Sir George Grove

Music in the Mirror Andreas Giger, Thomas J. Mathiesen, 2002-01-01 In *Music in the Mirror*, thirteen distinguished scholars explore the concept of music, music theory, and music literature as mirror images of one another?whether real or distorted. Encompassing the history of music and music theory and literature from the Middle Ages to the present, these essays, in their reconsideration of the relationships among music, theory, and literature, offer new approaches and articulate compelling visions for future research.
