RDC : administrer l'Etat selon les règles de l'art Jean Otemikongo Mandefu Yahisule, 2020-01-09 Cet ouvrage dresse la cartographie des disciplines universitaires de base s'intéressant à l'administration comme la variable importante, sinon prépondérante, susceptible d'infl uencer l'efficacité de l'État. Il décrypte, ensuite, les progrès accomplis dans sa modernisation et les obstacles à la réalisation des missions qui lui sont assignées par le pouvoir. Il indique, enfin, les règles de l'art à suivre pour la transformer en une véritable administration du développement et de fourniture des services.

Religious Symbols and the Intervention of the Law Sylvie Bacquet, 2019-06-11 In contemporary pluralist states, where faith communities live together, different religious symbols and practices have to coexist. This may lead to conflicts between certain minority practices and the dominant majority, particularly around the manifestation of belief in the public domain which may be seen both by the religious and secular majorities as a threat to their cultural heritage or against the secular values of the host country. The law has to mitigate those tensions in order to protect the public from harm and preserve order but in doing so, it may where necessary have to limit citizens' ability to freely manifest their religion. It is

those limitations that have been disputed in the courts on grounds of freedom of religion and belief. Religious symbols are often at the heart of legal battles, with courts called upon to consider the lawfulness of banning or restricting certain symbols or practices. This book analyses the relationship between the state, individuals and religious symbols, considering the three main forms of religious expression, symbols that believers wear on their body, symbols in the public space such as religious edifices and rituals that believers perform as a manifestation of their faith. The book looks comparatively at legal responses in England, the U.S.A and France comparing different approaches to the issues of symbols in the public sphere and their interaction with the law. The book considers religious manifestation as a social phenomenon taking a multidisciplinary approach to the question mixing elements of the anthropology, history and sociology of religion in order to provide some context and examine how this could help inform the law.

Ethique économique et endettement extérieur dans les pays de la CEMAC Richard Ondji'I Toung,2009-05-01

L'endettement extérieur couplé à la pauvreté est un problème majeur des économies des pays de la Communauté Economique et Monétaire de l'Afrique Centrale(CEMAC). Pour l'auteur la réflexion éthique vient nourrir la réflexion économique et financière pour l'orienter vers des préoccupations où les valeurs tiennent lieu d'objectifs. En particulier, la responsabilité de rendre justice à l'humain incombe aussi bien aux débiteurs qu'aux créanciers, acteurs principaux du jeu de l'emprunt international.

Mercenaires et sociétés militaires privées Franck Boulot,2010 Le monopole de la défense et de la violence doit-il rester étatique ? L'Etat n'est-il pas conduit, faute de moyens financiers, à consentir des réductions ou des partages de ses compétences ? L'externalisation, c'est-à-dire le recours à un tiers privé pour prendre en charge tout ou partie du soutien

logistique, ne peut être réduite à un mode d'organisation ou à une forme de gestion de la dépense publique. Elle pose la question cruciale de la ligne rouge à ne pas dépasser. La réflexion sur l'externalisation est indissociable de celle relative au coeur de métier militaire, lequel ne peut se réduire à la seule fonction de combattant. Jusqu'où peut-on aller dans le démembrement de la fonction logistique sans altérer les capacités opérationnelles des forces ? Que nous apprennent les sociétés militaires privées ? Des Etats-Unis à la France, des ouvertures aux dérives, Franck Boulot signe un panorama complet, fouillé et richement documenté des multiples questions autour de la privatisation de la défense. Sur un sujet polémique et terriblement d'actualité, il offre un ouvrage de référence, rare et pertinent, bien au-delà de la technique juridique ou de l'expertise économique.
