**The Friends We Keep** Susan Mallery, 2017-01-01 In this insightful and compelling story from book club favorite Susan Mallery, three close friends test the boundaries of how much a woman can give before she has nothing left. After five years as a stay-at-home mom, Gabby Schaefer can't wait to return to work. No demanding toddlers, no stepdaughter throwing a tantrum. Staying pregnant is the hard part. Her husband is frantic about the threat to her health, but to Hayley, a woman who was born to be a mom should risk everything to fulfill her destiny—no matter how high the cost. A great new guy tempts her to believe maybe the second time's the charm...but how can she trust herself to recognize true love?

**Mr. Fix-it Introduces You to Your Home** Lou Manfredini, Curtis Rist, 2002 “Whether you are building, updating, or just trying to get the toilet to stop leaking, Lou Manfredini has found a way to take the intimidation out of your relationship with

your home. He brings out the ‘Mr. Fix-It’ in all of us. Thanks Lou!” —MATT LAUER How well do you know your home, or the house you are planning to buy? How does it feel? Is it sturdy, solid, built to last? Are there things to look for or warning signs to heed? If there’s a drip in the sink or a major leak in the roof, can you repair it on your own? If not, who should you call and who can you trust? Just ask Lou Manfredini, a.k.a. Mr. Fix-It. A house, he insists, is more than a pile of lumber and bricks. A house is more like a living, functioning organism—one that doesn’t come with a set of instructions. And whether you want to maintain, repair, or renovate your home, the more you know about your house, the more likely you are to get the job done right. Quality always shows and, without exception, adds comfort, beauty, and value to your home. In this fun, friendly, fully-illustrated guide, Mr. Fix-It provides a walking tour of your house, from basement to attic, floor to ceiling, and helps you untangle the wiring behind the walls, the piping snaking its way to sinks and bathrooms, and the workings of windows and walls. The result: you’ll have a clear understanding of the systems that make up your house, and gain the expert knowledge to proceed with any job, big or small—whether you’re hiring a contractor or doing it yourself. Discover • How your house works: an anatomy lesson • The wonders of water—where it comes from and where it goes • Getting wired—the magic of electricity • Windows—ways to bring in the sunshine and keep out the drafts • The joys of being floored—good floor construction and maintenance • Wall Power—it’s not what’s on them but what’s in them that counts • Decorating secrets the pros don’t like to share Plus Mr. Fix-It’s sixty-minute home inspection, an essential tool list, and an ABC glossary of terms: from air duct to weatherstripping! With his relaxed, neighborly style, Lou Manfredini is the trusted friend every home owner wishes they had—someone who knows houses. A must-have guide for both inexperienced and seasoned homeowners, Mr. Fix-It Introduces You to Your Home will help you spend your money wisely, avoid getting ripped off, create the house of your dreams . . . and turn your home into a castle that will endure and delight for years to come.
