

Lucy Bloom The Manuscript

Charlotte Brontë, Clement King Shorter

The Manuscript Lucy Bloom, 2023-03 Fast paced, funny and ferocious, The Manuscript is a novel about a novel, and the unexpected ways that life smacks you in the face. When author Edith Scott finds herself free in many ways, she switches genres to write a book about war and men. As she learns hard lessons from the men in her life, who chew her up and spit her out, Edith writes them into the plot, killing them off with delight. But what she doesn't know is that real life is dealing with them in a parallel reality too brutal for words.

Current Eye Research ,1987

Image and the Office of the Dead in Late Medieval Europe Sarah Schell, 2025-10-01 Image and the Office of the Dead in Late Medieval Europe explores the Office of the Dead as a site of interaction between text, image, and experience in the culture of commemoration that thrived in the fourteenth and fifteenth centuries. The Office of the Dead was a familiar liturgical ritual, and its perceived importance and utility are evident in its regular inclusion in devotional compilations, which crossed the boundaries between lay and religious readers. The Office was present in all medieval deaths: as a focus for private contemplation, a site of public performance, a reassuring ritual, and a voice for the bereaved. Examining the images at the Office of the Dead and related written, visual, and material evidence, this book explores the relationship of these images to the text in which they are embedded and to the broader experiences of and aspirations for death.

Islamic Manuscripts of Late Medieval Rum, 1270s-1370s Cailah Jackson, 2020-09-04 Meticulously analysing 15 beautifully decorated Arabic and Persian manuscripts, Cailah Jackson traces the development of calligraphy and illumination in late medieval Anatolia before the rise of the Ottoman Empire

Families in Jeopardy Roddey Reid, 1993 This interdisciplinary study shows how a new commercial and learned print culture attempted to write and regulate individual and collective practices in terms of a master idiom of family, sexuality, and gender upon which a post-revolutionary national community would turn. Offering a radical new approach to family and textuality in the field of cultural and literary studies, the author argues that from its very inception this print culture - from domestic manuals to public health reports and, most notably, prose fiction - promoted new norms of behavior and selfhood, not through narratives of idealized family life, but instead by means of a rhetoric of danger, lack, and pathology. The book follows familial discourse as it assigns deficient or illicit behaviors to ever wider social groups, from the Old Regime nobility and the traditional bourgeoisie to the new middle classes, urban workers, and the peasants in the countryside to, finally, the new social elites of the late nineteenth century. The author describes how the lack of normative family and sexuality became the primary tactic for designating social others within the social body and for reworking social and gender identities so as to authorize new knowing practices and expertise and new objects of knowledge and discipline. Furthermore, through analyses of novels by Bernardin de Saint-Pierre, Sue, Balzac, Sand, Zola, and Gide, the author demonstrates that the peculiar force of the French novel resided in its power to reach wide, newly literate audiences and to inscribe new identities and desires through the reading process. Finally, the book proposes the provocative thesis that because of these tales of threatened or failed family life the domestic conjugal household has never worked, even down to our time; it has always been in crisis, endangered by forces from without and within, and thus in constant need of protection and renewal.

Philip Roth Ira Bruce Nadel, 2021 In *Philip Roth: A Counterlife*, Ira Nadel exposes the multifaceted disposition of this major voice in American letters: Roth the realist, the ironist, the ventriloquist, the impersonator, the bard. In navigating the intricacies and dualities of the public and private Roth, Nadel shows the complexities, the contradictions, and the counterlives both lived and imagined. As literary sleuth, Nadel has enriched the myriad possibilities for understanding this exacting and defiant writer and his work. Professor Nadel's study is always very readable and compelling but its discussion of material that has never been accessed before is particularly exciting. *Philip Roth: A Counterlife* engages and illuminates the scenes of discontent, betrayal, illness, and rage in Roth's own life that allow for new understandings of his work and relationships. Drawing on such primary source material as interviews, personal correspondence, and site visits, Nadel's biography penetrates the carefully composed narrative Roth presented publicly in order to present a 'counter' Philip Roth, one who is at once more sympathetic to his readers than critics realize and more dynamic than even his self-creation allows. Nadel seamlessly weaves his interpretations of Roth's most provocative texts into the story of Roth's own life: a life shadowed by pain, illness, and personal injustices but also illuminated by the joys of writing, ideas, and friendships that will persist long after his death. Book jacket.
