Buy Back Your Time Dan Martell, 2023-01-17 Wall Street Journal Bestseller Learn to conquer the one real hurdle to scaling your company and growing rich: Time How you use your free time will make or break your success. The secret? It's not about working harder or finding more time to do work. It's about designing the freedom to engage in the high-value work that brings you energy and fulfillment. This is at the heart of the message that has made Dan Martell the world's most popular SaaS (Software-as-a-Service) coach. Now, in his first book, *Buy Back Your Time*, he teaches entrepreneurs at every level how to scale their business, fast, while avoiding burnout. Trading money for time—that is, literally buying back free space in your calendar—will give you more financial success than you ever dreamed was possible. With over two decades of experience as a serial entrepreneur and founder, Dan Martell will teach you the secrets to work less and play more while building an empire. He'll dig into the practical steps that will allow you to start buying back time immediately, while also developing operating procedures and hiring practices that will ensure rapid and robust growth. And he will teach you how to invest in your newfound time wisely—at work and at home—so you keep building your empire while living your best life. *Buy Back Your Time* is the definitive guide for entrepreneurs at every level on how to succeed in business while enjoying more freedom than you ever imagined.

Artificial Intelligence and Machine Learning for Business for Non-Engineers Stephan S. Jones, Frank M. Groom, 2019-11-22 The next big area within the information and communication technology field is Artificial Intelligence (AI). The industry is moving to automate networks, cloud-based systems (e.g., Salesforce), databases (e.g., Oracle), AWS machine learning (e.g., Amazon Lex), and creating infrastructure that has the ability to adapt in real-time to changes and learn what to anticipate in the future. It is an area of technology that is coming faster and penetrating more areas of business than any other in our history. AI will be used from the C-suite to the distribution warehouse floor. Replete with case studies, this book provides a working knowledge of AI's current and future capabilities and the impact it will have on every business. It covers everything from healthcare to warehousing, banking, finance and education. It is essential reading for anyone involved in industry.
