A Short History of the Attempts that Have Been Made to Convert the Popish Natives of Ireland, to the Establish'd Religion; John Richardson,1713

The Harvard Theological Review ,1916

Movable Londons Julia H. Fawcett,2025-09-04 In September 1666, a fire sparked in a bakery on Pudding Lane grew until it had destroyed four-fifths of central London. The rebuilding efforts that followed not only launched the careers of some of London's most famous architects, but also transformed Londoners' relationship to their city by underscoring the ways that people could shape a city's spaces—and the ways that a city's spaces could shape its people. Movable Londons looks to the Restoration theater to understand how the dispossessed made London into a modern city after the Great Fire of 1666 and how the introduction of changeable scenery in theaters altered how Londoners conceptualized the city. Fawcett makes a claim for the centrality of unplanned spaces and the role of the Restoration theater in articulating those spaces as the modern city emerged and argues that movable scenery revolutionized London's public theaters, inviting audiences to observe how the performers—many of them hailing from the same communities as their characters—navigated the stage.

British Protestant Missions and the Conversion of Europe, 1600-1900 Simone Maghenzani,Stefano Villani,2020-09-14 This book is the first account of British Protestant conversion initiatives directed towards continental Europe between 1600 and 1900. Continental Europe was considered a missionary land—another periphery of the world, whose centre was imperial Britain. British missions to Europe were informed by religious experiments in America, Africa, and Asia, rendering these offensives against Europe a true form of imaginary colonialism. British Protestant missionaries often understood themselves to be at the forefront of a civilising project directed at Catholics (and sometimes even at other Protestants). Their mission was further reinforced by Britain becoming a land of compassionate refuge for European dissenters and exiles. This book engages with the myth of International Protestantism, questioning its early origins and its narrative of transnational belonging, while also interrogating Britain as an imagined Protestant land of hope and glory. In the history of western Christianities, converting Europe had a role that has not been adequately investigated. This is the story of the attempted, and ultimately failed, effort to convert a continent.

Inventing Ireland Declan Kiberd,2009-05-04 Kiberd - one of Ireland's leading critics and a central figure in the FIELD DAY group with Brian Friel, Seamus Deane and the actor Stephen Rea - argues that the Irish Literary Revival of the 1890-1922 period embodied a spirit and a revolutionary, generous vision of Irishness that is still relevant to post-colonial Ireland. This is the perspective from which he views Irish culture. His history of Irish writing covers Yeats, Lady Gregory, Synge, O'Casey, Joyce, Beckett, Flann O'Brien, Elizabeth Bowen, Heaney, Friel and younger writers down to Roddy Doyle.

Witchcraft and Whigs Andrew Sneddon,2017-10-03 This ground-breaking biography of Bishop Francis Hutchinson (1669-1739) provides a detailed and rare portrait of an early eighteenth century Irish bishop and witchcraft theorist. Drawing upon a wealth of printed primary source material, the book aims to increase our understanding of the eighteenth-century established clergy, both in England and Ireland. It illustrates how one of the main sceptical texts of the seventeenth and eighteenth centuries, the Historical essay concerning witchcraft (1718), was constructed and how it fitted into the wider intellectual and literary context of the time, examining Hutchinson's views on contemporary debates concerning modern prophecy and miracles, demonic and Satanic intervention, the nature of Angels and hell, and astrology. This book will be of particular interest to academics and students in the areas of history of witchcraft, and the religious, political and social history of Britain and Ireland in the late seventeenth and early eighteenth centuries.
