

Meaning Of Interfaith Dialogue

M. Hakan Yavuz

Interfaith Dialogue Muhammad Shafiq, Mohammed Abu-Nimer, 2011-01-01 Islam recognizes a plurality of religions and asks Muslims to respect other religions. The primary role of interfaith dialogue is to remove misunderstanding and accept difference, the aim being to generate a climate of peaceful coexistence and harmonious social relations. And this is perhaps more needed today than ever before, as mankind is increasingly called upon to exercise tolerance in a markedly volatile world, where living and working together in diversity is fast becoming the norm. Interfaith dialogue is by no means easy, defensive reaction; uncomfortable exchange and an overwhelming desire to avoid a perceived compromise of deeply held principles are some of the pitfalls that can easily cool commitment and the best of endeavors. It is here that this Guide makes an important contribution. The book is designed to guide Muslims who are interested and/or involved in building relations with those of the Jewish and Christian faiths.

Interfaith Dialogue Frederic Ntedika Mvumbi, 2009

Toward an Islamic Enlightenment M. Hakan Yavuz, 2013-01-31 M. Hakan Yavuz offers an insightful and wide-ranging study of the Gulen Movement, one of the most controversial developments in contemporary Islam. Founded in Turkey by the Muslim thinker Fethullah Gulen, the Gulen Movement aims to disseminate a "moderate" interpretation of Islam through faith-based education. Its activities have fundamentally altered religious and political discourse in Turkey in recent decades, and its schools and other institutions have been established throughout Central Asia and the Balkans, as well as western Europe and North America. Consequently, its goals and modus operandi have come under increasing scrutiny around the world. Yavuz introduces readers to the movement, its leader, its philosophies, and its practical applications. After recounting Gulen's personal history, he analyzes Gulen's theological outlook, the structure of the movement, its educational premise and promise, its financial structure, and its contributions (particularly to debates in the Turkish public sphere), its scientific outlook, and its role in interfaith dialogue. *Towards an Islamic Enlightenment* shows the many facets of the movement, arguing that it is marked by an identity paradox: despite its tremendous contribution to the introduction of a moderate, peaceful, and modern Islamic outlook-so different from the Iranian or Saudi forms of radical and political Islam-the Gulen Movement is at once liberal and communitarian, provoking both hope and fear in its works and influence.

Asian Theology on the Way Peniel Rajkumar, 2015-07-01 In this exciting volume, Peniel Rajkumar has assembled the work

of nearly twenty prominent Asian theologians, making their writings accessible to the introductory-level student. The result is an ideal introduction to the wealth of Asian theologies and the major questions they raise. It is ecumenical in scope with emphasis on the contemporary concerns within Asian theology and some attention to the development of these theologies. Regional and subject specialists capture the ongoing conversation, incorporating new emphases and trends, thus making the book a fresh introduction to Christian theology in Asia.

A Communication Perspective on Interfaith Dialogue Daniel S. Brown, 2013-01-30 Communication theory provides a compelling way to understand how people of faith can and should work together in today's tumultuous world. In *A Communication Perspective on Interfaith Dialogue*, fifteen authors present their experiences and analyses of interfaith dialogue, and contextualize interfaith work within the frame of rhetorical and communication studies. While the focus is on the Abrahamic faiths, these essays also include discussion of Hinduism and interracial faith efforts. Each chapter incorporates communication theories that bring clarity to the practices and problems of interfaith communication. Where other interfaith books provide theological, political, or sociological insights, this volume is committed to the perspectives contained in communication scholarship. Interfaith dialogue is best imagined as an organic process, and it does not require theological heavyweights gathered for academic banter. As such, this volume focuses on the processes and means by which interfaith meaning is produced.

Getting to the Heart of Interfaith Don Mackenzie, Ted Falcon, Jamal Rahman, 2009 A deeply personal journey to interfaith collaboration that offers hope for an inclusive and healing way of being together in the world. Too often religion seems to fuel more hatred than love, more conflict than collaboration. Interfaith Talk Radio's interfaith amigos--a pastor, a rabbi and an Imam--provide a rich understanding of the road to interfaith collaboration by sharing their stories, challenges and the inner spiritual work necessary to go beyond tolerance to a vital, inclusive spirituality. From their deep commitment

and lived experience, they present ways we can work together to transcend the differences that have divided us historically. Together they explore: The five stages of the interfaith journey The power of our stories The core of our traditions The promises and problems of our traditions New dimensions of spiritual identity And much more Along with inspiring insights and encouragement for tapping into the promise of interfaith dialogue, they provide practical actions, additional readings and discussion questions to help you embody their revolutionary spirit of healing.

Pathways for Inter-Religious Dialogue in the Twenty-First Century Vladimir Latinovic, Gerard Mannion, Peter C. Phan, 2016-01-26 Without question, inter-religious relations are crucial in the contemporary age. While most dialogue works on past and contemporary matters, this volume takes on the relations among the Abrahamic religions and looks forward, toward the possibility of real and lasting dialogue. The book centers upon inter-faith issues. It identifies problems that stand in the way of fostering healthy dialogues both within particular religious traditions and between faiths. The volume's contributors strive for a realization of already existing common ground between religions. They engagingly explore how inter-religious dialogue can be re-energized for a new century.

