, and back to the bucolic eighteenth-century English countryside. There, they discover a family from the distant future hiding from the Immortals—an alien race that, many centuries on, is seducing human subjects with the promise of eternal life. But at the cost of the corporeal self, there is no place in the aliens' future for anyone unwilling to exist as mind alone. Now that the Evans family's sanctuary has been breached, escape is the only answer—for Boone and Corcoran as well—and the only way out is forward . . . far forward. But racing through space and time can be a hazardous occupation, especially with monstrous beasts, killer robots, and Immortal body-destroyers waiting at every juncture. The last novel from acclaimed science fiction Grand Master Clifford D. Simak, winner of the Hugo, Nebula, and numerous other awards, *Highway of Eternity* combines breathtaking action with provocative ideas and unparalleled ingenuity, the hallmarks of Simak's exceptional art. It is a fitting finale for the man who stands alongside Heinlein, Asimov, Bradbury, and Clarke as one of the true giants of speculative fiction's Golden Age.

Special Deliverance Clifford D. Simak, 2015-12-01 From a Nebula and Hugo award winner, one the best-loved authors in SF: A tale of humans and one robot navigating an alien puzzle-world (Publishers Weekly). Following a conversation with a talking slot machine, Professor Edward Lansing finds himself mysteriously transported to a tavern on a long and empty road. It is immediately obvious to the educator that he is no longer on campus—or even Earth—and that he is not alone. Lansing's new companions—a female engineer, a military officer, a humorless priest, a poetess, and a robot named Jurgens—all hail from separate alternate realities and share Lansing's confusion. What is clear, however, is that they must continue down the road together, encountering a series of bizarre sights, dangerous obstacles, and perplexing puzzles along the way: an abandoned, decaying city; a set of doorways; a large blue cube; a tower that sings. Soon it is apparent they are all being tested for some eerie, inexplicable reason, and the choices each must make will determine his or her future. For those who fail, the alien trail will never be seen again. A provocative science fiction allegory, *Special Deliverance* is Hugo and Nebula Award-winner Clifford D. Simak's *Pilgrim's Progress*—a tale of great trials and hidden agendas that expose the foibles of

humanity and a fantastic exploration of the human condition. A science fiction classic brimming with intelligence, invention, and wonder, it is yet another extraordinary creation from one of the genre's most revered grandmasters.

No Life of Their Own Clifford D. Simak, 2016-03-01 Twelve classic tales of the unknown from the Hugo and Nebula Award-winning author of *Way Station*. Clifford D. Simak had a sublime ability to evoke a lost way of life. He spent his youth in rural Wisconsin, a landscape filled with mysterious hollows, cliffs, dark forests, and the Wisconsin River flowing in its deep-cut valley. As Simak wandered the countryside and the ridges, he peopled them with imaginary characters who later came to life in his stories. One such individual is Johnny, the orphaned farm boy of *The Contraption*, who stumbles upon a wrecked starship and receives a priceless gift from its owners. Another is the old prospector Eli, whose surprising discoveries on Mercury get him killed in *Spaceship in a Flask*. In *Huddling Place*, a man with paralyzing agoraphobia is the only one who can save the life of a dear friend on Mars—if he can bear to make the trip. And in the title story, aliens slowly take over Earth while humans leave it behind and head for the Homestead Planets. Each story includes an introduction by David W. Wixon, literary executor of the Clifford D. Simak estate and editor of this ebook.

Earth for Inspiration Clifford D. Simak, 2016-07-05 From tales of alien invasions and intergalactic war to visions of dystopian tomorrows, an astonishing collection from one of literary science fiction's all-time greats, Hugo Award winner Clifford D. Simak. The twentieth century's so-called golden age of science fiction produced many great writers—including Isaac Asimov, Ray Bradbury, Arthur C. Clarke, and Robert Heinlein—yet none is greater than Clifford D. Simak, named Grand Master by the Science Fiction Writers of America. His bold visions of and ingenious speculations about humankind's future, always enriched with empathy and a deep understanding of human strengths, foibles, and failings, have stood the test of time, remaining powerful, affecting, and relevant. This sterling collection of fantastic stories by the multiple Hugo and Nebula Award-winning master showcases some of Simak's finest short fiction, from his earliest published tales to his later masterworks. In the wry and wonderful title story, a science fiction writer of the far future returns to a nearly abandoned Earth in search of inspiration—and finds that the dying planet holds more wonder than he bargained for. The interdimensional invasion Simak imagines in *Hellhounds of the Cosmos* displays a conceptual ingenuity not typically seen in speculative fiction prior to World War II. And other tales in this marvelous compendium offer a wide range of wonders, from the surrender terms dictated by a cute and cuddly alien enemy and a get-rich-quick real-estate scam originating from another galaxy to the truth behind a series of strange disappearances on Jupiter and an explosion of ladybugs in a salesman's suburban home—an infestation quite possibly not of this Earth. Whether he's rocketing us to another galaxy, leading us through the otherworldly shadows of small-town America, or preparing us for a Wild West shootout, every literary outing with Simak is an excursion to remember.

Shakespeare's Planet Clifford D. Simak, 2015-07-21 A human space traveler trapped on a remote planet must somehow

unravel a confounding alien technology—or else surrender himself to a host of incomprehensible horrors For thousands of years, Carter Horton has been traveling across the galaxy toward a distant world capable of supporting human life. At journey's end, awakened from his millennia-long sleep by a curiously adaptive android, he is informed that his crewmates have all perished due to a system malfunction. But worse is yet to come: Horton's sentient ship is refusing to return him to Earth, and a strangely cordial predator is waiting for him on the planet's surface. The repulsive creature, Carnivore, arrived here via a tunnel across the universe, as did his late companion—a human dubbing himself William Shakespeare—whom Carnivore just recently devoured. But the tunnel moves in only one direction, and if Carter is unable to reverse it, he will find himself marooned forever in this incomprehensible world, at the mercy of monsters and a terrifying, mind-freezing alien anomaly that occurs every evening in the God-hour. With unparalleled verve, award-winning science fiction Grand Master Clifford D. Simak performs a truly astonishing feat of world-creation in Shakespeare's Planet. Bursting with intelligence, imagination, and breathtaking invention, this is a gem of speculative fiction from one of the genre's most revered and innovative artists.
