Innocenzo Bellocchio

Torno su i "loro" passi - Le locations delle copertine dei 45 giri italiani dagli anni '50 agli anni '70 Innocenzo Bellocchio, 2017-10-25 Torno sui Loro passi è un libro che unisce la passione per la musica leggera italiana dagli anni '50 agli anni '70 con la passione per le locations attraverso la ricerca dei luoghi immortalati su molte copertine di 45 giri italiani di quel periodo. Una specie di viaggio geografico-musicale lungo la Penisola con qualche puntata all'estero, alla ricerca di posti talvolta immutati e talvolta resi quasi irriconoscibili dai cambiamenti inferti dal tempo trascorso. Ma questo è anche un elenco di cantanti famosi e di vere e proprie meteore del panorama canoro di quegli anni, materia per collezionisti incalliti di vinile. La copertina, spesso considerata un accessorio secondario del disco ne è, invece, una parte integrante e complementare ed è la vera protagonista di questo libro composto da oltre 150 schede ricche di foto, curiosità e note biografiche dei protagonisti.

Fostering Culture Through Film Elda Buonanno Foley, Patrizia Comello Perry, 2016-05-11 The perceived lack of understanding of cultural diversity in the American learning community has led instructors to challenge assumptions and stereotypes while addressing misconceptions. Teachers of foreign languages and cultural studies, in particular, feel the need to redesign curricula and lesson plans to better serve the learning community of the twenty-first century. The common starting point resides in the paradox that exists in today's connected world; while global access to information makes learners aware of the infinite variety of cultural diversity, it does not, however, make them critical thinkers. For this reason, there is opportunity to reshape critical thinking within a more global perspective, while enhancing the tools to identify, interpret, and compare the different cultural models that learners encounter. The book demonstrates the theories and practical applications by which instructors use contemporary film to provide insightful readings on diverse local communities, communities that form the basis of global culture. This collection of essays will serve as a pedagogical tool and resource, offering methods and examples of a communicative approach to analyze and integrate cultural diversities, similarities, and problems in the second language curricula, methods that expose students to different cultural models while scaffolding their critical approach to multiple layers of common and specific values. This work will encourage a dialogue and long-lasting conversation on methodologies and teaching strategies rethought, reapplied, and remolded to the new learning environments.

Rome, Postmodern Narratives of a Cityscape Dom Holdaway, 2015-10-06 Until the mid-twentieth century the Western imagination seemed intent on viewing Rome purely in terms of its classical past or as a stop on the Grand Tour. This collection of essays looks at Rome from a postmodern perspective, including analysis of the city's 'unmappability', its fragmented narratives and its iconic status in literature and film.
