Laura Schmitt; Jen York; Amy Bowman

Too Hot to Handle Linda Sole, 2008 Sylvie has been so badly hurt that when the dynamic Rafe Wilde comes into her life she tries to stay clear of him. He is arrogant and he thinks he has the right to walk over others, but Sylvie is having none of him--so why does she go weak at the knees every time he comes near her?

The Guerrilla Girls' Bedside Companion to the History of Western Art Guerrilla Girls, 1998-02-01 [A] tart, funny, lurid little bomb of a book. It's all p.c., of course, but not at all predictable, and a lot of righteous information gets dispersed in record time. -- BUST Magazine We were Guerillas before we were Gorillas. From the beginning, the press wanted publicity photos. We needed a disguise. No one remembers, for sure, how we got our fur, but one story is that at an early meeting, an original Girl, a bad speller, wrote 'Gorilla' instead of 'Guerilla.' It was an enlightening mistake. It gave us our mask-ularity. Ever wonder about the abundance of naked male statues in the Classical section of your favorite museum? Did you know medieval convents were hotbeds of female artistic expression? And how did those bad boy artists of the twentieth century make it even harder for a girl to get a break? Thanks to the Guerrilla Girls, those masked feminists whose mission it is to break the white male stronghold over the art world, art history--as we know it--is history. Taking you back through the ages, the Guerrilla Girls demonstrate how males (particularly white males) have dominated the art scene, and discouraged, belittled, or obscured women's involvement. Their skeptical and hilarious interpretations of popular theory are augmented by the newest research and the expertise of prominent feminist art historians. Believe-it-or-not quotations from some of the experts are sprinkled throughout, as are the Guerrilla Girls' signature masterpieces: reproductions of famous art works, slightly altered for historic accuracy and vindication. This colorful reinterpretation of classic and modern art, as outrageous as it is visually arresting, is a much-needed corrective to traditional art history, and an unabashed celebration of female artists.

Basics Film-Making 02: Screenwriting Robert Edgar, John Marland, James Richards, 2017-12-14 Basics Film-Making: Screenwriting is the second in the Basics Film-Making series and is aimed both at students on film production courses, as well as those wishing to write a short film. The book teaches the key elements of screenwriting through examining areas such as dialogue, sound, setting, shots and structure. It also provides advice to new film-makers on how to market their productions. This is an essential guide to screenwriting and will teach you to write and produce artistically satisfying shorts.

The View From Kleoboulos John Manuel,2013-01-01 In this, John Manuel's first full-length novel after having written four very successful travel memoirs about Greece, he again takes the reader into the tiny whitewashed streets of the village of Lindos on the island of Rhodes. Dean and Alyson are two young people who come together in a bar one evening in their home city of Bath, UK. Alyson's mother once worked with Brian, a musician who never quite made it, but ends up playing guitar and singing in a Lindian Bar. Quite how Brian and Christine (Alyson's mother) come to have a devastating effect on their daughter's relationship with the man of her dreams will have you gripped, both with emotion and with intrigue. A real page-turner, the perfect holiday read, *The View From Kleoboulos* is Thomas Hardy for the 21st century. Sometimes the past comes back to haunt you, but occasionally it comes back to bite.

Counting on Hope Laura Schmitt; Jen York; Amy Bowman,2010-02-25 They expected swollen bellies, imagined colorful nurseries, and envisioned bikes in their driveways. When infertility threatened their plans, all five women chose adoption to create a family. With introductions by their fertile friend Jenny, this book includes an intimate look at how Laura, Jen, Amy, Ginger, and Grace found hope as well as motherhood.

National Pastimes Katharina Bonzel,2020-01-01 Sports have long fascinated filmmakers from Hollywood and beyond, from *Bend It Like Beckham* to *Chariots of Fire* to *Rocky*. Though sports films are diverse in their approach, style, and storytelling modes, *National Pastimes* discloses the common emotional and visual cues that belie each sports film's underlying nationalistic impulses. Katharina Bonzel unravels the delicate matrix of national identity, sports, and emotion through the lens of popular sports films in comparative national contexts, demonstrating in the process how popular culture provides a powerful vehicle for the development and maintenance of identities of place across a range of national cinemas. As films reflect the ways in which myths of nation and national belonging change over time, they are implicated in important historical moments, from Cold War America to the class dynamics of 1980s Thatcherite Britain to the fragmented sense of nation in post-unification Germany. Bonzel shows how sports films provide a means for renegotiating the boundaries of national identity in an accessible, engaging form. *National Pastimes* opens up new ways of understanding how films appeal to the emotions, using myth-like constructions of the past to cultivate spectators' engagement with historical events.
