Didier Musso

The Hendersons One Family's Legacy Pamela Douglas Brust,2019-02-14 Pioneers and patriots, the Henderson family left behind a legacy of historical treasures in word and deed, allowing an unprecedented look into the past. Their Victorian-era plantation home, constructed in the 1800s and listed on the National Register of Historic Places, is a living monument to those who walked its halls in an unbroken chain of five generations. Family patriarch Alexander Henderson arrived in Virginia in the 1700s, earning the title of Father of the American Chain Store, counting founding fathers George Washington and George Mason among his friends. He sent three of his sons to what was then the wilds of the Mid-Ohio Valley. The Hendersons took part in what may be the only duel recorded north of the Ohio River and played a role in thwarting the treasonous exploits of Aaron Burr. Some family members also served on both sides during the Civil War, surviving turmoil, treachery, and tragedy.

The Van Horn Family History Francis M Marvin,1929 This is a genealogy of the Van Horn family through the lineage of Jan Cornellissen Van Hoorn (1642-1692) and those families related to them.

Daschle vs. Thune Jon K. Lauck,2016-04-18 The story behind the unseating of a Senate majority leader the race between Tom Daschle and John Thune in South Dakota was widely acknowledged as “the other big race of 2004.” Second in prominence only to the presidential race, the Daschle-Thune contest pitted the rival political ideologies that have animated American politics since the 1960s. In a sign of the ongoing strength of political conservatism, Daschle became the first Senate leader in fifty years to lose a re-election bid. Historian Jon K. Lauck, a South Dakotan who was an insider during that heated campaign, now offers a multilayered examination of this hard-fought and symbolically charged race. Blending historical narrative, political analysis, and personal reflection, he offers a close-up view of the issues that divide the nation—a case study of the continuing clash between liberalism and conservatism that has played out for more than a generation in U.S. politics. Daschle vs. Thune moves beyond the nitty-gritty of public policy to deftly show how the recent past continues to

shape the ongoing political battles that animate pundits and bloggers. It is a compelling story told by a writer who knows both his home ground and how it fits into the wider U.S. context.

Lost Legacy Irene M. Bates, E. Gary Smith, 1996 The hereditary office of Presiding Patriarch of the Church of Jesus Christ of Latter-day Saints, first occupied by the father of the Mormon prophet, Joseph Smith, had long seemed the focal point of a struggle for authority between those appointed and those born to leadership positions. Irene Bates and E. Gary Smith, who conclude that the office's demise in 1979 was inevitable, chronicle its history and find it to be a classic example of Max Weber's theory of the routinization of charisma. From the creation of the patriarchal office in 1833 to its demise, the authors illuminate the tensions between the leadership circle of the Council of Twelve, headed by Brigham Young, and the potential rival power center of the Patriarch. This struggle is related, in turn, to the one between the Smith family and the rest of the Mormon leadership. Also illuminated are recurrent struggles between the president and the Twelve over the patriarchal issue. Bates and Smith argue that the real source of dissonance between the patriarchs and other church leaders was the impossibility of melding familial authority (the Patriarch) with official authority (the structured leadership of the growing church).
