

Andreas Stettin Colour Und Style

Tao Wei

A History of Painting in North Italy, Venice, Padua, Vicenza, Verona, Ferrara, Milan, Friuli, Brescia Joseph Archer Crowe, Giovanni Battista Cavalcaselle, 1912

The Children's World of Learning, 1480-1880. Volume II, 2023-01-30 Originally published as catalogue 100 of Antiquariaat FORUM in 10 issues between 1994-2002. With an extra issue with extensive indices. The impressive Catalogue, developed into a unique reference work on Children's books, is now available in three extensive and richly illustrated volumes: a milestone in the history of Children's book production. The work illustrates and mirrors the entire history of West-European education. Besides historical schoolbooks on spelling and reading exercises, on teaching methods, arithmetic, drawing, children's literature, fairy-tales, fable books, and so on, you can find your way in popular literature and chapbooks, books on sports, games and pastimes etc. All titles are expertly described, annotated and placed in their cultural-historical context. The print edition is available as a set of three volumes (9789061941392).

Allart Van Everdingen 1621-1675 Alice I. Davies, Frederik J. Duparc, 2001 Literaturverz. S. 267 - 290

Raphael Pierluigi De Vecchi, Raphael, 2002 Giorgio Vasari qualifiait Raphaël d'artista aggraziato, artiste touché par la grâce. Sans doute s'agit-il encore de l'une des plus justes manières d'évoquer l'oeuvre de l'un des plus grands créateur de la renaissance italienne, aux côté de Michel-Ange et Léonard de Vinci. L'auteur réexamine toutes les grandes périodes de sa courte carrière, qu'il débarrasse de poncifs accumulés au fil des siècles. Il garde à l'esprit la composante la plus profonde de son art: son rapport à la beauté liée à la dialectique de l'amour terrestre et de l'amour céleste, qui au tournant du XVème et du XVIème siècles, était au coeur du débat de la philosophie d'amour, mais à laquelle il su donner une expression concrète à travers l'image. Si Raphaël était incomparable aux yeux des humanistes et des lettrés de la cour du pape Léon X c'était, selon les mots d'André Chastel rapportés par De Vecchi parce que l'on percevait, dans la perfection de la forme, une dimension métaphysique de la beauté. Tous les grands tableaux de l'artiste sont ici reproduits, mais également un nombre important de dessins et de gravures, permettent de comprendre la conception de ses oeuvres et leur diffusion. Son travail d'architecte et de décorateur (Loges, Chambres, villa Madame...)y est également abordé.
