Semantic Interpretation and the Resolution of Ambiguity Graeme Hirst,1987 Semantic interpretation and the resolution of ambiguity presents an important advance in computer understanding of natural language. While parsing techniques have been greatly improved in recent years, the approach to semantics has generally improved in recent years, the approach to semantics has generally been ad hoc and had little theoretical basis. Graeme Hirst offers a new, theoretically motivated foundation for conceptual analysis by computer, and shows how this framework facilitates the resolution of lexical and syntactic ambiguities. His approach is interdisciplinary, drawing on research in computational linguistics, artificial intelligence, montage semantics, and cognitive psychology.

Trout Fishing in America Richard Brautigan,1969

Richard Brautigan John F. Barber,2014-12-09 Best known for his novel Trout Fishing in America, American writer Richard Gary Brautigan (1935-1984) published eleven novels, ten poetry collections, and two story collections, as well as five volumes of collected work, several nonfiction essays, and a record album of spoken voice recordings. Brautigan's idiosyncratic style and humor caused him to be identified with the counterculture movement of the 1960s. The authors of many of these 32 essays knew Brautigan personally and professionally; others came to know and respect him through a cultivated connection with his writings. The essays--many of which are new, others of which were published in obscure journals--combine personal remembrance of the man and critical appraisal of his still-controversial works. Includes previously unpublished photographs and artworks.

Ways of the Hand Bruce Jackson,2022-10-01 Honorable Mention, for the 2022 Foreword INDIES Book of the Year

Award in the Photography Category Rocker Rod Stewart, Jackson says, had it wrong when he titled his breakthrough album *Every Picture Tells a Story*. Pictures don't tell stories—but many of them call to mind stories or have stories about their making. Throughout his sixty-year career as folklorist, ethnographer, criminologist, filmmaker, and journalist, Bruce Jackson has taken photographs of family, friends, people he worked with, people he studied, and people he encountered. *Ways of the Hand* includes 112 of his favorite portraits, portraits in which the hands are often as expressive as the faces. In six sections, Jackson shares photographs of notable musicians, political figures, activists, actors, artists, and writers. These portraits are accompanied by stories of how and where they were taken and the stories they invoke or reflect. The result is a stunning visual and narrative memoir of a lifetime of encounters.

Landscapes of Language: Richard Brautigan's Fiction John Tanner, 2013-10-01 In the late 1960s and early 1970s, Richard Brautigan was a counter-cultural celebrity, a writer that the would-be hip just had to read. The problem was that his fame did not rest on the considerable literary virtues of his work but, to a great extent, on a hippie image exemplified by the photograph of him on the cover of his breakthrough novel, *'Trout Fishing in America'*. When nobody wanted tie-dye shirts and gurus any more, they didn't want Brautigan either. Academics have followed the public's lead: this is the first book-length study of Brautigan in English for 30 years. Its purpose is to reclaim Brautigan's reputation. Dr. John Tanner analyses Brautigan's fiction against the background of the cultural and literary upheavals from which it emerged and demonstrates that Brautigan is no mere Sixties curio but an innovative and vibrant American voice ignored for far too long.

Beat Culture William T. Lawlor, 2005-05-20 The coverage of this book ranges from Jack Kerouac's tales of freedom-seeking Bohemian youth to the frenetic paintings of Jackson Pollock, including 60 years of the Beat Generation and the artists of the Age of Spontaneity. *Beat Culture* captures in a single volume six decades of cultural and countercultural expression in the arts and society. It goes beyond other works, which are often limited to Beat writers like William Burroughs, Charles Bukowski, and Michael McClure, to cover a wide range of musicians, painters, dramatists, filmmakers, and dancers who found expression in the Bohemian movement known as the Beat Generation. Top scholars from the United States, England, Holland, Italy, and China analyze a vast array of topics including sexism, misogyny, alcoholism, and drug abuse within Beat circles; the arrest of poet Lawrence Ferlinghetti on obscenity charges; Beat dress and speech; and the Beat pad. Through more than 250 entries, which travel from New York to New Orleans, from San Francisco to Mexico City, students, scholars, and those interested in popular culture will taste the era's rampant freedom and experimentation, explore the impact of jazz on Beat writings, and discover how Beat behavior signaled events such as the sexual revolution, the peace

movement, and environmental awareness.

Making Art Work W. Patrick McCray, 2020-10-20 The creative collaborations of engineers, artists, scientists, and curators over the past fifty years. Artwork as opposed to experiment? Engineer versus artist? We often see two different cultural realms separated by impervious walls. But some fifty years ago, the borders between technology and art began to be breached. In this book, W. Patrick McCray shows how in this era, artists eagerly collaborated with engineers and scientists to explore new technologies and create visually and sonically compelling multimedia works. This art emerged from corporate laboratories, artists' studios, publishing houses, art galleries, and university campuses. Many of the biggest stars of the art world--Robert Rauschenberg, Yvonne Rainer, Andy Warhol, Carolee Schneemann, and John Cage--participated, but the technologists who contributed essential expertise and aesthetic input often went unrecognized.

Liberation Christopher Isherwood, 2024-01-17 Candid and revealing, the final volume of Christopher Isherwood's diaries brings together his thoughts on life, love, and death. Beginning in the period of his life when he wrote Kathleen and Frank, his first intensely personal book, *Liberation: Diaries 1970-1983* intimately and wittily records Isherwood's immersion in the 1970s art scene in Los Angeles, New York, and London—a world peopled by the likes of Robert Rauschenberg, Ed Ruscha, Andy Warhol, and David Hockney, as well as his Broadway writing career, which brought him in touch with John Huston, Merchant and Ivory, John Travolta, John Voight, Elton John, David Bowie, Joan Didion, and Armistead Maupin. With a preface by Edmund White, *Liberation* is a rich and engaging final memoir by one of the most celebrated writers of his generation.