Talking Dialogue Karsten Lehmann, 2021-02-22 Throughout the last two decades, the modern dialogue movement has gained worldwide significance. The knowledge about its origins is, however, still very limited. This book presents a wide range of insights from eleven case studies into the early history of several important international interreligious/interfaith dialogue organizations that have shaped the modern development of interreligious dialogue from the late nineteenth century up to the present. Based on new archival research, they describe, on the one hand, how these actors put their ideals into practice and, on the other, how they faced many challenges as pioneers in the establishment of new interreligious/interfaith organizational structures. This book concludes with a comparison of those case studies, bringing to light new and broader historico-sociological understanding of the beginnings of international and multi-religious interreligious/interfaith dialogue organizations over more than one century. The World's Parliament of Religions / 1893 The Religiöser Menschheitsbund / 1921 The World Congress of Faiths / 1933-1950 The Committee on the Church and the Jewish People of the World Council of Churches / 1961 The Temple of Understanding / 1968 The International Association for Religious Freedom / 1969 The World Conference on Religion and Peace / 1970 The Council for a Parliament of the World's Religions / 1989-1991 The Oxford International Interfaith Centre / 1993 The United Religions Initiative / 2000 The Universal Peace Federation / 2005 Based on these analyses, the authors identify three distinct groups with sometimes-conflicting interests that are shaping the movement: individual religious virtuosi, countercultural activists, and representatives of religious institutions. Published in cooperation with the King Abdullah Bin Abdulaziz International Centre for Interreligious & Intercultural Dialogue, Vienna.

Muslims, Christians, and the Challenge of Interfaith Dialogue Jane I. Smith, 2007-10-11 The attacks of September 11, 2001 instantly heightened the American public's sensitivity toward matters of religious difference. Many Americans realized not only that non-Muslims need to learn more about Islam, but also that Muslims must better understand and articulate their own faith to themselves and others. In this volume, Jane Idleman Smith examines the current American Christian-Muslim dialogue, contextualized both through the history of Islam and of the contemporary West. As we approach the sixth anniversary of 9/11, Smith dares to ask what progress has been made through this dialogue, what happens when that dialogue fails, and what direction it will take in the years to come. Smith examines the recent theological writings of both

Catholics and Protestants about dialogue and pluralism, and shows that since 9/11 a few Muslim scholars in the West have also begun to write about these issues. Now, she argues, many Christians and Muslims are expressing their desire to move beyond theological discussion into what is often called the dialogue of engagement. As evidence, she points to initiatives among young people, women, and African Americans as they attempt to find ways to work together in local projects of justice and community service. Throughout the book, one hears the personal voices of these Muslim and Christian participants in the American interfaith dialogue. While many of the encounters between Islam and Christianity over the past 14 centuries have been peaceful, Americans know little about the history of religious interaction beyond the Crusades or the fear Europe felt in the face of the invasions of the Turks. This volume is intended to educate Americans about the great diversity of Muslims in this country while illustrating how Christians and Muslims are coming together, not only to talk to each other, but to work together for the common good.

Under the Oak Tree Ronald J. Allen, John S. McClure, O. Wesley Allen, 2013-11-06 Two trends in the early twenty-first-century intersect to give this volume immediate relevance: 1) The emerging postmodern ethos in North America is calling into question many things we have taken for granted, including the purposes of the church; and 2) our time is increasingly fractious as groups with distinct worldviews become polarized and often antagonistic. Eleven noted contributors join a growing current that sees conversation as an image to refresh our thinking about the nature and purpose of the church, and as a process in which individuals and communities with different perspectives come together for real understanding. Under the Oak Tree employs the image of Sarah and Abraham greeting three visitors under the Oaks of Mamre as an image for the church as a community of conversation, a community that opens itself to the otherness of the Bible, voices in history and tradition, others in the contemporary social and ecological worlds. Furthermore, the book shows how conversation can lead the church to action. The book takes a practical approach by exploring how conversation can shape key parts of the church's life. Topics include preaching, worship, formation, evangelism, pastoral care, mission and ecumenism, social witness, and the relationship of Christianity to other religions. Foundational chapters consider God as conversational, the church as community of conversation, and the minister as conversation leader.

Strangers or Co-Pilgrims? S. Wesley Ariarajah, 2017-11-01 This book argues that interfaith dialogue begins with the basic goal of improving Christian relationships with people of other religious traditions. But gradually we become aware that this new ministry, when taken seriously, presents many new challenges. We are forced to reexamine our approach to religious plurality, to the Bible, and to our understanding of Christian missions and our theology of religions.

Religious Soft Diplomacy and the United Nations Sherrie M. Steiner, James T. Christie, 2021-04-21 The engagement of religious diplomacy within the United Nations systems has become increasingly important for achieving the Sustainable Development Goals. The editors argue that effective religious diplomacy must reflect the great diversity of religious and

spiritual expressions within human communities. The editors argue that this can best be achieved through a worldview shift within the United Nations systems. Religious engagement in the United Nations systems has been understandably constrained by limited and formal organizational structures and conventions. However, the existing patterns of engagement mitigate against the very goals they seek to achieve. The editors argue that expanded, yet measured, religious inclusion will strengthen social cohesion in the global community. Contributors demonstrate how communities become stronger when marginalized minority voices are included in public discourse. The editors further argue that governance has a responsibility to ensure a safe environment for this interaction. The editors propose that the United Nations adopt the posture of loyal opposition, that is inherent in parliamentary democracies, to serve as a guideline for expanded religious engagement. The contributors advance this proposal with illustrations from multiple contexts that address a diverse array of social problems from perspectives rooted in theory and practice.
