John A. Jillions

The School World ,1911

Divine Guidance John A. Jillions,2020-01-24 The twenty-first century opened with the religiously-inspired attacks of 9/11 and in the years since such attacks have become all too common. Over against the minority who carry out violence at God's direction, however, there are millions of believers around the world who live lives of anonymous kindness. They also see their actions as guided by the divine. How is divine guidance to be understood against the background of such diametrically opposed results? How to make sense of both Osama bin Laden and Mother Teresa? In order to answer this question, John A. Jillions turns to the first-century world of Corinth, where Jews, Gentiles, and early Christians intermixed and vigorously debated the question of divine guidance. In this ancient melting pot, the ideas of writers and poets, philosophers, rabbis, prophets, and the apostle Paul confronted and complemented each other. These writers reveal a culture that reflected deeply upon the realities, ambiguities, and snares posed by questions of divine guidance. Jillions draws these insights together to offer an outline for the twenty-first century and suggest criteria for how to assess perceived divine guidance. Jillions opens a long-closed window in the history of ideas in order to shed valuable light on this timeless question.

It examines the ways in which these texts were created, disseminated and read. Beside covering the major Roman historical authors such as Livy and Tacitus, he also considers the contributions of authors in other genres like: * Cicero * Lucian * Aulus Gellius. Literary Texts and the Roman Historian provides an accessible and concise introduction to the complexities of Roman historiography.

The ^AEmpire of the Black Sea Duane W. Roller,2020-04-22 This book provides the most comprehensive general history of the kingdom of Pontos, from its mythic origins in Greek literature (e.g., Jason and the Golden Fleece) to its violent

destruction by the late republic of Rome. It includes detailed discussions of Pontos' cultural achievements-a rich blend of Greek and Persian influences-as well as its political and military successes under Mithridates VI, who proved to be as formidable a foe to Rome as Hannibal.
