Words To Heal: A Collection of Thoughts, Quotes, and Poetry To Inspire and Empower The Soul Jenna Kandyce Linch, 2012-03-01 Words have the power to build us up and give us the source of encouragement, motivation and inspiration we need when facing challenges and hard times in life. Sometimes all it takes is that little bit of faith to ignite the spark of hope in our hearts as we keep the fire within us burning and the will to survive going strong. Words To Heal is a collection of quotes, thoughts, and poetry that I put together to help others heal, to empower them, to inspire them, to motivate them and to offer a positive glimpse of life as we see that there's so much more to life than we know and that anything is possible when we believe.

The Window Tiffany Simar, 2014-06-04 The Window is Tiffany Simar's seventh book. This is a book of solely poetry which is something that Miss Simar has been wanting to accomplish for a while now. The pieces in this book are of a variety and pick up from where her lyric/poetry book, My True Heart left off. This book may carry a Parental Advisory but don't let that keep you from purchasing a copy. The Window will open you up to more of what the author is about and her views on life, love, etc. Enjoy: -)

The News ,2010

The Inner I Brian Finney,1985 Although many works of autobiography exist, few works on autobiography have been written, and no single book has ever before been devoted to English literary autobiographies of the twentieth century. This incisive study of selected autobiographical works by British novelists, poets, and playwrights begins with *Versions of Truth*, in which Finney set out to demonstrate--using among others the works of W.H. Davies, George Orwell, Joseph Conrad, and Christopher Isherwood--the extent to which autobiographical narrative, like other forms of narrative, makes heavy use of aesthetic criteria even when the writer is most concerned with giving a completely honest version of the facts. The second section, *In Search of Self*, reviews the ways modern autobiographers have chosen to portray themselves ased on psychoanalytical insights peculiar to the 20th century. Employing the theories of Freud and Jung, Finney reads the autobiographies of Edmund Gosse, W.B. Yeats, H.G. Wells, Stephen Spender, and others to demonstrate the nature of the insights psychology has to offer readers and writers of 20th-century autobiography.
