How to Make and Use Talismans Orry Whitehand,2015-03-01 A talisman is an object which can be carried or worn, which is decorated with symbols and words focused towards a certain purpose, and which has been magically 'charged' so that it will continually exert a magical influence until that purpose has been brought to pass. A talisman is usually designed to achieve a single specific goal, such as gaining a new job, or being successful in a court case. An amulet is intended for long term use, exerting a sustained influence for an indefinite period of time. It may be to attract good luck, for example, or to offer permanent protection against malicious forces or disease. But the actual process of designing, creating and charging the two categories is identical, so this booklet covers both purposes. This booklet will provide the full practical knowledge to create and charge a talisman or amulet for any purpose, and will provide basic symbolic suggestions for doing so that are universally applicable. The following matters are explored and explained thoroughly: What materials should a talisman be

made from? What words and symbols should be inscribed upon it? Some sample talismans How to charge the finished talisman What to do when the talisman has fulfilled its purpose Readers will find a complete set of instructions on the practice of successful talismanic magic in this booklet.

The Unveiled World Robert Ziefel,2014-06-29 Return with Dean and his friends to their second year of Demongate High, the only supernatural school on Earth. There are new talismans to make, new powers to explore, and evils, thought defeated, that may yet have their way. As a totally new power is discovered within certain individuals, strange things start happening around the school. Dreams of events long past start to surface as if they could come true in the future, but that's impossible, isn't it? Does this new power pose a danger to the very world? Osman thinks so, because if what he sees gets worse, Heaven itself might start bleeding into our world. But how can it be cut off, when it seems to stem directly from the All-Father? What's worse, Dean, Yasui, and Christina find out Seers can't tell their fortune. Does it have something to do with those people they don't know who recognized them last year? What exactly happened to them in the past? And what does it mean for their futures?

The High Magic of Talismans and Amulets Claude Lecouteux,2014-05-14 A comprehensive study of the use of talismans and amulets in the Western Mystery Tradition • Provides an in-depth look at the medieval and Renaissance use of amulets and talismans, including the work of Agrippa, Albertus Magnus, and Athanasius Kircher • Provides a full summary of the magical knowledge required to make an amulet or talisman, including the invocations required to activate their powers • Reviews different kinds of amulets and talismans, from ancient jewelry and magical objects to the modern rabbit's foot or lucky horseshoe The use of talismans and amulets stretches back nearly to the dawn of man, from everyday items magically prepared, such as horns or coins, to intricate and beautiful jewelry imbued with protective powers. Drawing on his private collection of medieval manuscripts as well as his privileged access to the rare book archives of major European universities, Claude Lecouteux provides a comprehensive history of the use of talismans and amulets for protection, healing, and divine influence. He explores their use in the Western Mystery Tradition as well as Eastern and Middle Eastern beliefs about these magical objects and their incorporation--despite Church anathema--into the Christian tradition of Medieval Europe. Reviewing many different kinds of amulets and talismans used throughout the ages, such as a rabbit's foot, horseshoe, gris-gris bag, or an inscribed parchment charged through ritual, he details the principles and symbology behind each object and shows that their use is still as widespread today as any time in the past. Lecouteux explains the high magic behind the hermetic art of crafting amulets and talismans: the chains of sympathy, astrological geography, and the invocations required to activate their powers. He explores the work of adepts such as Agrippa, Albertus Magnus, and Athanasius Kircher, including an in-depth look at Kircher's work on planetary seals in his Oedipus Aegyptiacus. Illustrated throughout with period art depicting magical symbols, seals, and a wide array of talismans and amulets, this comprehensive study provides a practical guide to the historical development and step-by-step creation of magical objects.
