Graveyard of Memories (a John Rain Novel) Barry Eisler,2017-07-05 Graveyard of Memories (A John Rain Novel) By Barry Eisler

Rain Fall Barry Eisler,2003 A Japanese-American assassin who specializes in natural cause killings finds his carefully ordered world coming under siege in the wake of a government official's murder, with which he has been falsely connected, a situation that is complicated by his attraction to the victim's daughter. Reprint.

Graveyard of Memories Barry Eisler,2014 From the author of Rain Fall comes a new thriller in the John Rain series. Original.

Zero Sum Barry Eisler,2017 Returning to Tokyo in 1982 after a decade of mercenary work in the Philippines, a young John Rain learns that the killing business is now controlled by Victor, a half-Russian, half-Japanese sociopath who has ruthlessly eliminated all potential challengers. Victor gives Rain a choice: kill a government minister or die a grisly death. But the best route to the minister is through his gorgeous Italian wife, Maria, a route that puts Rain on a collision course not only with Victor but with the shadowy forces behind the Russian's rise to dominance--and the longings of Rain's own conflicted heart. It's a battle between kingpin and newcomer, master and apprentice, a zero-sum contest that can only end with one man dead and the other the world's foremost assassin.

Rain Storm Barry Eisler,2005 Accepting an assignment from the CIA to take out an arms dealer who is supplying criminal groups in Southeast Asia, assassin-for-hire John Rain finds the job compromised by a rival assassin and the fear that he is being set up. Reprint.

Asian Martial Arts in Literature and Movies Michael DeMarco, M.A.,2016-08-05 Most learn about martial arts through movies and print publications, primarily fictional. Fiction is drama, the blood of drama is conflict, and martial arts are rooted

in conflict, writes James Grady in chapter one. Good fiction uses martial arts well, while poor writing skills can be plain boring! This anthology is a collection of fifteen articles that cover the richness and depth of Asian martial arts in both movies and literature. After look over the array of topics, I decided to utilize writings by James Grady for the two introductory chapters. Grady is an internationally renowned writer and investigative journalist known for his nail-biting thriller novels. His early novel was adapted to film as *Three days of the Condor* (1975) starring Robert Redford. Grady has since written over a dozen wonderful novels and in between wrote two excellent pieces for the *Journal of Asian Martial Arts*: one dealing with movies and another with literature. The following chapters are greatly enriched by the informative contents in Grady's chapters. Details about movie-making are provided in the interview with producer Andre Morgan (*Enter the Dragon*, *Walter Texas Ranger*, *Martial Law*, etc.), plus the inside scoop in the publishing and film industries in the interview with multifaceted Curtis Wong. Actor/producer/kickboxing champion Don Wilson provides insights from both sides of the camera in his interview. Among the chapters are Albert Dalia's exposition of China's "wandering martial hero" stories that have roots reaching back two thousand years; Christopher Bates' excerpt from Xiang Kairan's *Tales of Chivalrous and Altruistic Heroes*; and Olivia Mok's research and translations of sections of *Fox Volant of the Snowy Mountain*, a Louis Cha's novel of 1959. In the latter, Mok extricates references to *dianxue*—the methods of attacking vital points. We also have fiction focusing on Japanese and Chinese martial traditions by John Donohue, Peter Graebner, John DeRose, and John Gilbey's (aka, Robert W. Smith)—each highlighting combative experience, theory and technique with cultural trimmings. Interviews with Barry Eisler and Author Rosenfeld give insight into scholar/practitioners whose published novels contain text colored by their knowledge of the martial arts and culture. We hope you'll find this book captivating, exciting, heroic, spellbinding, content rich, fascinating, penetrating . . .

The Successful Novelist David Morrell, 2008 David Morrell has been a successful novelist for more than forty years, an eternity when many literary careers end after twenty years. His debut novel *FIRST BLOOD* introduced the character of Rambo, an international icon that became the basis for a blockbuster movie franchise. His classic espionage novel *THE BROTHERHOOD OF THE ROSE* was the basis for the only television miniseries to be broadcast after a Super Bowl. An Edgar, Anthony, and Macavity nominee, David received three Bram Stoker awards and the prestigious thriller master award from International Thriller Writers, among other honors. During his numerous decades in the publishing world, David has seen vast changes, and yet the principles of effective fiction writing remain the same. Using a conversational tone that will make you think he is actually speaking to you, he describes every facet of writing fiction, including the all-important "Why do you want to do something this insane?" His chapters about description and dialogue will instantly improve your writing. His discussions about the business of writing and the world of Hollywood will give you a rare insider's look behind closed doors. His advice about how to get published and about self-publishing will help you chart your course. But *The Successful Novelist*

