Thoughts of Marcus Aurelius Emperor of Rome Marcus Aurelius, 2022-05-28 In *Thoughts of Marcus Aurelius*, the Roman Emperor presents a profound collection of personal reflections known as the *Meditations*. Crafted in a straightforward yet eloquent style, these writings embody the core tenets of Stoicism, emphasizing rationality, virtue, and inner peace amidst the turmoil of life. Meditations Marcus Aurelius, 2016-12-15 *Meditations* is a series of personal writings by Marcus Aurelius, Roman Emperor from 161 to 180 AD, recording his private notes to himself and ideas on Stoic philosophy. Marcus Aurelius wrote the 12 books of the *Meditations* in Koine Greek as a source for his own guidance and self-improvement. It is possible that large portions of the work were written at Sirmium, where he spent much time planning military campaigns from 170 to 180. Some of it was written while he was positioned at Aquincum on campaign in Pannonia, because internal notes tell us that the first

book was written when he was campaigning against the Quadi on the river Granova (modern-day Hron) and the second book was written at Carnuntum. It is unlikely that Marcus Aurelius ever intended the writings to be published and the work has no official title, so *Meditations* is one of several titles commonly assigned to the collection. These writings take the form of quotations varying in length from one sentence to long paragraphs.

The Meditations of Marcus Aurelius Marcus Aurelius,2011-05 *Meditations* (thoughts/writings addressed to himself) is a series of personal writings by Marcus Aurelius, Roman Emperor 161-180 CE, setting forth his ideas on Stoic philosophy. Marcus Aurelius wrote the 12 books of the *Meditations* in highly-educated Koine Greek as a source for his own guidance and self-improvement. It is possible that large portions of the work were written at Sirmium, where he spent much time planning military campaigns from 170 to 180. Some of it was written while he was positioned at Aquincum on campaign in Pannonia, because internal notes tell us that the second book was written when he was campaigning against the Quadi on the river Granova (modern-day Hron) and the third book was written at Carnuntum. It is not clear that he ever intended the writings to be published, so the title *Meditations* is but one of several commonly assigned to the collection. These writings take the form of quotations varying in length from one sentence to long paragraphs. His stoic ideas often involve avoiding indulgence in sensory affections, a skill which, he says, will free a man from the pains and pleasures of the material world. He claims

that the only way a man can be harmed by others is to allow his reaction to overpower him. An order or logos permeates existence. Rationality and clear-mindedness allow one to live in harmony with the logos. This allows one to rise above faulty perceptions of good and bad. (wikipedia.org)

Thoughts of Marcus Aurelius Marcus Aurelius,2015-03-23 Thoughts of Marcus Aurelius from Marcus Aurelius. Roman Emperor from 161 to 180 (121-180).

The Meditations of Marcus Aurelius. Translated, Annotated Marcus Aurelius,2016-11-03 Marcus Aurelius Antoninus Augustus (26 April 121 - 17 March 180 AD) was Roman Emperor from 161 to 180, the last of the so-called Five Good Emperors. He was a practitioner of Stoicism, and his untitled writing, commonly known as the Meditations, is the most significant source of the modern understanding of ancient Stoic philosophy. There is no doubt that the Emperor's Reflections - or his Meditations, as they are generally named - are a genuine work. In the first book he speaks of himself, his family, and his teachers; and in other books he mentions himself. It was the doctrine of Marcus Aurelius that most of the ills of life come to us from our own imagination, that it was not in the power of others seriously to interfere with the calm, temperate life of an individual, and that when a fellow being did anything to us that seemed unjust he was acting in ignorance, and that instead of stirring up anger within us it should stir our pity for him. Oftentimes by careful self-examination we should find that the fault was more our own than that of our fellow, and our sufferings were rather from our own opinions than from anything real. The circle of man's knowledge is very limited, and the largest circles do not wholly include the smallest. They are intersecting and the segment common to any two is very small. Whatever lies outside this space does not exist for both. Hence arise innumerable contests. The man having the largest intelligence ought to be very generous to the other. Being thankful that he has been blessed in so many ways, he should do all in his power to enlighten his less favored fellow, rather than be angry with him on account of his misfortune. This edition of The Meditations includes: - Translation by Jeremy Collier. - Introduction and Notes by Alice Zimmern.
