

The Inquisitor Incident Recording

William John Tossell

Inquisition and Power John H. Arnold, 2013-07-20 What should historians do with the words of the dead? Inquisition and Power reformulates the historiography of heresy and the inquisition by focusing on depositions taken from the Cathars, a religious sect that opposed the Catholic church and took root in southern France during the twelfth century. Despite the fact that these depositions were spoken in the vernacular, but recorded in Latin in the third person and rewritten in the past tense, historians have often taken these accounts as verbatim transcriptions of personal testimony. This belief has prompted some historians, including E. Le Roy Ladurie, to go so far as to retranslate the testimonies into the first-person. These testimonies have been a long source of controversy for historians and scholars of the Middle Ages. Arnold enters current theoretical debates about subjectivity and the nature of power to develop reading strategies that will permit a more nuanced reinterpretation of these documents of interrogation. Rather than seeking to recover the true voice of the Cathars from behind the inquisitor's framework, this book shows how the historian is better served by analyzing texts as sites of competing discourses that construct and position a variety of subjectivities. In this critically informed history, Arnold suggests that what we do with the voices of history in fact has as much to do with ourselves as with those we seek to 'rescue' from the silences of past.

The Hammer of the Inquisitors: Brother Bernard Délicieux and the Struggle Against the Inquisition in Fourteenth-Century France Alan Friedlander, 2021-10-05 The early fourteenth century saw the resistance of the Franciscans to the conduct of the ecclesiastical Inquisition in the wake of the Cathar heresy, the crisis and destruction of the Spiritual Franciscan movement and the struggle to maintain the unity of France under Philip the Fair. The movement to suppress the Inquisition - unique in the Middle Ages - was conceived of and directed by Bernard Delicieux, one of the last leaders of the Spiritual Franciscans, whose rise to fame and involvement in these controversies forms the focus of this first monographic treatment in 70 years.

William John Tossell, 1906

The Chocolate Prophecy E.L. Ward,2020-08-30 A great evil will be coming back into the world... and in two weeks' time, it will rain chocolate. Enter the life of Jek - a humble lighthouse steward on the southern coast of Jast-Madiir. Along with his wife (whose name is Aaliyah... or was it Audrey?), Jek must daily meet the expectations of an iron-fisted dictatorship, a global dragon-Inquisition, and a clerical order of flying jellyfish-like creatures churning out new surveys at a dizzying pace. All-in-all, a fairly predictable tedium. But when any little demerit on his next inspection could cost him his life, it can be hard sometimes to keep from stressing out! Of course, if Jek knew half the things at play just beyond his sleepy shores, he would be very stressed indeed. Neighboring Tophthaera is reeling under the Twin Queens' civil war. To the north, insurrection threatens to claim the island of Maenea for the cause of "Free-Dome" - a very strange and unsettling new ideology. Even the stable nations must decide how to deal with the recent, accidental discovery of magic. And all the while, the threat of Onyxadon's inevitable return clouds every counsel. Only the strength and wisdom of the Grand Inquisitor would seem adequate to avail against these many calamities. But he has been dormant for seventy-five years now. Jek is, at best, dimly aware of such things... and perhaps better suited than anyone to be an ineffectual bystander anyway. But those luxuries are burst quite suddenly when he meets a crotchety old sailor man, only to be swept into a hair-brained Noble Quest to find the Knights of the Indigo Lodge, expose a secret Doom Fleet, and unravel the dreaded mystery of Proconsul Zedulon's infamous "Chocolate Prophecy."

A Merchant Fleet at War Archibald Hurd,2022-07-21 This is a military history text that examines the historical record of the Great War. The very nature of many of the incidents recorded in the book precluded the preparation of detailed reports at the time. This book owes whatever merit it possesses to many individuals—captains, officers, engineers, pursers, and other ministers to British sea-power—who have assisted in its preparation, whether by recounting incidents in which they took

part. The author of this historical book also explores the contribution which British seamen have made to the happiness and well-being of the world

The Centenary of Catholicity in Kentucky Benedict Joseph Webb, 1884 In addition to the history of the church in Kentucky for the century of its existence just closing, the volume contains the details of catholic emigration to the state from 1785 to 1814, with life sketches of the more prominent among the colonists, as well as of the early missionary priests of the state and very many of their successors.
