

Historia Del Arte Libro

Karl Woermann

La historia del arte Ernst Hans Josef Gombrich, Rafael Santos Torroella, 2011 La historia del arte es uno de los libros dedicados al arte más famosos y populares nunca escritos y ha sido un best-seller durante medio siglo. Durante cinco décadas no ha tenido ningún rival como introducción al arte en su totalidad, abarcando desde las pinturas rupestres primitivas hasta el arte experimental contemporáneo. Atraídos por la claridad y simplicidad de su narrativa, lectores de todas las edades y condiciones han encontrado en el profesor Gombrich al auténtico maestro, que combina el conocimiento y sabiduría con un don único para comunicar su profundo amor por el arte. La historia del arte debe su amplia difusión a lo directo y espontáneo de su estilo, así como a la clara exposición del autor. Este libro siempre ha sido admirado por dos cualidades: es un placer de leer y un placer de manejar, combina un texto que fluye suavemente con un diseño claro, simple y de accesible formato. En su nueva edición, la 16a de este clásico, está destinada a seguir siendo punto de referencia indispensable para las nuevas generaciones, así como la primera fuente de información para los recién llegados al mundo del arte. Ernst Gombrich nació en Viena y se trasladó a Gran Bretaña en 1936. Pasó gran parte de su vida trabajando en el instituto Warburg de la Universidad de Londres, donde fue director desde 1959 hasta su retiro en 1976. Su 'jubilación' vio la publicación de numerosos libros, artículos y ensayos y la concesión de numerosos honores internacionales, incluidos el título de Sir y la Orden del Mérito. En 1994 la ciudad de Frankfurt le concedió el premio Goethe. Su best seller *The Story of Art*, publicada por primera vez hace 50 años, continúa deleitando e informando a los estudiantes del mundo entero.

Historia del Arte: Una breve introducción Dana Arnold, 2021-05-13 En este libro concebido para el público general aficionado al arte y al estudiante que da sus primeros pasos en la materia, Dana Arnold proporciona un conocimiento básico sobre los aspectos fundamentales de la cultura visual. La obra aporta asimismo un análisis claro y conciso sobre los debates que existen dentro de la disciplina y permite al lector equiparse con las herramientas básicas necesarias para su estudio, cubriendo cronológica y temáticamente una gran variedad de cuestiones relacionadas con ella. Con todo, el principal objetivo de estas páginas es expresar lo mucho que podemos aprender del arte, así como sugerir diversas vías para disfrutarlo cuando lo miramos o pensamos acerca de él, y también cuando comprendemos su relación con nosotros mismos.

Historia mundial del arte John Fleming, Hugh Honour, 2004-12-10 Nueva edición de este clásico de la Historia del arte, con un enfoque global que abarca no sólo las artes de Europa y América, sino también las de Asia y Oceanía, y en el que se

presta especial atención a las llamadas artes industriales. El texto se completa con más de 1.400 ilustraciones, entre las que se incluyen mapas, planos y esquemas arquitectónicos.

Historia del Arte I José Manuel Lozano Fuentes, 2000 Estructurado bajo un enfoque constructivista, editado a todo color y escrito con el lenguaje ameno e interesante que caracteriza al doctor Lozano, este libro cuenta con apoyos pedagógicos que lo hacen muy interesante y práctico para la apreciación de las artes.

Lo que los libros de Historia del Arte no quieren que sepas Blanca Guilera, 2024-03-14 LA HISTORIA DEL ARTE NO ES ABURRIDA ¿Sabrías decir qué tienen en común Frida Kahlo y Taylor Swift? ¿O qué elementos unen al artista prerrafaelita Millais con el triángulo amoroso de Crepúsculo? ¿Y si te digo que un inocente bodegón esconde algunos de los autorretratos más alucinantes de la historia del arte? ¿Te puedes creer que existen cuadros de Caravaggio que son la confesión de un crimen? ¿Y que hay un dibujo que confirma el shippeo de Lorca y de Dalí? ¿O que en la mitología griega hubo un Heartstopper trágico? ¿Y sabías que existe un perfil de Tinder medieval? ¡Descubre las mejores curiosidades, anécdotas y simbolismos ocultos de las obras más icónicas, y vibra como nunca con la historia del arte!

Literatura española sobre artes plásticas / 2 José Enrique García Melero, 2012-07-01 Este Manual comprende el análisis de la literatura artística española desde la aparición de la imprenta y su difusión en el siglo XVI hasta finales del XIX, dividido en dos volúmenes: el primero de ellos dedicado al período comprendido entre aquella centuria y el XVIII, y el segundo a ésta última.

El pequeño libro de la historia del arte Cristina Méndez, 2024

Breve historia del Arte Carlos Javier Taranilla de la Varga, 2014-06-17 Con prólogo de JUAN ESLAVA GALÁN Al final la lectura deviene la música de un río ancho y calmo que nos arrastra junto con los objetos que expresan la cultura del mundo hacia un océano apacible de remansadas sensaciones y conocimientos. Un acierto pleno y una obra que, estoy seguro, va a ocupar un lugar importante en la bibliografía del tema. ¿Una obra madura y acabada, en dosis sabiamente combinadas del ensayo histórico, de la crítica de arte y del informe técnico, todo ello en un techo de impecable carpintería expositiva, urdido con la maestría del que sabe y la pedagogía del que sabe explicar?. (Juan Eslava Galán) Desde las venus de la fertilidad hasta el hiperrealismo y Le Corbusier. Conozca la inspiradora creación plástica del ser humano a lo largo de los tiempos. Breve historia del arte presenta las creaciones plásticas del ser humano desde una perspectiva asequible para el

