

Prussian Landwehr Napoleonic Wars

Peter Hofschröer

Prussian Landwehr of the Napoleonic Wars Dr. Stephen Summerfield, 2018

The Prussian Army During the Napoleonic Wars George F. Nafziger, 1996-07-01

Napoleonic Wars Frederick C. Schneid, 2012-07-01 It is only in the past two decades that English-speaking scholars have fully breached European language barriers, permitting a comprehensive reexamination of the Napoleonic Wars beyond the limitations of English-, French-, and German-dependent works. This new volume in the Essential Bibliography Series examines the changing nature of Napoleonic historiography and provides the student and scholar an invaluable guide to those changes.

Conscription in the Napoleonic Era Donald Stoker, Frederick C. Schneid, Harold D. Blanton, 2008-10-09 This edited volume explores conscription in the Napoleonic era, tracing the roots of European conscription and exploring the many methods that states used to obtain the manpower they needed to prosecute their wars. The levée-en-masse of the French Revolution has often been cited as a 'Revolution in Military Affairs', but was it truly a 'revolutionary' break with past European practices of raising armies, or an intensification of the scope and scale of practices already inherent in the European military system? This international collection of scholars demonstrate that European conscription has far deeper roots than has been previously acknowledged, and that its intensification during the Napoleonic era was more an 'evolutionary' than 'revolutionary' change. This book will be of much interest to students of Military History, Strategic Studies, Strategic History and European History.

Prussian Napoleonic Tactics 1792-1815 Peter Hofschröer, 2011-10-20 Written by an expert on the Prussian army of the Napoleonic era, this is a fascinating insight into the 18th-century evolution of the Prussian forces into the war-winning troops of the final battles against Napoleon. Using contemporary materials including drill regulations, instructions, staff and regimental histories and after-action reports, this book provides a compelling history of Prussian tactics from 1792 until 1815. It includes studies of the professional Prussian army during the Revolutionary Wars and the mass mobilization of a conscript army that fought during the Wars of Liberation and Waterloo. Following on from the success of Osprey's other Elite Tactics volumes, this is a must-have for serious students of Napoleonic warfare, armchair generals, and wargamers alike.

Napoleon; a History of the Art of War: From Lützen to Waterloo, with a detailed account of the Napoleonic

wars Theodore Ayrault Dodge,1907

Napoleon's Hundred Days and the Politics of Legitimacy Katherine Astbury,Mark Philp,2018-02-12 This book examines the politics of legitimacy as they played out across Europe in response to Napoleon's dramatic return to power in France after his exile to Elba in 1814. Napoleon had to re-establish his claim to power with initially minimal military resources. Moreover, as the rest of Europe united against him, he had to marshal popular support for his new regime, while simultaneously demanding men and money to back what became an increasingly inevitable military campaign. The initial return - known as 'the flight of the eagle' - gradually turned into a dogged attempt to bolster support using a range of mechanisms, including constitutional amendments, elections, and public ceremonies. At the same time, his opponents had to marshal their resources to challenge his return, relying on populations already war-weary and resentful of the costs they had had to bear. The contributors to this volume explore how, for both sides, cultural politics became central in supporting or challenging the legitimacy of these political orders in the path to Waterloo.

Life and Times of Stein, Or, Germany and Prussia in the Napoleonic Age Sir John Robert Seeley,1879

Life and Times of Stein, Or Germany and Prussia in the Napoleonic Age John Robert Seeley,1879

The Poles and Saxons During the Napoleonic Wars George F. Nafziger,Mariusz T. Wesolowski,Tom Devoe,1991 A complete and thorough study of the Poles and Saxons during the wars of Napoleon, including the organization, uniforms, and battlefield accounts. From the desperate actions of a handful of Poles defending a Spanish fortress to vast armies facing off to determine the fate of Europe, this lavishly illustrated work is researched from sources previously unavailable to any but the most ardent historian.

Life and Times of Stein Or Germany and Prussia in the Napoleonic Age Seeley,1879

The Prussian Army of the Lower Rhine 1815 Peter Hofschröer,2014-10-20 The Prussian Army of the Lower Rhine, led by Blücher in 1815, played a crucial part in the Allied victory at Waterloo, and was involved in intense fighting at Wavre and Ligny. Delving into original sources, including eyewitness accounts and regimental histories known only to German scholars, this book tells the story of the soldiers on the ground: how they were organised and drilled, their previous service; their march to the battlefield; and what they did when they got there. Also ideal for those interested in the actual appearance of the Prussian soldiers in 1815, this colourful study combines the latest findings and expert analysis to cast new light on the fateful Waterloo campaign.

Napoleon Theodore Ayrault Dodge,1907

The Encyclopedia of War, 5 Volume Set Gordon Martel,2012-01-17 This ground-breaking 5-volume reference is a comprehensive print and electronic resource covering the history of warfare from ancient times to the present day, across the entire globe. Arranged in A-Z format, the Encyclopedia provides an overview of the most important events, people, and

terms associated with warfare - from the Punic Wars to the Mongol conquest of China, and the War on Terror; from the Ottoman Sultan, Suleiman 'the Magnificent', to the Soviet Military Commander, Georgi Konstantinovich Zhukov; and from the crossbow to chemical warfare. Individual entries range from 1,000 to 6,000 words with the longer, essay-style contributions giving a detailed analysis of key developments and ideas. Drawing on an experienced and internationally diverse editorial board, the Encyclopedia is the first to offer readers at all levels an extensive reference work based on the best and most recent scholarly research. The online platform further provides interactive cross-referencing links and powerful searching and browsing capabilities within the work and across Wiley-Blackwell's comprehensive online reference collection.
