**Joseph Conrad's Heart of Darkness** D.C.R.A. Goonetilleke, 2009-03-23 Joseph Conrad's novella, *Heart of Darkness*, has fascinated critics and readers alike, engaging them in highly controversial debate as it deals with fundamental issues of good and evil, civilisation, race, love and heroism. This classic tale transcends the boundaries of time and place and has inspired famous film and television adaptations emphasising the cultural significance and continued relevance of the book. This guide to Conrad's captivating novel offers: an accessible introduction to the text and contexts of *Heart of Darkness* a critical history, surveying the many interpretations of the text from publication to the present a selection of new essays and reprinted critical essays on *Heart of Darkness*, by Ian Watt, Linda Dryden, Ruth Nadelhaft, J. Hillis Miller and Peter Brooks, providing a range of perspectives on the novel and extending the coverage of key critical approaches identified in the survey section cross-references between sections of the guide, in order to suggest links between texts, contexts and criticism suggestions for further reading. Part of the Routledge Guides to Literature series, this volume is essential reading for all those beginning detailed study of *Heart of Darkness* and seeking not only a guide to the novel, but a way through the wealth of contextual and critical material that surrounds Conrad's text.

**Deconstruction - Derrida** Julian Wolfreys, 1998-06-22 Deconstruction - Derrida contests the notion that what Jacques Derrida does can be turned into a theory for literary interpretation. It also questions the idea that there is a critical methodology called deconstruction which can be applied to literary texts in a programmatic fashion. In this introductory study to the work of Jacques Derrida, Julian Wolfreys introduces the reader to a range of Derrida's interests and concerns, while offering readings, informed by Derrida's thought, of canonical and less well-known literary works.

**Deep Splendor** Robert P. Vande Kappelle, 2021-12-02 People concerned with spirituality are seekers; instead of possessing truth, they seek to be possessed by it. Thus, a fully spiritual person is forever learning and growing. William Blake, the seminal mystic poet who worked to bring about change both in the social order and in common ways of thinking, taught that all we need to do is cleanse the doors of perception, and we shall see things as they are--infinite. And nothing cleanses--and enlarges--the doors of perception like great literature. Whether it be poetry, a short story, a novel, historical

fiction, fantasy literature, or biographical writing, the literary experience is slightly beyond a reader's horizon of understanding. When literature enhances spirituality--as is true of the dozen or more selections examined in *Deep Splendor*--each literary moment confounds in order to keep us forever enthralled, forever longing. The authors and works examined in this study explore timeless spiritual themes such as coming of age, relationships, self-integration, the struggle of good versus evil, the nature of change, and the corruptive aspects of power. When we think about great literature, it is easy to focus objectively on the literature itself, on what makes literature bad or good. However, another essential distinction involves the reader, replacing the category good book with that of good reader. As master teacher C. S. Lewis wrote, a quality of good readers is that they seek an enlargement of their being. *Deep Splendor* will teach you how to read great literature and how to be a good reader.

**Victorian Literary Cultures** Kenneth Womack, James M. Decker, 2016-11-01 *Victorian Literary Cultures: Studies in Textual Subversion* provides readers with close textual analyses regarding the role of subversive acts or tendencies in Victorian literature. By drawing clear cultural contexts for the works under review—including such canonical texts as *Dracula*, *Jane Eyre*, *Middlemarch*, and stories featuring Sherlock Holmes—the critics in this anthology offer groundbreaking studies of subversion as a literary motif. For some late nineteenth-century British novelists, subversion was a central aspect of their writerly existence. Although—or perhaps because—most Victorian authors composed their works for a general and mixed audience, many writers employed strategies designed to subvert genteel expectations. In addition to using coded and oblique subject matter, such figures also hid their transgressive material “in plain sight.” While some writers sought to critique, and even destabilize, their society, others juxtaposed subversive themes and aesthetics negatively with communal norms in hopes of quashing progressive agendas.

*The Nineteenth-century Novel* Stephen Regan, 2001 Most undergraduate literature courses begin with a compulsory survey course on the novel. *The Nineteenth-Century Novel: A Critical Reader* fills a real gap in the market as no other book provides such a comprehensive selection of contemporary and modern essays and reviews on the most important novels of the period. By bringing together a range of material written across two centuries, it offers an insight into the changing reception of realist fiction and a discussion of how complex debates about the meaning and function of realism informed and shaped the kind of fiction that was written in the nineteenth century. The novels discussed are: *Northanger Abbey*, *Jane Eyre*, *Dombey and Son*, *Middlemarch*, *Far From the Madding Crowd*, *Germinal*, *Madame Bovary*, *The Woman in White*, *The Portrait of a Lady*, *The Awakening*, *Dracula*, *Heart of Darkness*.

Timothy Findley's Novels Between Ethics and Postmodernism Dagmar Krause, 2005 Timothy Findley (1930-2002) is one of the most important contemporary Canadian writers. His novels have been classified as postmodern, exhibiting characteristic features such as parody, historiographic metafiction, and hybrid genres. This classification of Findley as a

postmodern writer, however, largely neglects the fact that Findley is deeply committed to the exploration of certain ethical and political themes. Recurring topics in his work are, for instance, fascism, environmental concerns, and the problem of responsibility. Sparked off by the fascinating question of how postmodernism and ethics can be reconciled at all, and inspired by the so-called ethical turn in the literary theory of the 1990s, this study supplies a closer look at Findley's ethics with regard to its postmodern potential. A detailed analysis of five of his novels (*The Wars*, *Famous Last Words*, *Not Wanted on the Voyage*, *The Telling of Lies* and *Headhunter*) explores the ethical dimension of Findley's work and its consequences for his categorization as a postmodern writer.

**Movement of the Heart** Hee-Kyu Heidi Park, 2024-07-29 Your word is a lamp to my feet and a light to my path (Ps 119:105)." An avid Bible-reader reflects, 'As the Lord leads, the lamp illuminates my path, step by step.' Such small step makes sense when connected to another inspirational moment, marked by her deeply moved heart. 'The movement of the heart' emerges as a recurring phenomenon in the in-depth interviews with dedicated Bible readers who share powerful narratives of their Bible-reading journey's ups and downs. By unraveling the psychological, spiritual, and cultural dimensions of this heart-moving experience, this book forges a fresh practical theology of Bible reading.