gran público. Con el rigor y la importancia que cada tema merece, se tratan también todos los aspectos humanos y legendarios que han hecho posible la obra artística. Se explican las obras de arte y el porqué de su elaboración desde el plano técnico, histórico, religioso, social o político. Todos los aspectos que han determinado la creación humana. El propósito de Carlos Javier Taranilla de la Varga es que el lector se sienta atraído por este texto. Para ello, además de proporcionarle una información rigurosa y necesaria que le permita situarse en el momento histórico artístico que estamos desarrollando, destacamos los aspectos más significativos y enigmáticos de cada época. Sabemos que la historia del arte se halla envuelta en un proceso paralelo al desarrollo de la condición humana. Muchas veces, el arte no ha hecho más que reflejar los misterios insondables de cada tiempo. Razones para comprar la obra: - La obra tiene una redacción muy amena, intercalando el rigor histórico propio de esta colección con mitos, leyendas y supersticiones que facilitan la lectura. - Esta Breve Historia se aleja de la visión eurocéntrica tradicional en este tipo de ensayos aportando una visión universal, incluyendo como elemento diferencial el arte de Extremo Oriente y de Iberoamérica. - La obra tiene un punto de vista global, pues explica la historia del arte a partir de las circunstancias históricas, morales e ideológicas que ha fraguado la creación artística a lo largo del tiempo. - El libro contiene una gran cantidad de material gráfico, imágenes, ilustraciones, cuadros resumen y finaliza con un glosario de términos artísticos y técnicas que permiten una mejor comprensión de la obra. Para comprender una obra de arte hay que conocerla a fondo. Este libro explica los motivos que impulsaron a cada artista y estilo a realizar el arte que ha llegado hasta nosotros.

Historia del arte sin hombres ,

El pequeño libro de la historia del arte Cristina Méndez Cuadrado, 2024-02-23 Un recorrido esencial por el mundo de la historia del arte. Si te haces un lío entre el Rococó y el Manierismo o entre el Modernismo y el Impresionismo, este pequeño libro, muy práctico y accesible, te llevará de la mano a través de las distintas corrientes y épocas artísticas de la historia. Entiende de una vez la diferencia entre los órdenes arquitectónicos clásicos (dórico, jónico y corintio), y disfruta de las mejores obras artísticas de la historia de la humanidad a la vez que aprendes a situarlas en su contexto histórico y etapa artística. Descubre cómo la evolución de la historia del arte ha esculpido la sensibilidad artística actual y la forma en la que entendemos hoy el arte. En este pequeño gran libro hallarás información relacionada con: · Las primeras obras de arte de la historia de la humanidad, como las pinturas rupestres de las cuevas de Lascaux o piezas como la Venus de Willendorf. · Las maravillas del arte antiguo, como la tumba de Tutankamón, el Partenón o el palacio de Sargón II en Khorsabad. · Los tesoros del arte bizantino, islámico, románico y gótico durante la Edad Media. · Las mejores pinturas y obras de ingeniería del arte contemporáneo y sus autores, de Van Gogh a Andy Warhol, de Gustave Eiffel a Frank Gehry.

La historia del arte explicada a los jóvenes Miquel Caralt Garrido, Fernando Casal, 2012-05-10 ¿Cuándo y dónde empieza el arte? ¿Cómo era el arte de la Prehistoria? ¿Cuáles son las características del arte Clásico? El término Románico,

¿tiene algo que ver con Roma? ¿Cómo son las portadas de las catedrales góticas? ¿Qué es el Renacimiento? ¿Cómo transformó Napoleón la ciudad de París? ¿El Modernismo y el Art Nouveau son lo mismo? ¿Cuál fue el primer cuadro impresionista? ¿Qué son las Vanguardias? Los profesores Casals y Caralt responden a estas preguntas y muchas más en esta clara y accesible introducción a la historia del arte occidental. Desde la Prehistoria hasta la construcción del Museo Guggenheim de Frank Gery de Bilbao a finales del siglo XX, esta obra realiza un recorrido ágil y entretenido por los principales períodos de la historia del arte presentándonos a sus artistas y sus características principales. Además el libro incluye un pliego de imágenes en color para ilustrar las obras más importantes de cada período.

Historia del arte en todos los tiempos y pveblos: Periodo del renacimiento (1400-1550) Karl Woermann, 1924
Historia del arte en todos los tiempos y pveblos Karl Woermann, 1923

Historia de la crítica del arte Lionello Venturi, 2016-11-04 El ensayo más célebre de uno de los intelectuales y pensadores más decisivos de la historia del arte contemporánea. Las páginas del presente libro abarcan un vastísimo período que va de la era clásica a la contemporánea. Sin limitarse únicamente a señalar y comentar textos pertenecientes explícitamente a la denominada literatura artística, esta rica y amplia investigación ofrece una pormenorizada historia de las ideas, de las teorías, de las apreciaciones, de la toma de posición que atañe al arte figurativo desde hace siglos. La actitud de los críticos, de los pensadores, de los artistas es analizada con la intención de destacar el curso cambiante de las reflexiones sobre el arte y hacer emerger sus momentos cruciales, restituyendo así la condición misma del arte a lo largo de la historia. Reseña: «El gran Lionello Venturi, en Historia de la crítica del arte, lamentaba la dicotomía planteada, en el mundo moderno, entre historia y crítica de arte. Tal conflicto, años después de su advertencia, continúa vigente.» Francisco Calvo Serraller, El País

Historia del arte Ernst Hans Gombrich, 1992 Historia del arte/E.H. Gombrich. - v.1.
