Neocolonial Fictions of the Global Cold War Steven Belletto, Joseph Keith, 2019-06-03 Bringing together noted scholars in the fields of literary, cultural, gender, and race studies, this edited volume challenges us to reconsider our understanding of the Cold War, revealing it to be a global phenomenon rather than just a binary conflict between U.S. and Soviet forces. Shining a spotlight on writers from the war's numerous fronts and applying lenses of race, gender, and decolonization, the essayists present several new angles from which to view the tense global showdown that lasted roughly a half-century. Ultimately, they reframe the Cold War not merely as a divide between the Soviet Union and the United States, but between nations rich and poor, and mostly white and mostly not. By emphasizing the global dimensions of the Cold War, this innovative collection reveals emergent forms of post-WWII empire that continue to shape our world today, thereby raising the question of whether the Cold War has ever fully ended.

The Pedestrian Ray Bradbury, 1951

El caminante Matthew Beaumont, 2021-09-23 No existen los pasos perdidos. Cada paso y cada paseo están dotados de un sentido oculto, es decir, de una dirección, pero también de un significado, que apuntan hacia un índice utópico por conocer. Entre la maraña de trayectorias y tensiones que han dado forma a nuestras ciudades, Matthew Beaumont sigue en *El caminante* el rastro de las huellas que algunas de las voces más destacadas de la modernidad (Breton, Poe, Dickens, Chesterton, Woolf, Bataille) han dejado sobre las calles que transitaban infatigablemente para trazar los contornos de una poética y una política del caminar desde las que generar espacios de esperanza.

Los lúdicos poemas de un filósofo vagabundo adicto al amor Diego Mega, 2024-03-26 Diego Mega accede al pedido que le hace un personaje peculiar, Scacco, que es la recopilación de sus poemas a través de la publicación de un libro. Pero es tan extravagante y grandioso este personaje que Diego decide de una manera ingeniosa, crear una historia en paralelo que describa a Scacco en su genialidad y adicción; utilizando para ello la historieta y lo burlesco. Y aunque Scacco pide la no exposición mediática, de la cual se refugia en su condición de vagabundo, le seduce jugar con los lectores y los cruza en una propuesta interactiva de la que Diego sólo tendrá que ser intermediario en las redes virtuales. Autor y coautor cambian de roles constantemente y parece el vicio apoderarse de ambos. La exacerbada libertad de Scacco parece incitar a Diego a romper también con algunas convenciones literarias. Y en este juego que han armado de manera medio inconsciente, puede

escondese la llave de una disyuntiva exitosa. El género lírico y narrativo, con sus subgéneros, están a flor de piel en esta obra. Lo cual hará que directa o indirectamente deje contento a todo tipo de público.

Las doradas manzanas del sol (NE) Ray Bradbury, 2020-01-16 Una antología de relatos del gran Ray Bradbury. Veintidós relatos, todos encantadores. Desde historias de pequeñas ciudades, naves espaciales, e incluso serpientes marinas, Bradbury conjura poderosas imágenes para asombrarnos, algunos con giros asombrosos, otros no, pero todos y cada uno poseen cierto encanto. Desde el primer relato el lector es transportado al universo ilimitado de Bradbury; no en una realidad mundana, sino en fantásticos viajes a través del tiempo y del espacio. Esta particular colección fue originalmente realizada en 1953, y sigue manteniendo su actualidad; y es aquí donde reside lo maravilloso de este libro, que trata sobre la gente y los sentimientos.

Julia Uceda, conversación entre la memoria y el sueño Luisa Mulet, Sara Paco, Sara Pujol Russell, 2004 Recoge las distintas ponencias sobre la poetisa Julia Uceda.

La ciencia ficción y El Big Bang Miquel Barceló, Manuel Sanromà, 2008 El Big Bang es la última teoría científica que explica el origen del universo. Este libro recuerda los descubrimientos más destacados de la historia hasta llegar al último, el Big Bang, que es analizado con detalle. La ciencia-ficción ha llegado al gran público a través del cine y la televisión. Este libro describe con detalle la evolución del género narrativo e incluye una lista de los libros imprescindibles.

Zen en el arte de escribir Ray Bradbury, 2020-09-08 ¡Reeditamos un clásico para celebrar el centenario Ray Bradbury! Once exuberantes ensayos sobre el placer de escribir por uno de los más imaginativos y prolíficos autores del siglo veinte, un escritor que disfrutaba en verdad de su oficio. Bradbury examina con sabiduría y entusiasmo toda una vida dedicada a la creación y a la composición de docenas de cuentos, novelas, guiones de películas, obras de teatro, programas de televisión y musicales. Refrescantes y directos, todos ellos tienen en común: escribir es una celebración, no una pesada tarea. Nos habla de la fiebre, el ardor, la felicidad que él ha encontrado en el acto de escribir y nos dice que estos hallazgos también pueden ser nuestros. La necesidad de plasmar en el papel aquello que permanece sumergido en el inconsciente durante mucho tiempo no puede ser una ardua tarea dirigida a lectores o críticos, sino a uno mismo.
