The True Story of Fake News Mark Dice, 2017-11-03 Is fake news being spread through social media as part of an information war? Are political operatives publishing disinformation to smear the opposition and help their own agendas? Who creates fake news, how does it spread, and can it be stopped? What are the real world effects of fake news stories that go viral? Did it affect the outcome of the 2016 presidential election? Or is 'fake news' a fake problem, designed to justify tighter control over the mechanisms of sharing information online to drive audiences back to brand name media outlets because their audiences and influence are dwindling? Media analyst Mark Dice takes a close look at the fake news phenomenon and the implications of mega-corporations like Facebook, Google, and Twitter becoming the ultimate gatekeepers and distributors of news and information. You will see the powerful and deceptive methods of manipulation that affect us all, as numerous organizations and political activists cunningly plot to have their stories seen, heard, and believed by as many people as possible. The depths of lies, distortions, and omissions from traditional mainstream media will shock you; and now they're colluding with the top tech companies trying to maintain their information monopolies. This is The True Story of Fake News.

Liberalism Mark Dice, 2018-11-13 It's as if we're living in an episode of the Twilight Zone. Every day we are inundated by news reports, trending topics on social media, and new political movements promoting such bizarre beliefs about race, gender, sexuality, and life in general, that it's impossible in many cases to distinguish whether such ideas are serious or if they're a parody of what liberalism has become. The political differences between liberals and conservatives used to be pretty well established, but recently the tug of war between the Left and the Right took a dramatic and disturbing turn. Modern liberalism has been replaced with new mind-boggling agendas promoting the adoption of unscientific, authoritarian, and sociologically disastrous ideologies. In attempts to accomplish their plans, the Left are conspiring to end freedom of speech, traditional families, long-cherished holidays, and hope to implement a new world order. Who is behind this madness? What is their ultimate goal? How far are they willing to go to achieve it? And what can we do to stop them? Bestselling author and media analyst Mark Dice takes you on a tour inside the minds of those constructing this new social landscape in his groundbreaking investigation: *Liberalism: Find a Cure*.

The Bilderberg Group Mark Dice, 2015-05-25 Every spring since 1954, a group of approximately one hundred of the

world's most powerful businessmen, politicians, media moguls, and international royalty meet in secret for several days to discuss the course of the world. Called the Bilderberg Group after the Bilderberg Hotel in Oosterbeek, Holland where their first meeting was held, this off the record annual gathering is said to be where the globalist puppet masters plot and scheme. Does this group of power elite develop new political, economic, and cultural policies that are then covertly implemented by their underlings? Do they choose who our world leaders will be, including the next president of the United States? Is the Bilderberg Group a shadow government? Are they the Illuminati? Why has the mainstream media had a complete blackout regarding their meetings for decades? Who attends? And who pays for it? Is this "just another conference?" Or, are the "conspiracy theorists" right? What is the evidence? How were they first discovered? What are they doing? And should the public be concerned? Secret society expert Mark Dice will show you the hidden history, financial records, and some of the insider leaks showing how this small group's consensus has staggering effects on the political landscape of the world, global economies, wars, and more, as he uncovers The Bilderberg Group: Facts & Fiction.

Big Brother Mark Dice, 2011-01-21 In Big Brother: The Orwellian Nightmare Come True, Mark Dice details actual NSA high-tech spy systems, mind-reading machines, secret government projects, and emerging artificial intelligence programs that seem as if they came right out of George Orwell's novel Nineteen Eighty-Four. Orwell's famous book was first published in 1949, and tells the story of a nightmarish future where citizens have lost all privacy and are continuously monitored by the omniscient Big Brother surveillance system which keeps them obedient to a totalitarian government. The novel is eerily prophetic as many of the fictional systems of surveillance described have now become a reality. Mark Dice shows you the scary documentation that Big Brother is watching you, and is more powerful than you could imagine. - The National Security Agency - Facial Recognition Scanners - Mind Reading Machines - Neural Interfaces - Psychotronic Weapons - Orwellian Government Programs - The Nanny State - Orwellian Weapons - Artificial Intelligence - Cybernetic Organisms - A Closer Look at 1984 - Our Social Structure - The Control of Information - Perpetual State of War - The Personification of the Party - Telescreens - A Snitch Culture - Relationships in Shambles - A Heartless Society - Foreign Countries Painted as Enemies - Power Hungry Officials - An Erosion of the Language - Double Think - And More! The Georgia Guidestones Raymond Wiley, KT Prime, 2020-04-17 The remarkable true story of the gigantic granite slabs, engraved with messages, that appeared in 1980 and still puzzle the public to this day. The Georgia Guidestones are a collection of standing stones near Elberton, Georgia. Built in 1980 by an unknown party, they are primarily composed of six slabs of granite: one central pillar, four major stones that fan out from the center, and a capstone. The capstone has engravings on all four of its sides in four different ancient languages, all of which translate to Let these be guidestones to an Age of Reason. Also engraved is a set of ten guidelines that have provoked controversy, speculation, and rumors of

conspiracies stretching far beyond northeast Georgia. Conspiracy theorists surmise a global plot on the part of a group of shadowy men to subjugate and oppress the world's population and create a new world order. Others believe that the man behind the monument was a Rosicrucian, and that the stones are representative of that group's magical manifesto. Some people even believe that it is a landing site for an alien spacecraft of some kind. At the heart of this confusion is the missing piece of the puzzle: who was the mystery man who started the entire chain of events? This fascinating book explores the whole story, examining what we know—and what we don't.

Causing Trouble Mark Dice, 2012-10 Every boy growing up causes trouble, but not like Mark Dice and his friends. They didn't steal cars, commit armed robberies, or burn down someone's house. Their trouble was different. It was more creative. It still landed them in handcuffs, on the evening news, and for Mark, ultimately getting kicked out of high school making him the talk of his small Wisconsin town. This is a memoir of his wild childhood, his crazy college life, and his adventures in California after he and his friends packed up and headed west in search of their dreams when they were 20-years-old. Some of Mark's Trouble Included: Painting obscenities consisting of 30-foot tall letters in the snow on the school football field using food coloring mixed with water in a giant weed sprayer, sending hundreds of magazine subscriptions to a teacher and checking the bill me later box, replacing the magazines in the school library with pornos, sending a fake college rejection letter to a former friend informing them that the school had changed its mind about enrolling him, police chases, making fake IDs, prank phone calls, joy riding, shoe tossing, running for class president, making crop circles, scamming months' worth of free food, stealing cable TV, printing fake vehicle registration tags, going to jail, and that's just the beginning! After many legal troubles and personal tragedy, Mark was luckily able to manage his unbridled creativity and focus it constructively. His writings on politics, spirituality, and pop culture have enlightened countless people causing them to look closely at their own life and the road that they're on and where it will ultimately lead them
