The Return of the Gods Jonathan Cahn, 2022-09-06 NEW YORK TIMES Best-Selling Author From the author that brought you 6 New York Times best-selling books including *The Harbinger*, *The Book of Mysteries*, *The Oracle* and *The Harbinger II* Is it possible that behind what is taking place in America and the world lies a mystery that goes back to the gods of the ancient world...and that they now have returned? *The Return of the Gods* is the most explosive book Jonathan Cahn has ever written. It is so explosive and so revealing that no description here could do it justice. Jonathan Cahn is known for revealing the stunning mysteries, many from ancient times, that lie behind and are playing out in the events of our times. But with *The Return of the Gods*, Cahn takes this to an entirely new level and dimension. *The Return of the Gods*, Cahn takes the reader on a journey from an ancient parable, the ancient inscriptions in Sumer, Assyria, and Babylonia that become the puzzle pieces behind what is taking place in our world to this day, specifically in America. Is it possible that what we in the modern world take as nothing more than ancient mythology could actually possess a reality beyond our fathoming? Who is the Possessor? The Enchanter? The Destroyer? And the Sorceress? Could a sign that has appeared all over America and the world be linked to the gods of Mesopotamia? And if so, what does it actually mean? Could the gods have returned to New York City and an ancient mythology played out on the streets in real time? Is it possible that the gods lie behind everything from what appears on our computer monitors, our televisions and movie screens; to the lessons given in our classrooms; to the breakdown of the family; to wokism; to the occult; to our addictions; to the Supreme Court; to cancel culture; to children's cartoons; to every force and factor that has transformed the parameters of gender; to that which appears in our stores, on our T-shirts, and on our coffee mugs—to that which is, at this very moment, transforming America and much of the world? Is it possible that behind all these things are ancient mysteries that go back to the Middle East and ancient Mesopotamia? This and so much more, most of which we can't even reveal in this description, will be uncovered. *The Return*

of the Gods is not only one of the most explosive books you'll ever read but also one of the most profound. It will reveal the most stunning secrets and truths behind what is happening before your eyes in America and the nations. You will see things, even in your world, in a whole new light. While Alexander prepares to face Colin's army in the south, Andrew makes the perilous journey through Novania to seek Thomas' whereabouts and offer what aid he can. Traveling at his side is Rynn, a powerful mage with the ability to manipulate and form ice. When they fail to locate Thomas after days of searching, Andrew is forced to seek the aid of the Corodan. He has a long and bloody history with their people, and was responsible for the death of their previous Hive-queen. Uncertain if the Corodan will cooperate, but faced with no other hope of locating his brother, he ventures into the heart of the Corodan lands. The New Apostolic Reformation, Trump, and Evangelical Politics Damon T. Berry, 2023-06-29 Whilst many assume that conservative evangelical support for Trump is motivated by his position on social issues such as abortion and LGBTQ rights, or a nostalgia for an imagined American golden age, this book shows that the reality is much more complex by looking at a more recent and understudied trend of Evangelicalism in America. Damon T. Berry examines how leaders within the New Apostolic Reformation (NAR), a charismatically inclined Evangelical movement, claim their support for Trump came from alleged prophetic visions that compelled them to defend Trump's candidacy, and to continue to defend his presidency, re-election against demonically inspired, Marxist, "Deep State" enemies. In this conspiratorial cosmology, spiritual warfare through prayer and political activism is the duty of the faithful so that they might protect Trump as God's anointed leader and war against malevolent, unpatriotic forces that oppose him, the nation, and God himself. Working from primary source materials produced by leading figures among the NAR, Berry argues that this conspiratorial discourse is central to NAR support for Trump's candidacy, presidency, and re-election effort, and that this discourse has come to shape some of the most important debates among American religious conservatives in the 21st century.
