

Disegno Prima Guerra Mondiale

Graziella Parati

Disegno italiano fra le due guerre Pier Giovanni Castagnoli, Paolo Fossati, 1983

R4 Piero Trellini, 2023-10-24 Quel muso suscitava simpatia. Ma forse nascondeva la sua vera essenza. Un retro dotato di un grande portellone con un pianale disteso per agevolare le operazioni di carico. Quando la Renault 4, detta Marie Chantal, debuttò nel Grand Palais di Parigi, dissero che sarebbe stata l'auto di tutti. E quella R4 color amaranto, modello Export, acquistata nel 1971 da Filippo Bartoli, divenne di tutti. A partire dal momento in cui, il 9 maggio 1978, dopo 253.839 chilometri di vita, smise di respirare insieme al corpo che trasportava. Lui era l'uomo più importante d'Italia. Lei l'auto più venduta di Francia. Era nata a Billancourt, la fabbrica parigina che aveva modellato il volto di una nazione. Nelle sue officine avevano lavorato il leader cinese Deng Xiaoping, il fotografo Robert Doisneau, la filosofa Simone Weil, il cantautore Georges Brassens e persino Gusztáv Sebes, l'allenatore della Grande Ungheria. Ma non solo loro. Dentro quegli stabilimenti, germogliati nel giardino della madre di Louis Renault, si erano mosse altre esistenze destinate ad attraversare due conflitti mondiali, la Guerra fredda, il Sessantotto, la crisi economica e la lotta armata. Seguendo quel filo lunghissimo che lega un'origine a un epilogo, riga dopo riga Piero Trellini ci trascina in un incredibile viaggio, dentro una storia che va vista dal basso, dove sono i fari delle auto a guidarci. Lungo il percorso ogni cosa si collega. Si rincorrono i pensieri di Henry Ford, Adolf Hitler, Ernest Hemingway, Francis Scott Fitzgerald, Clare Boothe Luce, George Marshall, Eduardo De Filippo, George Patton, Jean-Paul Sartre, Le Corbusier, Giangiacomo e Inge Feltrinelli, Sandro Pertini, Renato Curcio, Pier Paolo Pasolini, Henry Kissinger, Paolo VI, Aldo Moro e molti altri. Sarà la lenta trasformazione delle loro teste, attraverso una catena invisibile di anelli, a deviare la storia, portando quell'auto e quei pensieri a respirare la stessa aria e a intraprendere il medesimo tragitto. Per ritrovarsi, nelle ultime strepitose pagine, sovrapposti e coincidenti dentro la più drammatica delle coordinate.

Il disegno armato Andrea Giaime Alonge, 2000

Italy and the Cultural Politics of World War I Graziella Parati, 2016-09-14 Italy and the Cultural Politics of World War I dialogues with the variety of texts recently published to commemorate the Great War. It explores Italian socialist pacifism, the role of women during the conflict and a dominant cultural movement, Futurism, whose leader, Filippo Tommaso Marinetti, glorified war and enlisted in the fight. Other soldiers created documents about the war that differ from the heroic

and virile endeavor that Marinetti placed at the center of his works on war. Italy and the Cultural Politics of World War I pays attention to the representations of the soldiers through an analysis of their letters, dominated by descriptions of the terrible hunger they suffered. In contrast, popular film absorbed the cultural lessons in Marinetti's writings and represented soldiers as modernist heroes in comedies and dramas. However, film did not shy away from representing cowards who could only be buffoons and fools in propaganda films. In another medium, the concern was to publish texts that would serve the fighting soldier and inform readers about ideological and historical motivations for the conflict. The publishing industry supported national propaganda efforts. Only socialism could endanger anti-war publication, but after its initial opposition to the conflict, socialists occupied a neutral position. Italian socialism still remained the only European socialist party that did not renege its pacifism in order to embrace nationalism and the war, but it was also not in favor of actions that would sabotage in the Italian war industry. Italian socialism is only one feature of Italian culture that was dramatically changed during the war. WWI impacted every aspect of Italian and of European cultures. For instance, as an essay in Italy and the Cultural Politics of World War I explores, the war industry needed workers. The solution was to bring Chinese men from France to contribute in the war effort. After the war, they moved to other countries and in Milan, Italy, they founded one of the oldest Chinatowns in Europe, dramatically changing the human landscape of Italy as they later moved to other Italian cities. Italy and the Cultural Politics of World War I supplies essential research articles to the construction of an inclusive portrayal of WWI and Italian culture by deepening our understanding of the transformative role it played in 20th century Italy and Europe.
