**A Dictionary of Symbols** J. E. Cirlot, 2023-07-11 This classic encyclopedia of symbols by the renowned Spanish poet illuminates the imagery of myth, modern psychology, literature, and art. J. E. Cirlot's *A Dictionary of Symbols* is a feat of scholarship, an act of the imagination, and a tool for contemplation, as well as a work of literature—a reference book that is as indispensable as it is brilliant and learned. Cirlot was a composer, poet, critic, and champion of modern art whose interest in surrealism helped introduce him to the study of symbolism. This volume explores the space between the world at large and the world within, where nothing is meaningless, and everything is in some way related to something else. Running from "abandonment" to "zone" by way of "flute" and "whip," spanning the cultures of the world, and including a wealth of visual images to further bring the reality of the symbol home, *A Dictionary of Symbols* is a luminous and illuminating investigation of the works of eternity in time.