is more than a how-to book. It will teach you about yourself as well as about your writing. It will help you find your own unique voice and subject matter, the essential elements of a long, successful career. Praise for THE SUCCESSFUL NOVELIST "This is the best guidebook to both writing and the business of writing that I've ever read." —Peter Straub, New York Times bestselling author of Ghost Story "I found the acute observations and [David Morrell's] narrative philosophy more valuable for the new writer than the contents of any 100 other texts." —Dean Koontz, New York Times bestselling author of Innocence "If this book had been available when I started writing, I could have saved myself some miles, some heartache, and a lot of typewriter ribbons. The Successful Novelist is the vehicle you want if you plan to drive your way to successful fiction." —Joe R. Lansdale, New York Times bestselling author of Edge of Dark Water "David Morrell's not just a fine writer; he's also a great and generous teacher. This book's a keeper." —Lawrence Sanders, New York Times bestselling author of A Walk among the Tombstones "David Morrell isn't just one of the best thriller writers out there; he's one of the finest writers alive today. A preeminent novelist as well as storyteller." —Providence Journal

The Tell-Tale Art Christine A. Jackson, 2011-11-16 Greed and guilt, near-indecipherable codes, murder plots born of madness--these motifs drive the best modern mysteries, but they are rooted in the early nineteenth century and the carefully constructed fiction of Edgar Allan Poe. Poe's methods of storytelling and suspense remain relevant, reappearing in detective novels and on screens large and small. This work examines a wide selection of today's mystery and thriller novels, films, television programs, and video games to explore Poe's ongoing influence on popular entertainment. Authors such as Michael Connelly, Stieg Larsson and Dennis Lehane, television shows like *The Closer* and *Dexter*, and movies from *Laura* and *Vertigo* to *Shutter Island* and *The Girl with the Dragon Tattoo* all receive attention. The popularity of Poe's narratives in these contemporary guises is testimony to his visionary genius. Instructors considering this book for use in a course may request an examination copy here.

A Lonely Resurrection Barry Eisler, 2014-10-14 Previously published as *Hard Rain* and *Blood from Blood* All John Rain wants is to get out of the killing business. But with his discretion, his reliability, and his unique talent for death by natural causes, no one is willing to let him just retire. So when an old nemesis from the Japanese national police force comes to him with a new job--eliminate Murakami, a killer even more fearsome than Rain himself--Rain knows he can't refuse. Aided by an achingly desirable half Brazilian, half Japanese exotic dancer he knows he shouldn't trust, Rain pursues his quarry through underground no-holds-barred fight clubs, mobbed-up hostess bars, and finally into the heart of a shadow war between the CIA and the yakuza. It's a war Rain can't win, but also one he can't afford to lose--a war where the distinctions between friend and foe and truth and deceit are as murky as the rain-slicked streets of Tokyo. ...a superlative job...entertaining and suspenseful enough to keep you turning the pages as fast as your eyes can follow. --Chicago Sun Times

Noir Fiction and Film Lee Clark Mitchell, 2021 The argument of *Noir Fiction and Film* is curiously counterintuitive: that

in a century of hard-boiled fiction and detective films, characteristics that at first seemed trivial swelled in importance, flourishing into crucial aspects of the genre. Among these are aimless descriptions of people and places irrelevant to plot, along with detectives consisting of little more than sparkling dialogue and flippant attitudes. What weaves together such features, however, seems to be a paradox: that a genre rooted in solving a mystery, structured around the gathering of clues, must do so by misdirecting our attention, even withholding information we think we need to generate the suspense we also desire. Yet successful noir stories and films enhance that suspense through passing diversions (descriptive details and eccentric perspectives) rather than depending on the center pieces of plot alone (suspected motives or incriminating traces). As the greatest practitioners of the genre have realized, the how of detective fiction (its stylistic detours) draws us in more insistently than the what or the who (its linear advance). And the achievement of recent film noir is to make that how become the tantalizing object of our entire attention, shorn of any pretense of reading for the plot, immersing us in the diversionary delight that has animated the genre from the beginning.
